War Dep't Pension Office
April 21, 1818.

Sir,

Finding that great impositions are likely to be practised upon the Government (without the possibility of detection,—the original records having been destroyed some years ago) in relation to revolutionary claims to pension under the law of Congress of the 18th of March ultimo; I have the honor to apprise your Excellency that it would be highly desirable for this Department to possess the original, or transcript-pay rolls of the Continental Army belonging to the line of Delaware; together with such other information touching the services of these revolutionary claimants, as your Excellency may suggest, and which perhaps can only be derived from the records of the several Executive officers of the state of Delaware within your control.

With great respect & consideration,
I have the honor to be, Sir,
Your Most obt Servt
J. C. CALHOUN.

His Excellency
The Governor
of Delaware.

(On the back of the paper:)

From the Secretary of War requesting information respecting services rendered by applicants for pensions under the act of Congress of 18 March 1818. 21 April 1818.

Office of the Secretary of State,
Dover Del., 7 Nov. 1818.

Sir.

I am directed by the Governor to reply to the letter, in which you express to him a "desire to possess the original or trans-pay rolls of the continental army belonging to the line of Delaware &c

The following are the only pay rolls of the continental army belonging to the Delaware Line that can be found in the public offices of this State, viz.

of Captain	John Learmouth's	company for the years	1777, 1778, 1779, & 1780
"	James Moore's	" "	1777, 1778, & 1779.
"	John Patten's	" "	1777, 1778, 1779 & 1780
"	Peter Jacquet's	" "	1777, 1778, 1779, & 1780
"	John Wilson's	" "	1778, 1779, & 1780
"	Enoch Anderson's	" "	1776, 1777, 1778, & 1779
"	Rober Kirkwoods	" "	1777, 1778, 1779, & 1780
"	Thomas Holland's	" "	1777,—
"	John Corse's	" "	for March 1780
"	Cord Hazzard's	" "	1777 & 1778.
Major	Joseph Vaughan's	" "	1778, 1779, & 1780
Lieut. Col.	Charles Pope's	" "	1778, 1779, & 1780
Col.	David Hall's	" "	1778, 1779, & 1780
Lieut.	Daniel P. Coxe's	" "	1778,—
"	John Rhode's	" "	1778.—

These pay rolls are generally made for each month in the year, and are therefore very voluminous, altho' none of these extend down to the close of the revolutionary war. The Governor, altho' feeling every disposition to furnish the papers asked for does not think that he should be justified in sending the originals, without the sanction of the legislature: to copy them all will require much time and great labor— and as it is likely that there are but few applicants from this State for pensions under the act of Congress of the 18 March last, of those who served in the Delaware Line, and as it is presumed that those who do apply always state the Company to which they belonged, the Governor has directed me to suggest, whether the object you have in view might not be fully accomplished by your stating the payrolls of the particular companies and for the particular years of which you need copies —and the copies of the pay rolls thus particularly designated shall be immediately transmitted to you.

If however the plan thus suggested should not be satisfactory, on information thereof, copies of all the pay rolls of the Delaware Troops in the regular army of the United States during the revolutionary war, that can be found in this State, shall be made and sent to you.

The Executive Department of the Government of this State will at all times, with great cheerfulness afford to the General Government or any Department thereof, any information it may possess in relation to any subject on which inquiry may be made.

The Honorable
J. C. Calhoun.
Secretary of War,
Washington

I have the honor to be
with great respect,
your mo. ob. sert.
H. M. Ridgely.

In the case of Samuel Oliver, a petitioner for a pension under the act of Congress, of the 18th March 1818 entitled "An Act to provide for certain persons engaged in the land and naval service of the United States, in the Revolutionary War:"

Office of the Secretary of State—Dover—29th January 1819

I certify that there are not in this office, nor elsewhere, to my knowledge, any *pay rolls* of Captain Nathan Adams' Company which belonged to and formed part of the Delaware Regiment in the service of the United States during the revolutionary war: But there is in this office, and now before me, an original paper purporting to be "A muster roll of Captn Nathan Adams Company & Delaware Regiment of Continental troops commanded by Colonel John Haslet & now in the service of the United Colonies in barracks at Dover the twelfth day of April 1776," from which it appears that a man named Samuel Oliver "was enlisted into the said company on the 12th day of February 1776, and continued therein as a private soldier, and at the time of the date of the said Muster roll said 12 April 1776. This muster roll is the only paper in this office relating to Capn. Nathan Adams Company.

The troops, composing the Delaware Regiment on the Continental establishment, in the service of the United States during the revolutionary war, was more commonly known and distinguished by the name of the "Delaware Blues."

H. M. Ridgely.

Sam. Oliver—Of Capt. Nathan Adams company—certified from the *Muster* roll of Capt. Adams of 12 April 1776.

James Smith—of Capt. Henry Darby's comp—certified from the muster roll of Capt. Darby's comp. of 12 April 1776.

Office of the Secretary of the State of
Delaware.
Dover—1 June 1819.

There are in this office no pay rolls, nor Muster rolls of any company commanded by Captain Paul Quenault. There are however in this office pay rolls of Major Joseph Vaughan's company of foot in the service of the United States on the Continental establishment and which belonged and was attached to the Delaware Regiment commanded by Col. David Hall during the Revolutionary War, from the month of September 1778 inclusive to the month of March 1780 inclusive & also a muster roll of the same company for April 1780, from which it appears that a person of the name of Jacob Furbee was enlisted in the said company on the 20 July 1779 and that he continued to serve as a corporal in the said company from the time of his enlistment aforesaid until and during the month of April 1780. There are no other pay rolls or muster rolls of the said company in my possession.

It further appears from a "Muster roll of the non-commissioned officers drummers and fifers and rank and file of the late Delaware regt. (then) the first company of the second Battalion in Col. Williams Regiment serving in the Southern army of the United States" dated "Hillsborough N Carolina Sept. 1780" and which muster roll is in this office and now before me, that a person of the name of Jacob Furbee then belonged to and was a corporal in the said last mentioned company and that he was serving on the 16th August 1780.

Certified at the request of the U. S. War Department.

H. M. Ridgely.

Since writing the above I have inspected a paper in this office, purporting to be a "muster & size roll of Recruits inlisted by Lt. Paul Quenouault for the Delaware Regiment 1779," from which it appears that on the 20th July 1779 the said Paul Quenouault enlisted for the said Regiment a person named Jacob Furby, who at the time of his enlistment was 20 years of age, five feet nine inches high a farmer by trade, a native of Murderkill Hundred Kent County & State of Delaware and resident there at the time of his enlistment.

[Letter from Wm. B. Cooper to Henry M. Ridgely].

Dear Sir,

Mr. Mitchell Lecatt has this day been with me and informs me that Major Hitchins Belonged to Captn Kirkwoods Company and Jesse Royall to Peter Jacquetts this information will perhaps relieve you from some trouble in searching the pay Rolls &c.

Respectfully your obdt. Srt.
Wm. B. Cooper.
June 23d 1819.

[At the bottom of this letter in the handwriting of Henry M. Ridgely occurs this entry:]

"In the case of Major Hitchins the pay rolls of the following companies have been carefully examined & his name does not appear in any of these viz—Capt. Patten's, Kirkwood's, Learmouth's Wilson's, Hazzard's Col. Hall's, Capt. Anderson's."

War Department
Pension Office
February 28, 1834

Sir.

I herewith enclose to you the papers of Davis Shockley and will thank you to inform me whether his name is found on the rolls of service during the revolutionary war, in your office, and also, if not found, whether you have any rolls of Captain Perry's company.

Captain Perry's company was stationed at Lewistown, Delaware, for the protection of Pilots &c.

Be pleased to return the papers to this Department at as early a period as possible.

I have the honor to be
Very respectfully
Your obt. Servt.
J. L. Edwards.

Secretary of State

On the back of the paper:

From the Comr. of Pensions in relation to the claim of Davis Shockley—

BATTALION OF DELAWARE WHIGS

Scheme for raising 600 Militia in the Delaware State for the Protection and Defence thereof, to be called the Battalion of Delaware Whigs, and to continue in Service two Months, unless sooner discharged by the Commander in Chief.

300 Non-commissioned Officers and Privates to be raised in New Castle County, and to consist of 6 Companies of 50 Men each, (Viz) 2 Sargeants, 2 corporals. 1 Drummer, 1 fifer, and 44 Privates, and to be commanded each Company by 1 Captain, 1 Lieutenant, and 1 Ensign. 200 Do. in Kent County—and 100 Do in Sussex County, to be officered in the same manner. The Captains in New Castle County appointed to this service are as follows, (viz) James Black, John James, Thomas Wattson, Isaac Lewis, William Moody and William Rankin.

Major General Rodney to appoint the 4 Captains in Kent County, and Brigadier Dagworthy is to appoint the 2 Captains in Sussex. Each of the 12 Captains is to have the Nomination of his own Sub-alterns.

The whole Corps to be commanded by 1 Brigadier General, 1 Lieutenant Colonel and 2 Majors. Names of said Officers, Brigadier Patterson, Lt. Colonel George Craighead, 1st. Major to be named by General Rodney, & 2 Do. by Brigadier Dagworthy—The Staff—Surgeon, Doctor William Patterson, who is to nominate his Mate. Adjutant, Matthew Aiken-Quarter Master, William Clark, Brother to the Sheriff, Commissary, William McClay.

GENERAL ORDERS for the DELAWARE STATE

The above Scheme is to be carried into Execution with the utmost Expedition; each Company in the respective Counties to furnish their Quota for such County, according to the Numbers in each Company, and if the Levies cannot be procured, any Volunteer from any place whatsoever to be received. Each Man to furnish himself with a musket &c. and a Blanket, and if any Arms or Blankets are wanting, they are to be taken, in the first place, from such persons as the several Captains shall think Disaffected or not well affected to the Independence of the State, and afterwards wherever they can be had—the Intention being in this decent manner to disarm our internal Enemies—All arms & Blankets thus procured to be valued by two judicious Freeholders, and a receipt for the same to be given to the owner mentioning such value; the private to whom such Arms &c. are delivered, is to return the same to his Captain on the Day of his Corps's Discharge, or to pay the appraised Value, for the use of the Owner.—Each Company as soon as it amounts to 40 Non-commissioned Officers and Privates in the County of New Castle, is to march instantly to the place of Rendezvous at the Town of Newark, and from the other Counties, at Middletown in New Castle County. All the rest of the Militia to be discharged, except Captain William Peery's Company in Sussex. If a guard should be desired by the General Assembly at Dover, whilst they sit, or should be thought necessary at any other time, it may be ordered by Majr. General Rodney.—The whole Corps to be paid monthly. All Officers civil and military are requested and directed to be Aiding and assisting in carrying these Orders into Execution, as they will answer the Contrary at their Peril.

From the Example of the States of Maryland, Virginia and Pennsylvania from which the Militia march'd to join General Washington, (at the time when Genl. Howe and the Army of the Enemy were in New-Castle County) in order to defend the County, it is impossible to suppose that the Inhabitants of the Delaware State can have so little Sense or so little Virtue, had they no regard to Law, as to decline

Marching to any place within the Same for their own Security; especially when the Commander in Chief assures them they shall not be required to go any where out of it.

This Body of Troops must be at the Posts assigned them as a general Rendezvous as soon as possible; and the farthest off before the first day of November next; At these Posts they will receive further Orders.

THOS. McKEAN,
October 14th, 1777.

QUARTER MASTER SAMUEL CROSBY

Kent County September 20th. 1779

Gentlemen.

Observing that the Assessors of this County have thought proper to Assess me among the Taxables of Duck Creek Hundred as an Inhabitant of said Hundred, and Whereas, the General Assembly of this State passed a Law the first day of February last depriving all Quarter Masters the priviledges of the Inhabitants of this State, consequently the Taxing of them must be contrary to Justice, and right Reason (unless they have property in the State) and is Unprecidented that an Officer serving the Publick on monthly pay and rations (should be Taxed) which are greatly inadequate to the prices of the Necessaries of Life, I am likewise liable to be called away at any time from this Post, and fixed in some other State, where with the same propriety I may again be Taxed—

I am sorry that the Assessors were so unacquainted with the business, as to think they had the right to Tax Continental Officers on command in this State, which appalation I undoubtedly come under—I submit the above Circumstances to your Superior Judgement, and flatter myself that upon a further consideration of matters, you'll Erase me off the Levy List—

P. S.—I should have attended personally, but public business hinders me
I am with regard Gentl'm

Your most Obt. Hble Servt.

Sir.

I take the freedom to trouble you with the inclosed Acct. & request the favour that you would be pleased to lay the same before your Honourable House, so as to have it regularly passed—When I was made a Prisoner by the Enemy, amongst many valuable Effects which they took from me, were my books of Audt. Deeds & Papers, however it happened they did not find a small Book of Receipts I had taken for money advanced for the State, these Receipts I sent to the General Assembly the next Session after my Exchange, who were pleased, on such evident Vouchers, to allow the same as in the first Article of said Audt.—As I was then only anxious to have that Sum ascertained. I therefore exhibited no other charge but being persuaded that the General Assembly will think it reasonable that I should be allowed the annual Salary, fixed by Law, on the President of the State, not only during the time I was in the Execution of that Office, but likewise, as it is customary in similar cases, so long as I was a Prisoner, together with the Expenses paid during that disagreeable & mortifying Year, wherein I was kept 22 Weeks in close Confinement, & the whole time entirely at my own Expense, which were considerably hightened by my desire to appear, in some degree, becoming the Rank I had held in the State—This charge I flatter myself will be thought the more reasonable as I have made none for any Expenses incurred whilst in Office, altho' the multiplicity of Business in making the several necessary arrangements under the new Government, the threatened & actual Invasion of the Enemy made that period remarkably troublesom & expensive; and notwithstanding that I find it has since been customary to have such charges allowed—neither have I made any for the heavy Losses & Damages I sustained when captured as President, for I would have it remarked

that the other Inhabitants of this place were generally suffered at the same time, to enjoy their Liberties & Properties, As I have made no charge of Interest but for money disbursed, I hope your honourable House will not only approve of the same, but will likewise cause the whole sum, which may be allowed me, to be entered in such manner as to bear Interest until paid, which I expect will be a considerable time hence, for as I know the present exigencies of the Public, I am far from desiring, from any self interested motive, that payment shou'd be made me, until those are supplied—I have the honour to be with due esteem & regard Sir

Your most obed. & humb. Serv.

JOHN McKINLY

The Militia Officers of above twenty Companies, chosen in the several Districts throughout the County, met together at Dover; and that the business of the day might be conducted with order and regularity, they chose Captain John Haslet, Chairman, and Lieutenant Mark McCall, Clerk.

The following Association was then drawn up, and unanimously approved and subscribed, viz:

And we do further, in manner aforesaid, promise and agree, that we, and each of us, will subject ourselves to such pains, penalties, military punishments, and disgrace, as Court Martial, to be constituted from time to time of the officers of our own body, shall or may inflict on any of us offending against the rules of military discipline, or contravening, in word or deed, the true interest of America, or the spirit and principle of this Association."

The convention next proceeded to divide the County into two Divisions,

each division to contain one Regiment of men and then chose the necessary Field-Officers for each Regiment, viz:

Dear Sir,

By Capt. Norwood I send you thirty five prisoners of war agreeable to the list below, all British seamen and officers. ROBT. MORRIS, RICHARD HENRY LEE & WM. WHIPPLE TO CAESAR RODNEY.

Phil. April 25th 1777

Sir, By a letter lately recd from Mr. Purdy at Lewis Town, we learn that he has been pretty successful in collecting the goods which were saved from the ship Success lately blown up at the capes, & that he was waiting for the waggons which you were so obliging as to provide to send down for the purpose of carrying up their goods. We doubt not these waggons are gone forward & must beg leave to trouble you farther with this business. We request you will inform yourself of the situation of the Enemy's ships of war in the Bay, & should you find that those goods can be safely transported by water from your place or from Rhody Island, that you will have them put on board some craft, at either of the places, & sent up here as expeditiously as possible. Should this mode be dangerous, you will please order the waggons to proceed up to this city.

We know your zeal for the public interest will excuse the liberty we take in giving you this trouble & if at any time we can render you services in return you may command us freely, being, Sir, with much respt.

Your very humble servants,
ROBT. MORRIS

REMONSTRANCE OF OFFICERS

Camp Middlebrook, May 16th 1779.

Honoured Sir,

We the Subscribers now Officers in the Delaware Regt. beg the favour of your returning our thanks to the Honble the House of Assembly for the gratuity already confer'd on us. and also of informing the Honble House that unless such provision be shortly made that will inable us to continue in the service, we have unanimously agreed to withdraw ourselves therefrom on the 20th day of July next, and in justice to our country, and our own reputations we give this notice that they may appoint others to fill our present stations;—

In a Remonstrance dated in October 27th 78 we gave them our reasons why such provision was necessary, therefore it needs not a repitition; as their own reflections must be sufficient if they only consider the cause that made it requisite for to add to the allowance made by former Assembly for the support of its members whilst on publick Service; and as the stipulation of our pay was prior to that affixed allowance, we are equally affected by the extravagances of the times, and the depreciation of the Continental Currency, and undoubtedly our pay now is as insufficient to support us as officers, as that allowance was to maintain them as Gentlemen and Members; for experience has fully convinced us that such additional support was and is absolutely necessary, and only wish to have their views extended to us who are acting for the Publick, and in a station that renders us as liable to expense, as those gentlemen that are hardly drawn from the sight of their farms;—

We likewise can assure the Honble House that it is not through the least dislike for the cause in which we are ingag'd, nor for any lucrative views that we have come to the above resolution but are reduc'd to it by real necessity, and only ask to be put on equal terms with Officers from other States; for if past Services entitled them to the favour, we undoubtedly have a right to a similar claim; and should we be obliged to withdraw ourselves from the Service of our Country, it will be with the greatest reluctance,

We are Sir with due Respect

A MEMORIAL FROM PRISONERS

To His Excellency Caesar Rodney Esqr. President Captain General and Commander in Chief of the Delaware State &c &c and to the Legislative Council and Assembly of the same. . . . . .

The Memorial of us the subscribers prisoners on Long Island sheweth, That your Memorialest have endured a very long and irksome Confinement Subject not only to those disagreeable and humilating sensations inseperable from a state of Capitivity, but finally find ourselves unfortunately left to struggle with all the calamities of indigence and want—a whole year hath now elapsed since any of us have Received any Supplyes, and the sums then handed us barely suficient to pay our necessary debts and furnish us with the then absolutely necessary artickles of Clothing, and Major Robert Hodgson and Captain Silas Snow have received only the small sum of twenty five pounds Each Since their captivity, being considered by Congress as Citizens, they not being taken in actual service.

We, in conjunction with the rest of our fellow prisoners on Long Island have lately made repeated applycations to the Honourable the Continental Congress for releif without receiving any redress, thus circumstanced your unfortunate Captive officers belonging to the Delaware State find ourselves under the necessity as out last resort of laying our unhapy Situation before you, and earnestly intreat your aid and assistance in releaving or at least allevating our present complycated distresses. We trust we have hitherto supported ourselves with a patience and preservance becoming the Soldier and Cityzen, and that the same line of Conduct will Continue to mark our Character in future. We however on the present occasion cannot forbear mentioning our uneasyness and great anxiety at the painfull and teadious length of more than two years Captivity scantily supplied, and altho we have the most perfect Confidence booth in the wisdom and humanity of the powers by which our relief by way of Supplyes depends, yet we humbly take occasion to mention that amidst the great multiplicity of important business to be transacted we fear our unfortunate situation hath not been attended to in such a manner as our fond wishes led us to expect, we are led to make this applycation as all of our fellow prisoners have made, and are making like applycations, to their several States and some have been fortunate in receiving Supplyes allready, from like applications. This our situation we submit to your feelings and without enlarging farther have the Honous to be with great esteem and respect for you, and the most firm attachments and duty to our Country your most Humble and obediend Servants &c—

THE HON'BLE THE HOUSE OF ASSEMBLY
DELAWARE STATE

Dover October 27th 1780

Gentlemen,

The Letter from Brigadier General Gist to his Excellency, being laid before the House, renders it useless for me to mention the Business on which I've returned to the State, and one from George Graghead Esqr. dated the 26th, sufficiently proves, the Deficiency of Clothing, due the Officers of the Regiment—

The disagreeable Situation of the Officers (Prisoners in the Field) must be obvious to every Gentleman of the House, when I assure them, that in our unfortunate Defeat to the Southward, our Baggage was lost, not one saving even a single shift of Clothes. In this Condition I left them expecting an immediate Relief from the State; none has yet been sent, owing to a want of Money, to make the Purchases; the Sooner this necessary Article could be procured, the Sooner Suffers will be relieved

I am, Gentlemen in behalf of
the Officers of the Delaware Regt.

Your very Hble Serbt.

W. McKENNAN.

TO THIS EXCELLENCY THE PRESIDENT OF THE DELAWARE STATE.

Met in Council at New Castle January 25th Anno. Dom. 1781.

The Submissive Petition of us the Subscribers, Inhabitants of Whiteclay Creek Hundred in the County of New Castle and State aforsaid humbly sheweth—

That whereas in the year 1777, your Petitioners found themselves agrieved in the electing the Commissioned Officers in the upper End of Whiteclay Creek Hundred aforesd. as We apprehended that the Election was not held according to the Militia Law Enacted at that time for the regulating such Transaction, as there was neither lawful Notice given, nor the Person appointed by Law presiding in it. Whereupon We, together with some others who for, the same Reasons, thought themselves imposed on, immediately enrolled ourselves in another Company, where we have given punctual Attendance ever since, and when the safety of our County required it we testified our Loyalty by a chearful Obediance in actual Services. Now Sir we are fined for none attendance in Whiteclay Creek Company aforesd. and we think it very Grievious, and Oppresive, that after we have given lawful Attendance in one Company, we should be fined in another, AND Now Sir, we appeal to your Excellency and beg that we may have our Fines Taken off, and Liberty to remain in the Company we are in until a lawful Election may be had for Commissioned Officers in our own Hundred, and we your humble petitioners shall pray.

IN CONGRESS, APRIL 19, 1777

It being represented to Congress by the Delegates of Maryland that there is imminent Danger of an Insurrection in the Counties of Somerset and Worcester, and that the Insurgents may be joined by disaffected Persons in the County of Sussex in the State of Delaware, and Application being made by the said Delegates for a Continental Battalion to be placed in the County of Somerset to overawe and quell the Insurgents.

Resolved, That it be earnestly recommended to the Legislative or executive Authorities of the State of Delaware and Maryland forthwith to apprehend & remove all Persons of influence or of desperate Characters within the Counties of Sussex, Somerset and Worcester who have betrayed or manifested a Disaffection to the American Cause, to some remote or secure Place or Places within their respective States, there to be secured without any Person having access to them, unless by License first obtained from such civil or Military Officer as the Government of the respective States shall think proper to appoint for that purpose; To take away the Fire-Arms of all such of the Inhabitants of the Counties above mentioned as have not hitherto manifested an Attachment to the Cause of America, excepting such in the Counties of Worchester and Somerset in the State of Maryland as may have complied with the Proclamation issued by said State in the month of February last, the said Arms to be disposed of by the respective States as shall be deemed most conductive to the General Weal—To enact Laws appointing Commissioners in each of the Counties above mentioned, whose Business it shall be to make Inventories, and to take Charge of the personal Estates of the Persons so removed, and to receive the Rents arising from their real Estates, in order that the same may be appropriated as a Fund for their Maintenance till the Government of their respective States shall otherwise direct; and vesting the said Commissioners with full and adequate Powers to enquire into, detect and defeat, all Plotts, or Conspiracies formed in the respective Counties against the Liberties of America.

And for facilitating the expeditious Execution of the above Resolutions Resolved, That the Governor of the State of Maryland be authorized to retain the weakest Continental Batalion raised in the State of Maryland till further Order of Congress; and that it be recommended to the executive Authority of the State of Maryland forthwith to embody three hundred of the Militia of the said State, and to the executive authority of the State of Delaware one hundred of their Militia, the said Militia to co-operate with the Battalion of the Continental Troops, to obey the Orders of the Officer commanding the same, and to continue in Service so long as the joint Authorities of the States of Delaware and Maryland shall think necessary.

BY ORDER OF CONGRESS,
JOHN HANCOCK, Presidt.

A MESSAGE FROM THE PRESIDENT TO THE GENERAL ASSEMBLY

Gentlemen:

I herewith send you some Resolutions of the Honble. Congress of the 19th Ulto transmitted to me by the President, recommending Measures to the Legislative & Executive Authorities of this State, & the State of Maryland, to avert the imminent Danger of an Insurrection in the Counties of Somerset & Worcester in the State of Maryland, & to prevent their being joined by disafected Persons in the County of Sussex in this State and to enact Laws appointing Commissioners to take charge of the Estates of such as may be removed—In consequence whereof, with the Advice of the Privy Council I wrote to some principal Gentlemen in the County of Sussex & to the Commanding Officers of the Militia adjacent to Worcester County, desiring them respectively to make the most speedy & strict Inquires respecting the Danger apprehended from Sussex County, & that they wou'd as soon as possible, let me know the result In answer to which I have been informed by those Gentlemen severally that the Inhabitants of that County are very quiet & that they imagined the Suspicions to them was not well founded, save one of those Gentlemen who refers me to be informed by Mr. John Clowes a member of the House of Assembly with whom I had no opportunity to converse on that Subject, but from whom you can much better immediately receive that Information.

JNO. M'KINLY,

10th May 1777.

A MESSAGE FROM THE PRESIDENT TO THE GENERAL ASSEMBLY

Gentlemen.

In pursuance of your Resolution of the 12th of last Month I together with the Privy Council did appoint John Thompson, Thomas Collins, & John Cook Esquires to go into the County of Sussex, for the purposes in that Resolution expressed; in consequence whereof I received, the Evening before last, a Report in writing, signed by two of the afores'd Gentlemen, whereupon I convened the Privy Council Yesterday, & laid the same before them, & now, with their advise, I herewith send you a Copy of that Report—

Since the last Sitting of your Honourable Assembly I received some Resolves of Congress to be laid before you—One of those Resolutions, of the 29th. of Apr last, recommends the adjustment of the Accounts for recruiting the Continental Battalion of this State, that the same may be transmitted to the Treasury Board—another of those Resolutions, of the 12th, of May last, recommends to the Legislature to exempt from military Duties all Persons who are immediately concerned in the Business of the Post Office—& another of them, of the 19th. of the same Month, recommends that the Legislature shou'd make Provision by Law for marching the Militia out of the State, when the Service shall so require it—

JNO. McKINLY,

June 5th. 1777.

COPY OF REPORT

To His Excellency John McKinly Esquire President & the Honourable Privy Council of the Delaware State—

The Subscribers being (together with John Cook Esq.) appointed by an Order of the 17th. of May Instant, to go into the County of Sussex & make diligent Enquiry into the present Disposition of the Inhabitants thereof, and in case they shou'd discover any treasonable Practices in Agitation by any Person or Persons to report the same forthwith—

DO therefore beg leave to represent, that agreeable to instructions from your Excellency, & in obedience to the Order Afores'd we set out for Sussex, arrived on the Twenty first & continued there until the Twenty ninth Day of this Instant & upon the best Information we cou'd receive, & such observations as we had an opportunity of making are induced to believe that a considerable part of the Inhabitants of that County are unfriendly & disaffected to the present Constitution of Government in this State,and to the Independency of the United States in general. That a Criminal Intercourse has been kept up by the disaffected in that place with the British Ships of War, by means of which Intelligence from time to time has been given, & frequent Supplies of Provisions afforded to the declared Enemies of this State—That however painful the Task of representing the Conduct of our Fellow Subjects in a point of view so very disagreeable, yet we humbly conceive that we cou'd not consistent with the Regard due to truth, the Duty we owe to our Country, & upon this Occasion to your Excellency as first Magistrate withhold the Information of what to us appear Facts that may very much concern the Peace & future Welfare of this State

JOHN THOMPSON

Kent County May 30th, 1777 THOS. COLLINS

I do certify that the above is a true Copy of the Original Report of the Commission for enquiring into the Disposition of the Inhabitants of Sussex County &c

LETTER TO THE PRESIDENT OF CONGRESS

Lewes June 24th. 1777

Sir.

Justice to our Country, and the obligation we are under to the Honorable Congress, we conceive make it our duty at this time to inform them of the unjustifiable practices carry'd on by numbers of the inhabitants of this County, who have ever declar'd themselves from their whole line of Conduct since the Commencement of the present Contest with Britian, Enemies to the American Cause, and in open violation of the Laws, & Constitution, of this State in particular, still continue to keep up a Criminal intercourse with the enemies Ships of War now lying in Delaware Bay, and supply them with all kinds of provisions that our County affords, and so bold are they now grown in this iniquitous Trade, that they fish and fowl together in common along the Shore. The enemy it is said are also recruiting Men very fast among them, Sixty Men we are told from the upper part of this County have lately gone on board the Enemies Ships, and are to have liberty

to choose their Officers: certain it is that many have gone from the different parts of the County, some of whom we well know—

The President of the Delaware State, with the advice of his Privy Council, in May last, sent Commissioners from the Counties of New Castle and Kent, to Enquire into the state of this County, and order'd them to make report of any Treasonable practices they might be able to discover Committed by any of the Inhabitants against the Laws thereof, which Commission after remaining some time among us, on returning did give a state of the County in writing, a copy of which is here inclosed. Great expectations were formed by the well affected here from the candour and integrety of the Gentlemen appointed on this occasion, that some measures would be adopted by the Assembly who were to sit in a few days, to prevent for the future such pernicious practices; but contrary to our most sanguine hopes they adjourned to the end of the year without doing anything to put a stop to this Criminal intercourse. It may be said in answer to this, that by a Law of the Delaware State passed the twenty second of February last, it is made Treason to give aid, comfort, or assistance to the Enemy, but experience has since that time fully shown, that the whole force of that Law has been altogether evaded, by filling the Civil Offices of Government here almost in every instance, with none but such as have rendered themselves notorious for their opposition to the Independence of this State, and every measure adopted for the preservation of our Common Rights.

Within this week past a scheme has been discovered carrying on by some of the wretched Junto here, which if not an immediate stop put to, must prove very injurious to the United States. One Simon Kollock of this County, who last fall went on board the Enemies Ships, it is said has lately been on shore and brought with him Seventy Thousand Pounds in Counterfeit thirty Dollar Bills, and has engaged some of his accomplices to purchase Cattle with them (the High Sheriff of this County appears to be a principal) supposed to be for the use of the Enemy, and altho some of the Bills has been detected in this Town, not a single step has been taken by the Civil authorities to bring the perpetrators of this Villany to Justice. From the whole face of things as they appear at this time, we have not the least reason to doubt, that if the Enemy were to gain the smallest advantage over the Army of the United American States, and the English Fleet appear on our Coast, that there would be a general rising in favour of the British King and his forces: under these alarming apprenhensions we can only look up to Congress under providence for protection and relief, and that in such manner as they in their Wisdom shall think most effectual.

The Bearer hereof Major Henry Niell who goes Express is a Gentleman of undoubted veracity, well acquainted with the present state of this County, and can give a fuller detail of those matters than can well be Circumscribed within the bounds of a letter.

We have only to add that we have the Honor to be Sir

Humble servants

CEASAR RODNEY TO PRESIDENT OF CONGRESS

Dover April the 24th. 1778

Sir—

There is a matter I intended, but neglected to mention in my other Letter today—On Tuesday the fourteenth Instant I got information that about One hundred and fifty Insurgents under the Command of one China Clow Were Armed and Assembled on the Western side of this County near the borders of Maryland—I, as soon as possible Collected and sent about one hundred and forty of the Militia of this County, under the Command of Lt. Colo. Pope of the Delawares, against them,—The Insurgents had built a Fort which the Militia surrounded on the Thursday night following but Mr. Clow and his gang, hearing of their approach, fled—The Militia burnt the Fort and secured all the stolen Effects in and about it and returned—I then fitted out a number of Horse-men, since when many of them have been taken and others surrendered to the number, in all of about fifty, about twenty of whom being single men, are sent off with a recruiting party of the Delaware Regiment to enlist or do worse so that with what the Maryland Militia have done, this infernal set are, I believe, broke up, and I hope to hear in a few days the villain Clow is taken.

I am Sir
Yr. Most Obedt.
Humbl. Servt.

P. S. They increased very fast, and I believe, if they had not been opposed very suddenly and with spirit they would have become formidable in a little time

To the Honourable

The General Assembly of the State of Delaware

The Petition of Jacob Johnson, Benjamin Johnson, Bartholomew Johnson, William Bibbins, Isaac Downs, Barnet Downs, and Moses Stuart of the County of Sussex in said State

Most Humbly Showeth—that your Petitioners ware at the first meeting of the late Court of Oyer & Terminer held at Lewis town for the County of Sussex—found guilty of high Treason against the said State, and sentenced to die as the Law directs—that your Petitioners, being much Terrified with the cruel (and to us unheard of sentance) too unprepared to meet death—and from the nature of our offence, as it then appeared to us, and our peculiar situation (well known to some of the Honourable members) without hopes of mercy, we added to our offences against the Law, by leaving the goal the place of our confinement—

Your humble petitioners being since informed of the grate mercy extended to our companions in the first offence and finding that from you, or by your recommenddation mercy may be extended to us— tho guilty of grate offences against the Law—therefore Humbly pray that your Honours will be pleased to take our unhappy case under consideration, and grant that our lives may be spared us on such conditions—and by such ways and means as to your Honours may seem meet & expedient.

Your Petitioners as in duty bound, Submit themselves, and will ever pray The within Petitioners having nothing to alledge respecting their distressed case but what is known to some of the Honourable members of Assembly-Except their promises of future good behaviour and distressed connections in life—hear mention the particular family of each Petitioner

To Auditor McComb Geo. Read

To Eleazar McComb Esq., Auditor of Accounts for the Delaware State

Sir.

I have again Stated my account as in the preceding page against the Delaware State least my former Acct. which I delivered to you in June last should be mislaid, or not have come to your hands from Wilmington, where I think you told me in October last it was with other of your papers—I believe this Acct. to be similar to the former one except a mistake in the Computation of the 5½ months as Vice President, which in the draught I have stands at 91.15. 2 when it ought to have been 91.13.4—I must request your Auditing and reporting upon this Acct. of mine at the first sitting of the General Assembly in the next Month.

What rendered my attendance in Congress so interrupted a one as appears in my Acct. was the different public Characters I was to Act in at that period, to Wit. of A Member in the General Council of Safety for the State, a Member of Assembly as well as a delegate from the State to Congress. In Jany. 1776 I left Philada. and attended the Council of Safety at Dover for Arrangement of the Officers—first appointed for the Delaware Regiment, being at that time I believe the only one of the three Deligates that had a seat in the Council of Safety—There were two if not three Sessions of Assembly in the Spring and Summer of 1776 all of which I attended—and such was the critical situation of public affairs at that time that the

Delegates from this State, being then also members of Assembly thought it expedient for some one or more of them to be at each Session to urge and explain the recommendations of Congress so as to have them adopted by the Assembly, this business fell principally on Mr. Rodney and myself—Mr. McKean then residing with his family at Philada. but I believe that at none of these times the State was unrepresented in Congress—On the 27th. of August 1776 The Convention of this State for forming the System of Government met and as a member I attended—as also the General Assembly under that System on the 28th. of Oct. following—In Feby. 1777 being Speaker of the Council, A Resolve of the House of Assembly passed excusing my attendance in Congress until the 1st of June following unless my private affairs sho'd. admit of any attendance in the mean time—In March 1777. on the return of Congress to Philada. from Baltimore at the request of President Hancock I attended for few days than to make up the representation of a 7th State to enable that body to Act upon the public dispatches recd. in the intermediate time under a promise that I sho'd be at liberty to retire when an additional representation came in which happened in the five days.

Then as to my charge for doing the duty of Vice President I apprehend that at no one period since the Revolution more business for such Officers occurred than within that time and from the situation of the Enemy then, I had to place my family near the Susquehanna in Cecil County, and to take up my own residence occasionally at a diversity of Inns as circumstances & attention to particular duties required.—

As to the next charge on Acct. of the Schooner Resolution I drew up the original draught of the Claim on the part of the State which was filed in the Cause, attended every Examn. of wit's. which were many—and after argued the Cause as Council for the State; having at an early rejected an offer made me by Jas. Cullough also a claimant on behalf of himself and others of more than three times the sum of my charge in the annexed Account.

As to the last of my charges, I state extra duty done by me—Mr. Sykes knows of this, as I was called upon by Mr. Rodney and his Council then at New Castle for that State of Proceedings, which was after deliv'rd by me to Mr. Wilson.

My reason for not Exhibiting this Account at an earlier period than June last—The Multitude of demands on the State, and to avoid a suspicion that might have been plausibly suggested—that Members of the Legislature would take care to have themselves paid first.

Geo Read of N Castle
13th. Dec. 1786.

N. Castle 29th. Dec. 1786.

Sir.

I had your favour of the 29th. Instant wherein you state the two only doubts which you have as to the allowance of my Acct. Exhibited against the Delaware State. The first as to the time of my Adm'r of the Government commencing to which I inform you that I passed over the Delaware from Salem in New Jersey to Xtiana Bridge on Monday the 13th Oct. 1777. lodged that night at the house of John Lewden the night following at Col: Forster's where Mr. Vandyke now lives—and on the 15th. being at the Redlyon Inn a written paper subscribed with the

name of Thos Mackenzie as Capt. of the Lizard Ship of War demanding David Chambers, Henry Whichear & Robert Shepherd as belonging to the sd. Ship alledging as a reason for their return that no violence had been offered by the Companies of any of the Ships of War to the inhabitants of the neighbourhood—these 3 people had been taken on the Tuesday morning by Capt Lewis's Company of Militia at Capt. Grantham's shore Landing place, upon the delivery of this paper at the Redlyon Inn I was called upon by Capt. Alexr. Porter and others of the neighbourhood to direct the Re-delivery of these 3 men to prevent the retaliation threatened in Mackenzie's written note—however I delined complying with their request—If you shou'd have the leisure to Examine the minutes of the Council you will find I attended at Dover the Meeting of the General Assembly at the usual time in Oct.—and tho' the Ho. of Assembly did not make a Quorum—then from the disturbances at the Sussex Election which prevented a choise for that County—That the Council sat until the 29th. of Oct. and did divers publick Acts which they had the assent of the attending Members of the Ho: of Assembly to and which were after confirmed. Then upon Examining the Minutes of Council farther you will find That President Rodney was not Sworn into Office until the 1st. or 2nd. of April 1778 which furnishes the time I have charged—What Acts may appear to have been done by President McKean either on or after the 16th. of Oct. 1777 I cannot pretend to say but I suspect that if any he was not within the State—The last Act which I recollect to have had any knowledge of was some Genrl. Orders of the 14th. Oct. respecting the Whig Battalion he had projected the raising of– as to the issuing of Commissions (such as the approbation of the privy Council were necessary for) I sho'd suppose none were issued other than were directed by their Acts—a report of which was made by Prest. McKean —to the General Assembly at Dover in Oct. 1777 a copy of which taken by myself on the 24th of that month at Dover I have now before me the last Act there, mentioned is the appointment of one major General C Rodney and three Brigad'rs—viz J. Dagworthy J Dickinson & S. Patterson—Mr. Dickinson's Commission is dated ye 26th Sept. 1777. the day of the appointm't —Resigned to me ye 19th. Dec. following, as never having Acted under it.—

Then as to ye 2nd. doubt ought to be allowed for the Extra Service mentioned in the last Art's of Charge– I apprehend I have been mistaken as to my views in mentioning this extra Service they were not to have any addition made to the sums carried out—as they appear on the state of the Acct. to be the whole of my charge therefore: but as other Gent: had like allow'ns heretofore made—I have noticed these Extra Services which I have it in my power to show Evidence of with an Expectation that my charge would be considered as a very moderate one under the Circumstances and to take off a doubt of my being entitled to the sums there charged.

I have been thus Minute from a desire to give full and satisfactory information with respect to my claims on the publick as every one ought to do who make any and this must Apologize for the trouble I give in so doing

and I am Sir

Eleazar McComb Esq.

AFFIDAVIT OF JOHN LEARMONTH

To all whom it may concern, I John Learmonth of Lewes in the county of Sussex and State of Delaware, do hereby certify, and will verify the same by oath whensoever required.

That near the commencement of our struggle with Britain for freedom and independence, I was commissioned a second Lieutenant in the company whereof the present Colonel Hall of Lewes was the Captain, & Genathon Harney was first Lieutenant, in the Delaware Regiment, then Commanded by Col. Hazlet, By resignation of the elder officer & death of Hazlet, Hall was promoted to be Colonel & Harney being taken Prisoner, I obtained the Captaincy of the said company; we both held those commissions during the residue of the war from the respective times of our appointments. I do declare that during the whole of the war, & from that period until the publication in the Monitor, I never heard, observed, nor thought that the Colonel in any situation ever had, or showed the least Sympton of Cowardice, and more particularly with regard to the battle on Longisland, (which is the place where he is said to have exhibited his cowardice). I do assert and declare that I was present under his command there & that being second Lieutenant, & the company standing & marching two deep I was at his back, or else at his left hand all the time the troops were formed, which was until we came to the fording place & Harney at the other end of the company I believe, where the ensign ought to have been had he been present. In that battle there was a large body of the enemy in our front, we were on an eminence, but advanced to meet them with whom we were some time at long shot, East River was on our right; we observed that another very large body were attacking our rear, to either of which bodies we were in the whole vastly unequal; at this moment General Washington sent us orders to retreat, & a guide to pilot us off thro' the water by nearer rout, which was some distance in our rear to arrive at the fording, we faced about & arrived at it before the main body which was in our rear got to us, their vanguard of about 30 men met us, with clubbed muskets as if surrendering, but they afterwards presented them and fired on us, our front then fired on them who (every man was said) fell, this was by two or more of Colonel Smallwood's companies who had been ordered to march off from the rest, to receive the vanguard as prisoners; those companies served to impede the march of the British, & give us time to file off to the left, having by this time arrived at our fording place. Our Company was the last company that crossed the fording, & Captain Hall & myself in the rear of our company & of the whole body, except the company's above mentioned who being already severed as above mentioned were given to the enemy to save the retreat. When we arrived at the fording, our company received orders to halt to assist those companies, Capt. Hall commanded them to halt, & to form, but before he could get them formed, the orders were countermanded by some superior officer, I suppose Lord Sterling who was in the rear. Those of the enemy we first engaged, arrived at the eminence above mentioned, & fired grape shot at us plentifully while fording, & before we got over the other body who were in our rear fired warmly on us. from an obliquely opposite hill. I remember well Capt. Hall laughed at me struggling in the mud, as being short I got fast in it several times, we were then hindmost of those croosing & much exposed to the enemies, thirteen of our body were said to be killed in fording. I was with Captain Hall the whole time we were on the island,

& know that he was not absent, nor missing from his stand next to me, the whole time, nor do I remember of seeing a stack of hay, or of anything else on the island. I well remember at the commencement of that action & several other times that day, to have heard Capt. Hall reprove some of his men for dodging at shot, he said it was of no use, or it did no good. He appeared to me that day to act without a sympton of fear, or cowardice, as indeed I have always esteemed a sober solid & intrepid man.—

I have heard that a certain first lieutenant of Captain Vaughan's company in the Delaware regiment, found in the course of that day a stack of flax, (but I did not see it) which thing was discovered, as(every such thing is among an army of soldiers), & for which he was disgraced, & left this company for fear of the consequences.—I mention this supposing the fabricator of the falsehood took his materials from that occurence.

I am very certain Colonel Hall was universally esteemed at camp. by both officers ,& private soldiers, for his steady, and regular, conduct, and intriped manner.

This will make oath to when requested.

PETITION OF PETER JAQUETT

Your Memorilest would respectfully State that he served in the Delaware Regiment attached to the Maryland line under orders of Gen'l Washington in the States of Delaware, Pennsylvania, New Jersey, New York and the Eastern States, from the 4th. of January 1776 Until April 1780, and had an active part in all the actions fought during that time when, the Del. Regt. then consisting of eight Companies, commanded by Col. David Hall & attachd to the Maryland line, was ordered to S. Carolina Under the Command of Gen. H. Geats, and on the 16th of August of that year was defeated near Camden S. Carolina, and the Del. Reg. reduced from 8 to 2 Companies. In September the remains of the army where collected & randevoused at Hilsborough in N. Carolina under orders of Gen. Smallwood, Soon after Gen. Green took the Command, when it was found that the Del. Reg. could not muster more than 200 effective men, these by order of Gen. Green was placed under the command of Capt. Robert Kirkwood & Capt. Peter Jaquett as the two Sener Surviving Captains of the Del. Regt. with their Subaltern Officers forming two Companies of 96 men each—see the returns made and sent to the Executive of this State and now in the possession of Thos. Rodney Esq. dated Aug. 30 1780 and signed by Capt. Kirkwood & Jaquett, the field officers and all the other officers except Capts. KcKennon & Queenault, Lieut Bennett & Hyatt were killed, wounded or prisoners—the four last named officers was sent to the Delaware State on the recruiting service—in October a small but badly supplied army was collected & organized and again took the feald under Gen. Green, who again Marched us into S. Carolina where after our Victory at the Cowpens we where again obliged to retreat before Gen. Lord Cornwallis to Gilford Court House in N. Carolina

where a sort of drawed action was fought, We however on the next day buryed their dead by plattoons in the yard of a Quaker Meeting House and left their wounded with our own in the care of the Surgens & Friends, took our final leave of his lordship one taking the rout to Yorke Town in Virginia, and we the route towards Charlestown in S. Carolina and fought the second action at Camden, the hard and well fought action at the Eutaw Springs, the fortified Court House & town of Ninety Six, fourt Augusta and several forts or fortifyed places we at length Coped the Enemy up in the City of Charlestown, in the mean time Gen. Washington met Gen. lord Cornwallis at Yorke town in Virginia and captured him, and soon after Gen. Washington sent Gen. Wain with a Brigade of the Pennsylvania line to the assistance of Gen. Green who arrived at Gen. Green's head quarters near Charlestown in February 1782 and with them Captains McKennon & Queenault with all the men they had recruited or collected for the Del. Regiment, who had assisted at the Capture of Cornwallis.

About this time the prolimnory articals of peace were signed and hostilities had seaced except a little scarmishing to prevent the Enemy from getting potatoes & rice which they much wanted as well ourselves.

Gen. Green well knowing the privations, fatigue and hardships that Capt. Kirkwood & myself had passed through during our Southern Campayns polightly offered to Send Us home on Command, with orders to the Comesery & Quartermasters Department to furnish us with provisions & forage at every Depot on the road. Capt. Kirkwood left Headquarters two days before me with a view of taking his rout as much as possible by water, and I began my march on the 20 Day february with 4 officers nine involied Soldiers, one woman, two waggons and nine Horses but unfortunately your memmorlist found nether provisions or forage in any of the public stores—it is known that the army had not received one cent of pay during all our Southern Campaings, that Continental money had depreciated 100 for one—and we had a march of more than 500 miles to perform without our pay, rations, forage or one Dollar of the public money, and we could not obtain one single artical of Provision or forage on the whole route without the hard cash layed down, thus situated I did Pay from my own private resources $168.45 as per account rendered of which I have never received one cent. at that time the United States was indebted to me Upwards of 3000 Dols. Exclusive of the sd. amount for pay, commutation of half pay, Depreciation of pay &c., which was afterwards Payed by giving a certificate which our wants obliged us to sell at a discount of 66 pr. sent—but as it is known that your memorlist had received no pay for the last two years and his patrimonial Estate at first was but very small & that small sum much reduced in the Revolutionary War, it may be asked where he got $168.45 cents he answers that a Noble Harted Lady, a friend of the revolution, of respectable family and fortune furnished him all that money in English Gunies, at a time when he had scarsely a Shirt on his back, or means of getting one, or a shoe on his feet, without asking the scratch of a pen for its return, that Lady has long since decended to the tumb, but your memmorlist still holds himself in Honor bound to make retrubution to her heirs—Your Memorlist therefore respectfuly asks your Honorable boddy to give him the above sum with interest from the 20 of February 1782, and altho he is to old to fight, he will Pray.

Capt. McKennan & Queenault, Lieut C. P. Bennett & Hyatt with all the men &c. all these have decended to the tumb Except Lieut C. P. Bennett, who can

certify to the truth of the above statement—I believe there is not an officer now liveing who served in the Delaware Regiment through the Campaign of 1776, altho there had been more than 80 officers Commissioned and 3500 men inlisted in that regiment Except Yours

(Report to Legislature)

I have judged it proper to charge and credit the United States with the balance of the officers accounts, because many of their balances will never be recovered, and the loss ought not to be borne by this State. Any money that may be recovered can be passed to the credit of the United States.

No. 12. George Latimer Esqr. a balance appears to be due from him; but the truth is he has not received all the monies charged to him by the State. He rendered an account which was lodged with the Board of Commissioners for allowance. He is in advance for the State—

No. 13. CAPT. PETER JAQUETT—the £ 2: 9: 10, if due at all, is due to the SENIOR OF THAT NAME.

No. 14. Jonathan Robinson—The state owes his estate money, the payments were partly on account of Interest from 1776—

No. 15. John Reed—due to him 1;

AFFIDAVIT OF PETER L. JAQUETT

My dear neice Katie:—

I'll try to comply with your request. I had better at first say I am your Father's brother and am now in my ninetieth year, to the best of my knowledge and belief. In voting (on age) a young man in coming to vote in Pennsylvania takes that kind of oath or affirmation, so I word this in like manner.

My grandmother, Mary Black, lived through the Revolution and knew my grandfather Jaquette who lived at Christiana Ferry across from Wilmington, Delaware. I, myself, knew old people who knew him and it seemed a thing of general knowledge that he was a captain in the Revolutionary War. My father told me that his father raised and equipped a company of troop of Horse as they were called then (not called cavalry at that time). My mother read the family history that was in the house after she became an inmate and always was in agreement with the current reports of his service as a Captain. I saw in my early day notices of Pension that might be applied for. My father said his father rejected all such in

his time and said if they would pay the cost of equipment he wanted no pension. I knew an old darkey or two that knew my grandfather—one of them was his slave, the other knew him well, and said he dressed as a soldier and rode a grey horse and that he saw him yet in his dreams.

The farmer, Peter Jacquette, at the Ferry was evidently my grandfather, There was not any other place for a ferry or for a road to New Castle. The road from Market Street comes into our old New Castle road very close. About the ferry and the bridge I will now tell. The ferry, was where they crossed Christiana Creek and was the only crossing at Wilmington to go to New Castle and the only hard or solid ground for a road on the creek front of Wilmington on the New Castle side. The first bridge was built at the foot of Market Street and required a causeway (as I know myself) I think or remember about a mile long, (across the Marsh). My father told me there was quite a strife to get it away from the first New Castle Road. (Afterwards another bridge was put over at third street the old ferry or old New Castle Road. I have been over it but it was put there since I left Wilmington for a new home). Our ferry house, a two story brick was taken down, it being in the way of improvements of the town now known as South Wilmington and our nice old home is gone, and the grave yard too, where so many of the early settlers and patriots were at rest, was dug up and the whole place I suppose is covered with houses.

That was the home of our family (well of our part of it since about 1650).

The home of the other Major Peter Jaquette, formerly Captain, is at the New Castle end of the causeway from the foot of Market Street. The two Captain Peter Jaquettes lived adjoining places and there is a little confusion in consequence of names and localities being similar. I do know that the foot note in Mr. Sellers first book was the first word or thought of major and captain being the same person that I ever heard. After reading his book I said to him I thought there was no need for the foot note at all (that is Miss Margaret Maitland that he copied from (as he told me he did) left it so there might be two inferences he might have left it that way. He said the foot note only suggested but made nothing positive and I believe there is nothing of it in the later book. The Sharf History makes all clear to all.)

Major Peter never lived at the ferry or any other ferry. There was no other place for a ferry where hard ground came to the creek to put a road on but through our home place and no other road to New Castle from Wilmington but across the marsh near where it comes to the old ferry road (I mean from Market Street bridge).

About my mother's side, it is of a much shorter matter. The grandfather, James Black, died before my mother was born. Her older sister was born in Ireland. She was about two years older than my grandmother. I knew them both and two younger sisters, all Robinsons, all of Wilmington, Delaware, and I knew their brother, my mother's uncle, John Robinson, who had a large chair factory in Baltimore, all lived to about my present age and were great patriots and had strong or apparent hatred of the English. Our Irish was of the Ulster variety, both Robinson and Black. James Black was Captain of a seagoing merchant ship, traded to China and other far off countries. Died and was buried at sea in 1805 or 1804. I have seen many of the china and sea relicks.

My sister, Mary Black Jaquett, was born at the Ferry and all Jaquetts in our line previous to her birth. I never hear it called the Locust Grove Road, but there probably were Locust trees on the road or at one of the ends, but none at our end that I knew of or ever heard of.

As to statements of your father they all agree with my knowledge of matters of interest to you now in regard to my grandfathers military life and reputation and to the best of my knowledge and belief they are true.

Your Uncle,
PETER L. JAQUETT.

Mr. Walter G. Tatnall,
Archivist of the State of Delaware,
Dear Mr. Tatnall:

The Peter Jaquett who took the Oath of Fidelity in November, 1780, was, I think, Peter Jaquett, Jr., who was born at Christiana Ferry October 12, 1760, and died November 4, 1816. He was son of Thomas Jaquett and Dorcas Grantham. April, 1, 1817, Archibald Alexander was chosen guardian of Isaac G Jaquett, orphan child of Peter Jaquett, Jr., late of New Castle County, deceased, (Orphans' Court Liber K, P. 278), which reference shows that Peter Jaquett was known as Peter Jaquette, Jr., although he was the son of Thomas Jaquett. He is distinguishable from Major Peter Jaquett of the Delaware regiment who was born April 6, 1755, and died September 13, 1834. He was son of Peter Jaquett of Long Hook, New Castle County, who was born 1718 and died October 22, 1772, consequently Major Peter Jaquett was only seventeen years old at his father's death and he was never known as Peter Jaquett, Jr. Peter Jaquett, Jr. was merely in his twenty-first year when he took the Oath of Fidelity and it may have been due to a mistake that he was described as lately of age or there may have been a misrepresentation of his age in his desire to take the Oath. I have considered very carefully the possibility of any other Peter Jaquett but the Peter Jaquett, Jr., referred to appears to be the only one to whom the Oath could refer.

Peter Jaquett, Jr., was an ensign in the Second Delaware regiment as appears by the Roster of Officers commissioned by Gov. Rodney to serve in the army of the United States until the first day of November, 1780, with the dates of their commissions and the date applied to Peter Jaquett was August 4, 1780, and you have shown me other documents in which his signature as Peter Jaquett, Jr., Ensn. appears and in all instances is written in a similar manner showing identity.

The half page of account of Isaac Bryan in account with the estate of Peter Jaquett, Jr., deceased, which appears to be brought to March, 1816, undoubtedly

refers to Peter Jaquett, Jr. previously mentioned. Peter Jaquett, Jr., was also commissioned May 16, 1802, first lieutenant of the first troop of light horse in the Brigade of Delaware. In the list of open accounts appears "13 Capt. Peter Jaquett —the £ 12:9:10, if due at all, is due to the senior of that name". It is claimed by the descendants of Peter Jaquett, Jr., that he was a captain during the Revolutionary period and alleged to have been in a troop of horse. It is possible that Peter Jaquett, Jr., was elected a captain of militia during the Revolutionary War and that he was known by such title although he may not have received a commission from the Governor or, if such commission was issued, the record of it may not have been preserved. I think that there is evidence of Peter Jaquett, Jr., who took the Oath of Fidelity having been commissioned an ensign. The records suggest two Capt. Pater Jaquetts by the allusion to "the senior of that name" and the fact of the tradition of his descendents that he was a captain justifies the inference that he had been a captain of militia during the Revolutionary period. His commission in 1802 as first lieutenant, of course, does not throw any light upon whether he was a captain during the Revolutionary period but it accounts for the erroneous impression in his descendents that he was a captain of a troop of horse during the revolutionary period.

I appreciate your desire to obtain information to enable you to establish as a fact that there were two captains Peter Jaquett during the Revolutionary period and regret that I am unable to aid you to obtain conclusive evidence of such fact. I think, however, that the evidence justifies the inference that there were two captains of the name of Peter Jaquett during the Revolutionary period, one in the regular line and the other in the militia.

Believe me, Yours very truly,
EDWIN JAQUETT SELLERS

REVOLUTIONARY WAR LETTERS

JOHN ADAMS TO CAESAR A. RODNEY.

Quincey 30th April 1823

Dear Sir:

I am honoured by your favour of the 20th April with a Copy of Gov McKeans letter of 22 August 1813 inclosed. I have no doubt that Mr. McKean sent an express to Delaware to summon Mr. Rodney to Congress— that he arrived at the critical moment with boots and spurs—went into Congress and made a speech which Mr. McKean rehearses and voted for independence, thereby deciding the vote of the State of Delaware against his colleague Mr. Reed. I am incapable of searching for Books or dates and my momory may not be depended upon, but according to my recollection the question of the Declaration of Independence was decided in a committee of the whole house on the 2d of July. They made their report but that report was not decided on in Congress—Congress chose to meditate on the subject another night and made the subject the order for the next day—Accordingly on the 3d July the report of the day before, of the Committee of the whole was taken into consideration and the immortal resolution was passed and the Declaration of Independence ought then to have been signed, but Congress choose to sleep another night and ordered the signature for the next day. Accordingly on the

next day the 4th of July 1776 the declaration of Independence was than signed by all the members then present, Mr. McKean was not then present for he had so many avocations in Delaware, and as Attorney General in Pennsylvania that he could not constantly attend in Congress—I have no doubt that he voted for independence in the Committee of the whole on the 2nd, and for the resolution in Congress on the 3d--but he was not present and did not sign on the 4th. All the confusion has arisen from a resolution which I hope I shall be pardoned for my irrevenence, if I say it was absurd for I thought it so then, and think it so still, that all future members should sign the original parchment—but such a resolution was passed and obeyed—in consequence of which a number of names appear on the declaration of independence of the 4th—who were certainly not there and did not sign, among whom Mr. McKean was one—

I am sir with great regard, your very humble servant

BOARD OF WAR TO BRIG. GEN. RODNEY

War Office Augt. 1st 1777

Dear Sir

I am directed by the Board of War to express the Approbation they think you entitled to for your Activity & Zeal for the Service & to request you will continue your Exertions by calling forth as many of the Militia as you can BY ANY MEANS arm. The continental Stock here will afford but a small Supply but the Board apprehend Measures may be fall'n upon to discover Arms throughout the Country. There must be Arms among the people as so many have been issued out of the Continental Stores & they cannot be annihilated. Your State has no doubt its proportion. You delivered up a Number last Fall, so did other States among whom arms are daily discovered. There are Such Numbers turning out to oppose the Enemy, that tho' we have many arms, yet they will not be sufficient. & we must give every one their Proportion. I have written to the President, thro' whom any Orders relative to your Brigade should regularly come, but the Board thought it best to request your Endeavours at getting Arms for Men as well as Men for Arms. We expect a speedy Supply of a Number already on Terra firma. Let us but exert ourselves at this time of Trial & we shall gain the objects of our Wishes—Peace & Freedom to America

I am with the greatest Regard Your very obed Servt.

Sir

We are alarmed at the accounts we have just received from the Com. Genl. of issues of the State of the Magazines of Provisions at Camp—Unless the speediest relief is afforded it is by no means improbable that the army will be compelled by famine to disband; the vicinity of the Camp & indeed the whole State of New Jersey being exhausted by its exertions for the supply of the Troops this winter—We have therefore most earnestly to request the assistance of your Excellency

& the Honl. Council upon this distressing Exigency & to beg that you will cause as much Flour as possible to be forwarded from your State that the distress likely to fall on the Army & the dangerous Consequences which may probably attend it may be prevented.

Dear Sr.

By an Express from Collo Rhoad Dated June ye 12th Instant 12 O'clock at Night, in Consequence of which Our Battalion Assembled by Orders I had issued to the Several Capts.— Capt Popes Company, & light Infintry, marchd from Dover about Eleven O'clock Wensday Morning, about 3 O'clock the Light horse followed. about 5 O'clock, Capt. Skillington Capt Gordon preceeded on the march, which Companies I march'd with and left orders with the Major to Dispatch the Other Companys as soon as they could be Acquipt, thursday Morning the two Companies I was with were joined about brake of Day by Capt. Blacks & Capt. Stout, we proceeded on our march and about two Miles before we came to the Mispillion Church, on the Rhoad to Lewis, we met a Company and said they were Discharged by Col. Rhoad, and before we reach the Church we met three other Companies all giving us information of the Difference mad up in Sussex, we proceeded to the Church afsd and there we met Coll—Rhodes with the residue of his Battalion from three Runs, and from the information of Mr. Rhodes who sd he was assured it was settled, we concluded to return, (but must let you know the Residue of our Battalion Marched from Dover thursday Morning Early) and this Instant Reed a a Copy of a Letter from Col. Dagsworthy to Coll Rhodes which I inclosed you, and as the Assembly is now seting you will mention it to them and if they think proper will take order, you are in possession of the proceedings of the Council of Safety of Sussex on the former Occation as I am inform'd by Mr. Sykes—I shall

July 1777

Sir

The inclosed is a return of the first Battalion of Militia of this County also a roll of the Officers of sd Battalion with the dates of their Commissions & appointments. I have not been able to obtain a return from Capt. Bellach & Capt. Smith as to their arms & accoutrements as you see by the return—with respect to the Guard you Ordered to be fixed at Cross Roads, I immediately issued an order to Capt. Rees for that purpose, but he let me know after all his best endeavours he is not able to procure a man. I went through the Company myself and acquainted them of your order. They answered some of them. there was a lot of that Company refused doing any duty in the Company, and therefore say they, we will do no more until they take their turns of duty, and they further say that ye wages will not be half sufficient I offered them 5/ per day finding themselves, some of them say they will not undertake that business under 20/ per day, it really Seems to me that the devil or something else is got into the people for many of them is endeavoring who can make the most confusion. And the officers have no more authority over their companies than the privates have over their officers, what will be the consiquence I will not pretend to say, but I think at present that the Militia will not be worth a groat in a little time—

However I should be glad you would let me know the highest price that may be given for the Guard at Cross Roads, as well the officers as the privates. They all seem to be on the same key. Money is their principal object.

I am Sr. with respect yrs. Hum. Servt.

Dear Sr: I received you favour by Mr. Rees, with respect to the Arms belonging to Mr. McGarmant I was yesterday about setting out to purchase them, but receiving certain Inteligence that McGarmant is not at home, he is some where upwards with his Drove of Cattel, therefore thought it Needless my Going unless I could purchase the Arms, however I have wrote to Mr. Banning, to inquire the certainty of the Arms being there how many there are and what kind they are of, and likewise to send all the publick Arms at Dover to Cross Roads in Order that they may be Repaired by the two Deserters you sent here yesterday, they are giting in Order at Rees Shop to do this kind of business, and seem very thankful they can be of use in this way and Promise to be very assiduous in their business,

I shall take care to collect all the publick and private Arms and send to them for immediate reparation, which shall be sent to you as soon as done—Cambell the other Deserter I have with me—I also Received yesterday from two Negroes, longing to Moses Coughran a small cart, to horses, and some other Articles taken by them—I was . . . . . to set out this day to your Quarters before I received . . . . . ter, but shall Decline Coming until I have the Necessary business of Repairing the Arms done or in a fair way of being done, more Especially as our Battalion with you is week and seems to be well officered with field officers as Col. Battell & Major Raymond is there, however when you think my presence is necessary with you youl please to Order it—as I am ready on the shortest Notice to tive my Attendance I cincerely wish you Success in your Progress and remain

Sir/

As I Have been present at the Examination of many of the Insurjints of this county, and some witnesses against them Before the Justices of peace—I shall now mention to your Excellency what appears Thereby—It appears that in June last, a Number of the insurjints associated to oppose the civil Law, and stand by each other—about the 15th of July about forty began to Train under one Batholomew Banum— the of august There was embodied about 100 men they then began to rob the inhabitants of their arms and accutrements—with intent to Take what they caled the heads of the whigs, (the militia officers) and Carry them to the refugees on the 6th 7th 8th and 9th—upwards of four hundred embodied at Different places, in the neighborhood—tho there was but about 280 ranke file at there main Camp—Some of these ignorant people were for opposing all law, others for establishing what they called the King's Laws—and others for opposing the payment of Taxes—but generally seem to have believed that all to the Southward of Chesapeack Bay had laid down their arms and submitted to the Kings Laws—and that They should very easey make Sussex County dow the same—Some of their Leaders have Submitted with Many others—much the grate number of which have given up their armes and given Bail—Some of those that are out sent to me requesting me to meet them—in the woods and draw a petition to your Excellency to pardon them—but on finding they did not intend to submitt, Till they ware pardoned—I Lett them know you would receive no petition from them until they sumitted themselves—those that joined them From Maryland are sent to Worcester goal—few of the armes took are brought in—

Gentln.

Permit me to address you on the State of supplies to be made by your State to the Magazine, for the support of the Army, at this present my time will not Permit, to enter into a detail of the Irregularity of the Supplies which has hitherto been made, thro inattention of the officers appointed by the State, or other Causes I do not presume to determine which, but be assur'd in every Stage of the business I have gone thro; owing to the Scantiness of Supplies, I have met the utmost difficulties, and the public business has been much retarded, when at the same time had the specific supplies, that was granted for public support by your Honble Body been afforded in any reasonable proportions to the Quantum granted, it would have been greatly sufft. to answer the Exigencies of Public business, for the prest. state & present necessity, to an immediate attention of your Honble. House to this circumstance I must refer to some of the Gentn Members of the House, and

particularly Colo. Duff, and the other Gentn for New Castle County, who must be acquainted with the distress'd Situation of the Post at Christiana, at this present, destitute of every Supply. and a Considerable movement. of the Army going on Southward a circumstance from real necessity productive of the most disagreeable occurences, the taking property indiscriminatly which never fails of giving much distress, and causing just murmurring with the inhabit's. and tends to invalidate the greatest security & happiness to the Individual. (the Civil Power of the State) to the wisdom of your Councils these several circumstances are submitted—

DELAWARE REGIMENT

TO THE EDITORS OF THE WATCHMAN.

Long Hook, near Wilmington Del. Dept. 10th, 1825

Gentlemen—I observe in your paper of the 6th inst. a communication from my old friend and fellow soldier, Major C. P. Bennett: in which he gives you a statement of the Delaware Regiment as organized in April, 1777; omitting the organization of that regiment in Jannuary 1776, under an act of the Legislature of this State, passed in 1775., ordering the officers to be commissioned and the soldiers to be enlisted for one year ending on the 31st. of Decembeer, 1776. I herewith send you a list of the Officers names, their commissions all bearing date from the first to the ninth day of January, 1776. I then received an ensigns commission, dated January 4th. 1776, in which capacity I served until January, 1777—when, by another act of the Legislature, the regiment was reorganized, and I received a Lieutenant's commission. After assisting to recruit a company under the gallant Capt. R. Kirkwood, I marched with them, in February, to Princeton and Brunswick, in New Jersey; at which time the enemy were in possession of a part of that State and of New York. By another act of the Legislature, the regiment was again reorganized in April, 1777, and I received a Captain's commission, dated January 8th 1777. In that capacity I served until near the close of the war, when I received a Major's brevet, dated June 8th 1782. The Delaware Regiment in the campaign of '76, consisted of 42 officers, and 768 rank and file. Of these, four officers, including the gallant Commander were killed, and sixteen wounded. Of the rank and file, many were killed and wounded—but more died of the camp fever. It is believed that but one or two officers survive, who were commissioned in January, 1776—assisted to raise the regiment and continued with it to the end of the war, or seven years and ten months.

At the close of this campaign, the enemy were not only in possession of the city of New York and the greater part of that State, but they occupied all the eastern seaports—had overrun New Jersey to the banks of the Delaware, and threatened our existence as a nation. A thick cloud of darkness and gloom had covered the land, and despair was seen in almost every countenance. More than one half of the officers of the regiment refused to serve the next campaign. This was truly a "Time that tried men's souls." There were, however, from January to April 1777, about forty choice spirits found, who accepted commissions, when it was reorganized

and the men enlisted for three years, or during the war—and in April took the field, under the command of Col. D. Hall and the officers as stated in the Watchman of the 6th inst. It is believed that in the course of the war there were upwards of 90 officers commissioned, and 5,000 soldiers enlisted, in the Delaware Regiment:—it is likewise believed that there are but two or three officers and three soldiers of that regiment now living, and two soldiers on the pension list. The State of Rhode Island had but one regiment in the Revolutionary War, which it is believed consisted of about 600 men: yet in the year 1820, Rhode Island had upwards of eighty officers and men on the pension list—whilst the State of Delaware had but three officers and men. How the Rhode Islanders should have escaped the ravages of war and time, in the proportion of 80 to 3, I am at a loss to determine: and sometime ago I addressed a note (a copy of which, I kept) to the Secretary of War, for further information. This note was enclosed to my friend, the late C. A. Rodney, Esq. who, I believe thought that some of my observations were too personal, and never delivered it to the Secretary

Respectfully yours,
PETER JAQUETT.

Extract from Lieut. Col. Bedford's Orderly Book, and Muster Rolls of the Delaware Regiment—for March, 1776 Commanded by Col. John Haslet:

There were 42 Officers in the first Regiment of '76—and 16 only served the next campaign.

JOHN DICKINSON TO GOVERNOR RODNEY.

Sir

I have the pleasure to inform you, that the news of our success in South Carolina, is so far confirmed, tho we have not yet received any Express, as to put the truth of it beyond all doubt—The Enemy attacked our Lines at Charlestown, and were bravely repulsed—They attacked a second time, & while the action was well maintained on both sides, a column of Lincoln's army appeared in the rear of the Enemy, & immediately falling upon them put them to a total Rout, with a very great loss of kill'd & taken on the spot—and then pursued them as they were scattered in small parties to make their escape, which perhaps is the reason, that we have not yet had any Express from him. It is said, the enemy's numbers were 4000 British, & 3000 Tories, the latter of which made little or no resistance In short, tho the particulars cannot be authentically ascertained, Congress is convinced, that the affair is another Bourgoignade—and every successive Blow of that kind, must be more severely felt than the preceeding, because it is striking upon a Place already sore & weakened.

Let us at this important Crisis intensely recollect our duty to Heaven & our Country—co-operate in our several stations with the Efforts of our Gallant Brethern

in the field, and after vanquishing scores in fair fights, not offer ourselves to be ruined in our internal & domestic affairs by the most contemptible vermin that ever crept upon the Earth.

I saw a Letter yesterday from the QuarterMaster General—He mentions the Enemys having gone up in Force to West Point on North River, an important Post of ours well situated, fortified, and garrisoned—after viewing it some time part of them returned down the River, & from circumstances it is believed, an Irruption into New Jersey is intended—My Brother came to town last night, from General Cadwaladers, & tells me he came up in consequence of an Express, to collect the Jersey Militia with all possible Expedition—It is supposed, but without any Evidence that can be depended on, that Genl. Clinton may take the field with 8 or 10,000 men—Such a force will not be able to accomplish any great matter.

If we baffle the attempt of our Invaders this campaign, & convince them, that our Finances are not in an utterly irrecoverable Disorder, I hope this year will crown our Labours with peace Liberty & Safety—I am sir, your very Hble Servt.

JOHN DICKINSON,

Philadelphia June 10th 1779.

I sent down by Jo, 19 copies or setts of the Journal & minutes of Congress for the Council & Assembly, but have never heard, whether they were receiv'd—I now send down 19 setts more—from the 17th of April to the 22d Ulto. Thomas Smith will deliver them—

GOVERNOR RODNEY

JOHN DICKINSON TO GOVERNOR RODNEY.

Sir,

I have the pleasure to inform you, that the President of Congress, this moment call'd upon me, to inform me, that he has received advice, that the Count D'Estaing with a formidable Fleet has arrived at Georgia, with a very considerable Body of Troops on Board—one of the principal officers landed in South Carolina, held a Council of War there, in which the plan of operation was settled, and then returned to the Count—and, if no Blunder is committed, the Event will be what we wish it to be

The Enemy is fortifying New York incessantly—They have done a great Deal, but still are not contented, our Intelligence is well authenticated, that they meditated an Embarkation of Several thousand Men—The Counts arrival in all probability will put a stop to it, unless they slip out to the West Indies, while he is approaching which is not unlikely.

General Sullivan has beat the collected Force of the Enemy, of which too formal an account is published—tho the consequences are said by such as understand Indian Affairs, to be of Importance to the peace of our Frontiers—

Mr. Gerard has taken Leave of Congress, & is expected to sail every day in Frigate, Confederacy—We have dismist him with as honourable Testimonial, respecting his public & private Conduct as We could give

I have been for Some time exceedingly indisposed—I intend soon, if I get better, to make a Trip to Kent—& if the State has any particular Business requiring

immediate Dispatch, I should be glad to have advice of it as early as possible—I beg leave to recommend in the most earnest manner, the providing every kind of cloathing for our Battalion of brave & worthy officers & men, and also the having our Militia in the most respectable Readiness for action. I speak the sence of Congress on these subjects.

I am with great Regard Sir, Your very Hble. Servt.

Governor Rodney

JOHN DICKINSON TO GENL. GREEN

Sir

On the 16th of last month received your Letter of the first of February; and heartily rejoice in the truly honourable Testimony you bear to the merit & services of the officers & soldiers of the Delaware Line. I hope & believe; the Time is approaching when their grateful Country will be enabled to pay a proper attention to such worthy citizens. We are exerting ourselves to send some Reinforcements, & it is expected that the first Detachment will march in a short time. Our Endeavours have been interrupted by the strongest, boldest & most perservering attempts yet made by our Enemies, to destroy our Trade. We have not yet learned here to turn distress into advantages & to draw all the consequences of success from crowds of Difficulties.

The driving the Enemy to shut themselves up in Charlestown & Savannah, is more than thought to have expected from the force to the southward. Your observations on that subject are very just, and it is certainly true, that the happy conclusion of Great Affairs depends as much on present Pauses as on Ardent Advances.

I am sorry for the complaint against Colonel Hall: for tho' my knowledge of him is but slight, he is spoken of to me by officers who have served with him, as a Man of great Gallantry & sweetness of Temper. If I should furnish any proofs tending either to acquit or condemn him, I should think it my Duty to do so—but I can supply none. I had directed him to repair to the Regiment fifteen days before the receipt of your Letter

I have not yet seen Captain Kirkwood; but am informed that he is lately returned.

I am with very great & the sincerest Esteem sir,

JOHN DICKINSON TO GEN. SMALLWOOD

Sir,

Your Letter of the 28th of February came to my Hands on the 30th of the last, and it is with great satisfaction I can inform you, that the Delaware State is making every Exertion in her Power, to reinforce the Southern Army, being inprest with the strongest sence of the importance of that Measure, & the most ardent Desire to promote it. Resolutions have been past allowing a Bounty of £ 2 cash for each man inlisting in the war & Captain James Moore, a very deserving officer & perfectly qualified for the business is appointed to superintend that Recruiting Service. He meets with success, which nothing, I am persuaded, will interrupt, but the want of Money. Most Defect is caused by the all most total stoppage of our trade by the Cruizers from New York. Vigorous Measures are now carried on by this State & Pennsylvania for its protection if these are successful I think we shall do as much as can be desired from us; but We have no such resources as those adopted by the State of Maryland, & expect in a short time to send forward forty or fifty men, some of whom are now under inoculation; & I wrote on the first of March to Capt. Wilson & Coxe, & Lieut. Horseman & Kidd, who with Coll. Hall & Capt. Moore, are the only Delaware Officers now in the State, except those who are considered as Prisoners of War, to hold themselves in Readiness, on the shortest where to join the Army under the command of General Greene, On the same day I directed Col. Hall to repair to his regiment.

I am much obliged to you for the offers you are so good as to make, and I give myself a particular Measure in assuring you, that the state Troops entertain Esteem for your person & character expects they will be pleased with every opportunity of expressing

I am with the most sincere Regard sir, Your very obedt. hble servt.

HENRY FISHER TO COUNCIL OF SAFETY?

Lewis April 1, 1776

Gentlemen

On Monday evening last a Man of War and her Tender came within the pitch of our Cape and anchored as you have been informed by last express—the Pilot Boat stationed near Lewis Creek's mouth did not discover the Singal at the Lighthouse, nor see the Ship that evening as it was near dark before she came to the pitch of the Cape. And when the Alarm Guns were fixed the People on Board the Boat, altho' they heard them very plain, imagined as they said that we were cleaning the Guns, with a proof charge. Tuesday morning the Man of War's boat took the Pilot Boat, the wind being light and northerly and Ebb Tide—but before they boarded her the hands in the pilot boat left her and rowed on Shore at the Broadkill in their Skiff.—The same day the Man of War with their tenders and Boats took a Small Sloop then laying in the Road belonging to Eggharbour in ballast the people of whom left her first in their Boat, they also took two other small Sloops from Philadelphia One to Synnepuxon the other to North Carolina and on Wednesday sent them on Shore in their own small Boats. Stripped and

scuttled the afsd. three Sloops and set them adrift, by these People we learned that it was Captain Hammond of the Kings Ship the Roebuck of forty four Guns—

They made another Tender of the Pilot-boat sent her out took a New England Sloop Bound to Philadelphia for corn and that night laying to near the Cape the hand at helm falling a Sleep let the Pilot Boat run on the Beach when the third Lieutenant their Pilot and two sailors left her, went on the Cape and were taken on Thursday by our men. We stripped the Pilot boat of every thing of value and found Ten Musguets and five Pistols which had been hove over the side where the Boat lies—On Friday and Saturday they took nothing——On friday the Sloop Hornet appeared near Indian River and sent on Shore and got a Pilot, but we have not seen her since and the same evening the Brig Capt. Barry came down under Cape May And on Sunday Morning went out—The Ship and Tender put out to Sea also after the Brig but returned on Sunday evening into the Road——We have been Day & Night on Guard both on the Cape and at Lewes and Pilot Town——The several Companies of Militia from all parts of the County who live within twenty or five and twenty miles of Lewes came in as soon as they could be expected seemed all quite unanimous and hearty in the Cause determined to defend their country. there has been near 1000 men in at times the last week so that we were obliged to discharge many of them not having Occasion for half the Number—We prevailed on those who lived at a distance to leave some of the Best of their Arms (for Numbers of them want Firelocks) which are not to be purchased.

On Saturday last Capt. Popes' Company of the Delaware Battalion of regular Soldiers came down from Kent all well equipped——How long the Ship intends to stay here we cannot learn—If any thing material should happen, I shall endeavor to let you know it.

As to the Restriction you have laid upon me not to man the arm'd Boat with Pilots I must beg leave to Acquaint you that our Pilots Bare a Different Carricter to what yours Doe and as the Boat is to be Stationed at our Creeks mouth I cannot see there will be the least Danger in leting Six Pilots goe in her and the Remainder Lands men as the Pilots are Acquainted with the great gun and they always can see their Danger Before they can be Suppressed.—I think I can venter to say that the Pilots here has and are willing to do Every thing for the safety of your trade that lays in their power—I hope Gentlemen that you will Reconsider the matter and send me a line in the meantime I shall act with the utmost Caution and do Every thing for your Interest that lays in my Power.—Colonel Dagsworthy and Colonel Jones think that one of your Arm'd Boats would be of Service to be stationed in Indian River as that Inlet is at this time very good having 10 or 12 feet water into it—Perhaps some of your vessells may be chased in there in which case such a Boat lying there would be of best Service. You must think Gentlemen that we have no views in this matter but your Interest as we have no trade of our own, if you where to order Capt. Laurence to be stationed here as he is willing I think he would be of Rail Service.—I have given Capt. Laurence a Receipt for what Stores I have Recd. from him. You will be so

HENRY FISHER TO COMMITTEE OF SAFETY

Lewes, October 25th, 1776.

Gentlemen,

On Monday last we held at this Town an Election for members of Assembly, and Legislative Council, to represent this County in The General Assembly of the Delaware State, which day exhibited such a scene of disaffection to the common cause of America, as I think have not been equal'd by any transaction on this Continent since the commencement of the present dispute with Great Britain. The few friends of America in this County, almost worn out with perpetual Contention, & convinced that further struggle were fruitless, determined for some time past not to concern in the Election, and but very few of them come to Town; the Tories, (for so I think I may justly call them,) flocked into the number of five and six hundred, pritty early in the day, at about 12 o'clock, one of them turn'd out by the other for a Bully, came to me when setting at my own door followed by a croud, and demanded an Ax to cut down the Liberty Pole standing in the street, and on my refusing he seized me by the Breast in order to drag me into the Street, but by struggling and the assistance of some friend I got clear of the mob and safe into my house, where I was obliged to keep close the remaining part of the day; the mob threatening to roast me alive if they could get me into the street. In a short time after they left me, they by some means procured an Ax and went in a Body to the Pole and cut it down, when it fell, the Streets resounded with Huzza for King George and General Howe, execrations against the Congress, Whigs, &c. They then took the Top of the Pole, on which part of the Independent flag had been us'd to be hoisted, and carried it in derision about the Town, followed by the Croud throwing up their Hats and Huzzaing for the King, and when tired with that kind of mockery, set it up at publick sale, struck if off it is said for thirteen pence, meaning I suppose Hangman's Wages. After this, one of their gang placed himself in the Court House door with a large Hickory club, which he held across the door, saying every person who came in there should declare himself for the King, thus forcibly Electing a number of their Junto to represent them in the General Assembly of this State, one of which has been disarmed by a Committee of the late Assembly of this Government, as an Enemy to the Liberties of America, and another of whom has been convicted of being unfriendly to the common cause before the Committee of Safety of this County.

The friends of America here, convinced from the conduct of that day that seting down inactive will not protect them from the rage and fury of this disaffected Banditti, have petitioned the Assembly of this State, for protection for their persons and property, what weight it may have is not yet known, but certain it is, if these disaffected wretches are permitted thus to go on, it will be dangerous for any friend to this County to travel the public Roads in this County a little time longer, and I am well satisfied that if there was only one thousand English Troops landed in any place within their reach, they would flock to them almost to a man. These circumstances must be very alarming to Pennsylvania, if properly considered, for was a Body of English to be landed here, this County, if not the whole Government must fall into their hands, and the few friends to the common cause residing here, become a sacrifice to their relentless fury, and they would be supply'd with provisions, &c., while they made War upon your State. That this event may never happen is the sincere wish of,

Gentlemen,

Your most Obedient and very Humbl Servt,

I shall refer you to Capt'n Wiley, who was present at my House when I got this information. I should have sent this by the Express Horses, but did not know when I might want them for something more material, but you may rest assured that I shall do everything in my Power, to give you the earliest inteligence when any of his Majesty's Pirates are making up our Bay, in the meantime I remain,

Having this opertunity by Mr. Andrew Purviance, I must inform you that yesterday there was Seven Large Vessels seen from the Light house about five or six Leagues to the Southward of the Cape, which I apprehend are the same vessels that have been seen off here for this two weeks Past, this day they are not to be seen from the Light houses. Although the wind has been this 12 hours to the Southward, they are bound, I amagine, to the Northward, or they might have been in to Day, as they have had two Tides of flood since they Appear'd in sight. Lewistown, Jan. 1st, 1777.

Gentlemen,

This will be handed to you by Captn Daniel Murphy, who I gave the command of the armed Barge to, upon her first coming down here, and has behav'd very well in that Station, as it now appears to me that she is in some danger of being either taken from us or burnt, is the Reason of my sending her up to you, and as Mr. Murphy has only my word for his Wages, I must beg that you will amply satisfy him, as he has devoted himself to the Service, & been of real advantage to your Trade.

He brings up with him a number of Prisoners out of different Vessels taken by his Majesty's Pyrates who were put on Shore here last Night in great Distress. If you think proper to send the Barge back, please to give Captn Murphy a Commission with orders to man her properly, and any service that I can render, shall not be wanting on my side.

Capt. Hallock can inform you something of a very extraordinary Nature respecting our Torys here.

Philadelphia, March, 17, 1777.

Sir, I am commanded by the Supreme Executive Council of this State to lay before Congress the copy of a letter just received from Henry Fisher which is as follows:

(Copy from Original laid before Council 17 Mar: 1777, and sent to Congress.)

"Lewis Town, March, 14, 1777.

Gentlemen,

"On Tuesday the 11th after night there came into our Road two Ships and "a Sloop Tender, one of them has not been in our capes before, I take her to be a "forty or fifty gun ship, the other a frigate, the sloop appears to have ten guns; "on Wednesday morning there appeared a third ship, the Frigate made sail after "her, they have not been seen since, last evening the other ship went out and at "this time they are not be seen from the Light house."

"I should have sent off this express before, but did not know when they "they might be bound up the bay and then should not have had the horses. Our "Council of Safety will not admit of a guard when the ships are in the road, there-"fore I dont know when I may be surprised and taken on board, believe me gentle-"men I am in a very deplorable state, for when the Roebuck was last in the road "I happened to be the commanding officer and only ordered twelve men and an "officer to receive the Flag as they were often sending on shore when two of the "Council which were magistrates and another, came and advised that we should "lay down our arms and submit. By this you may see the temper of our people "here. These are matters of fact and such as I am able to prove; & if the honorable "Congress does not take some notice of us, the pilots will be all taken in their beds, "for you cannot think that ten or twelve men can stand guard and protect them-"selves, therefore must beg your assistance, or you will feel the effects of it if there "should come a fleet into our Bay. In the mean time I shall strive to do every "thing that lies in my power for the good of the cause."

I am Gentlemen your most humble Servant,

HENRY FISHER.

N. B. Please to call on Davis Bevan, and he can prove some of the matters I have alleged.

HENRY FISHER TO STATE NAVY BOARD

Lewistown April 12th 1777

Gentlemen

Yesterday morning the Ship Morris, Captain Anderson was chased into the mouth of our Bay by a Frigate, the Roebuck laying in the road made sail after her. Captain Anderson run his Ship on shore about half a mile from the Lighthouse, the two ships continually firing at him, and he return'd the fire for near three hours

in a most brave & gallant manner—The ships sent three Boats, which was beat off by the Morris. Captain Anderson landed his Packet for the Congress wh. I have forwarded up by two French Gentlemen—when finding he could defend her no longer, he laid a train, & blew the ship up, and I am sorry to tell you that so brave a Man has fell in the attempt, the mate and fourteen of the crew are safe on shore —The scene was horrible to behold. The Cargo is inpart blown on shore viz. Guns Cloaths, Gunlocks &&&c. We have a number of men saving the Cargo.

The Roebuck is now in the Road and two Frigates at Anchor upon the lower part of the Brown. There has been a second Flag from the Roebuck. The Officer says they expect their whole Squadron in shortly, and should they arrive I will give you the earliest advice in my power.—

HENRY FISHER TO STATE NAVY BOARD, 1777.

Lewistown Augt ye 8, 1777.

Gentlemen,

Having this opportunity by Capt. John Learmonth, I shall give you the Best intelligence from here Respecting the pirate ships,—there is one frigate and tender lying at the Brown, one Frigate and tender in our Road, and two frigates that Cruise of and Near the Cape, sometimes they come in and stay a tide and then out to sea. On Tuesday last, Capt Murphy went up to Cedar Creek to take possession of some craft that was there that the torrys go off to the ships to trade with, but upon Capt Murpheys entering the Creek he found a Sloop that had lately ariv'd from New York with several articles such as Salt, Rum, Sugar, Coffee & Tea, &c. &c. he Boarded her, but the men took to the marsch that belonged to her, and Capt Murphey pursued them but could not over take them, however he took four other Gentlemen that was going down to trade with Bacon, Eggs, &c., &c., the Capt brought the Sloop out and got down to our Creek's mouth that night, but could not get his prize in, the next morning there came a schooner tender Belonging to the Ship in our Road, and three Cutters, to Retake sd Sloop, upon which a smart engagement begun which lasted above half an hour, when to Capt Murpheys credit be it spoken that he made them shear off, altho' the Schooners mettle must have been much heavier than the Barges, the Cutter was obliged to towe the Schooner off, and I am certain that she must have Reed some considerable Damage, for I was looking with a glass the whole time of the action; Capt Murphey Reed very little damage save being burnt in the face with his own gun by her blowing from the touch hole. The Sloop he got safe into our Creek where he would be glad to have your orders. There is a constant trade from the ships to Cedar Creek, and I think if you could spare one of your small galleys, the vessels they trade in might be taken, they are a Sloop and Schooner, and mount two six pounders and some swivels each, they are there once or twice a week certainly. Capt Murphey desires that you would send him down powder & ball as far as Mr. John Clowes near this place, please to fail not as he is in want of it.

Colonel Richardson is encamped at Mr. Clowes about 13 miles from this he has taken up several of our Damd Rascals of torrys and I believe he will doe a great deal of Service here; Capt Murphey took several letters in the Sloop which he sent to Colonel Richardson to be forwarded to Congress, they are from the infamous Tho's Robinson, late of this place but now an inhabitant of New York, I hope the letters will come safe to hand and shall take it as a favour if Messr Bradfords would have them put in their useful Paper.

I fear Gentlemen that I have tired you with my long appistle, however you must excuse your humble Servt.

Gentlemen,

On Saturday last, came in and Anchor'd in our Road, a Sixty Four gun ship; she lay there about three hours, and then hove up and went out, and anchor'd abreast of the light House. On Sunday, about Four O'clock, Came in a Small Black Sloop, which she Brought too; and last Night, she and the Sloop went to sea and have not been seen since.

This Day, about noon, Came in Seven Ships, which I take to be Store ships; at Most, there is not above one arm'd Vessel with them, and she not more than a Sloop of War. They are all standing up the Bay, with the wind At South. They Appear as if they were much at a loss to Know what to doe. They are going up under a Very Small Sail, and to all Appearance will not go farther up than the Brown; for I Beleave they lave lost their Convoy. PRES. REED TO HENRY FISHER, 1779.

In Council,
Philadelphia, May 11th, 1779.

Sir,

I have just received Advice that on the 7th Inst., a Fleet sailed from New York with a Number of Troops on board, its Destination uncertain; supposed by some to the West Indies or Georgia, & by others to Baltimore or some Port in the middle States. We think it incumbent on us to keep a proper Lookout, for tho' this City may not be the Object of their Attack, it is probable they may show themselves at the Capes, with a View to alarm & harass us. I have therefore directed Capt. Roach to go down to you to request you will with your usual Alacrity & Diligence give us all the needful Assistance, & if they should make their Appearance, send the earliest Intelligence by an Express, directing him to keep it an entire Secret on the Road & here, that the Authority of the State having the first Information proper Measures may be taken to prevent that Consternation & Confusion which is apt to take Place in large Cities upon the expected approach of an Enemy. If it is convenient we would wish you to accompany Capt. Roach to Cape May, & there fix Matters in such a Manner that an Express may come from thence under the same Restriction, if the first Appearance should be on that Shore. Besides all necessary Expenses, we shall give the Messengers, if they should come & do their Duty a handsome Gratuity, & shall pay a proper Attention to your Services.

Lewestown, August 2d, 1777.

Sir

Your Letter by Express arrived last Night by which I find you are anxious to know the movements of the Fleet—On Wednesday we first discovered them & in a little time we could make 23 Sail from the Light-House; they had every Appearance of coming into our Bay one of the small Vessels was placed in the Tail of the Hen & Chickens with a large flag as a Beacon for them & a Ship anchored in the Channel; thus they continued enveadoring to get in 'till the Evening when a large Ship which we took to be the Admiral fired a gun & immediately the whole Fleet backed & stood off; except the Admiral with three or four others which lay close in the Cape 'till thursday Morning & about ten o'clock she fired a signal Gun and stood off for the Fleet which were to the eastward; immediately the whole Fleet

changed their Course to about E. S. E. as near as we could judge the Wind being at S. and about four O'clock P. M.; they were out of sight; whether they were bound to New York or Virginia is not in my power to tell—Our disaffected were greatly disappointed by the Fleet not going up, as they expected the Matter would be shortly settled to their Satisfaction; several went on board of them from Indian River & Nehemiah Field & Samuel Edwards (two Pilots) from off our Beach—The northern & Western Battalions still adhere to their former Principles as not above four made their Appearance under Arms at the Alarm

DAVID HALL JR. TO MAJOR GENERAL RODNEY

Wilmington, March 15th 1778—

Dear Sir,

Your favor I received & am exceeding glad to hear our recruiting goes on so successfully, am in hopes it will continue & the regiment be once more on a respectable Footing. I have applied for the Cloth but the General objects to sending it to the Cross Roads but hath given me Leave to send it to Newark where I have ordered the Taylors from Cross Roads; the General desires me (as he is exceeding busy) to acquaint you that he has detained the waggon in expectation of Ammunition from Head-Quarters but it not arriving he has sent the waggon with the Cloth to Newark & from thence it is to proceed down—as soon as we get a Supply of Ammunition the General says he will send what you want, but at present we have but 12000 spare cartidges on hand—we have received information that the Flat Bottomed Boats are on their way down, thinks it would be insecure to send the Cloth down he advises that Coll. Pope immediately remove the Taylors and Shoemakers with their Cloth & Leather to Newark—We have nothing new—

Dear Sir,

Our men are in great want of Stockings and will be in much greater when the weather gets cooler We shall also want Coats in a few months should be glad they could by any means be procured—I applied to go down to Philada. but could not be spared no other field Officer being here, therefore our sole dependance will be on you—I hope you wont forget me & my two men in the Distribution of the prize sloop Hawk—We have nothing new here except that an Express arrived from Rhode Island to his Excellency informing him that our troops had landed there on Monday last—Count Destaign commands the French troops that land in person—Present my compliments to all friends and believe me to be

Yours sincerely

DAVID HALL TO CAESAR RODNEY.

Sir,

I have sent back Serjt Wilson & Edenfield as there is no necessity for detaining them at this post—

The Act of Assembly made for the relief of those concerned in the late Insurrection allows the married persons that inlist the Liberty of hiring a Substitute & have time given therein until the 10th of February for that purpose so that we cannot in Justice march them from this post agreeable to your Instructions, the Civil officers also object to their being removed until the fees are discharged—The number inlisted amounts to thirty six exceeding fine Recruits and I do not apprehend there will be near the danger of their deserting by detaining them here as if they were removed.

DAVID HALL TO CAESAR RODNEY.

Lewes Feby 19th 1781—

May it please you Excellency

The Receiver at this post Captain White upon application to him for provisions replied that he could not furnish any, being without money & no person would sell without having a most exorbinant price in Certificates, and our provision being by that means very scanty I have been under the necessity of permitting the Recruits to go to their respective homes & collect them every fortnight at this place, fourteen have deserted.

As the Recruits cannot remain here without provisions you will send your Instructions what shall be done with them, the Fees being undischarged I cannot make myself liable by marching them off—

If your Excellency should write to the Southward I should be glad you would communicate to the commanding officer the reason for my not joining the Regiment having remained since my leaving the Army in a bad state of Health until these few months past & since that detained by want of Cash & clothing—as I intend setting off at farthest by the first of April for the Army or sooner if I can be provided with money & clothing both of which I cannot do without, you would much oblige if you could point out to me what Method I shall take to procure the money—having received no pay for these eight or ten months past my finances are run very low and I dont know but I should get into Tortar Limbo if I should attempt to leave this place without discharging.

Please present my Compliments to Captain Wilson

JOHN HASLET TO

Sir

By means of Mr. Shee, I am favoured with a Message from you, to know, whether a Colonels Commission in a Continental Battalion, to be raised immediately, wou'd be Acceptable to me. I am much obliged by the Honour of the Proposal, and the Friendship expressed in it, Were I to consult my private Interest, or Domestic Satisfactions, I shou'd be induced to refuse, but, Sir, I have for some time past thought it my Principal Business to support the Present Virtuous Opposition, & think every Wise & Good American must sooner or later second the generous struggle. In this view of the matter, it wou'd be infamy to refuse, rather than Virtue to Accept—I feel no uneasiness in being thus Explicit, but what arises from a consciousness of being unequal to the Task, & the apprehension of bringing unmerited Censure on the Undeserved Friendship, which has dictated the offer, However, if the Congress desire it, I (who look on their Resolves as the Political Bible of Liberty & America), will consider either appointment, as the voice of Heaven, (of the People it Most certainly will be) & strain every Nerve to prove the Confidence of my Friends has not been Misplaced—

As this Business has Orignated from you, Please to Accept my most Hearty thanks for your Goodness to me, & believe me, to be, with great truth & Esteem Sir Your most obedient & most Humble Servt.

Dr Sir

Have just time to salute you, & to inclose the Proceedings at Mispillion persuant to the Order of Council, if the Council meets this Week, it will not be in my power to attend--

On my Return home I was informed, that A Vessel from Piscataway, was loading in our Creek; having Sold her Cargo of Rum &c to Smith Fausset; that the master had spoke of himself as considered in a suspicious Light by his Countrymen—In this view of the matter, I wrote Fausset the Danger of procuring a Load of Country produce for a Person of so Dubious a Character, without proper Authority, & yt my Opinion as a friend was, that he should discontinue the Matter, till it was farther inquired into--Next morning Smith & the Captain produced to me a Permit from Portsmouth, signed by Hankin Wentworth a Member of their Congress, & the articles of Agreement with his Merchant the Permit was also signed by two other Committeemen—if the Council thinks it worth their Attention—I suppose the Parties will attend on a Summons, or if not; on Request of the Council, I shall find no Difficulty to send them up—tho' from the Mans Looks & air & papers I'm Inclinable to think him a true Man—My Compliments the General, I expect to see you on Sunday, & am with much Esteem Sir

Sir

Two Hours after my arrival at Dover yesterday, I received an Express from Col. Cantwell, with Information, that three Men of War were in sight of Port Penn, that they expected an Immediate Attack, praying Immediate Assistance—Another brought Intelligence, that the Roe Buck was fixt on one of the Thorowfare Shoals; to Ascertain this Capt. Rodney with Lt. Learmonth set out in the night to reconnoitre with Certainty, & meet such troops as we con'd Arm at the Cross Roads—the Lt. did meet us, the Roebuck had gone off—Capt Caldwell marched with one hundred & thirty men well armed, paraded at 4 O'Clock in the morning at Cantwells Bridge found Capt. Rodney, the Men of War are gone up to Newcastle, or rather to the Chevaux-de-frise, I shall return with the Captain, & Order Capt Caldwell to continue his March, Col; Bedford to take command of the Detachment—the Post brings us the Irish Intelligence, forty thousand Men divided into five Parties, tho' they were all Commissioners, will do very well, if we can get arms, I flatter myself we shall give a good account of our proportional Debarkation—

I have just time to assure you sir, that I am with the greatest Respect & Esteem yr. most obedient Servant

Sir

We are much distressed here on receiving an Order of Congress, inclosed by the Council at Newcastle, to exchange Lt. Ball for a Certain Capt. Budden of the City of Philadelphia; Our uneasiness does by no means arise from opinion, that to exchange an officer of the Roe-Buck for the Master of a Merchantman employed in Private Business, is unequal; but from our Apprehensions of Danger to the Community; if the Lieut. is permitted to go on Board, while his ship continues in our Bay; You, Sir, well know the Humanity with which he has been treated at Dover, the General Acquaintance which he has contracted, & the particular Correspondence he has held with Persons, who have discovered very little Zeal in defence of American Liberty, he has been heard to express great satisfaction on finding so many true subjects to his Majesty in the Circles of his Acquaintance, he knows our Naked & defenceless situation; he knows, it is in his power with 150 men well armed to desolate great part of this seemingly Devoted County. Popes Company is armed by us for the Defence of Lewes.- Capt. Caldwell marched a Detachments of 150 men completed for the Field by my Orders, as soon as Intelligence was had of the Men of War going up the River, which leaves us without a Sufficient Number of guns to mount a Sergeants Guard--all this is known to Mr. Ball--Have not Congress been hurried into this resolve by the Weight of Capt. Buddens Influence in the City, & the Inclination of the Wilmingtonians to Ingratiate themselves with the commander of the Roebuck. I can't help thinking, in the Spirit of a freeman, but with absolute Submission to the Decisions of Congress in the matter appeared in its true light to them, the order had not issued,

the armed vessels are expected down every hour, the Council here have called on me for their Arms, & I shall order Capt. Caldwell to march his Detachment back here forthwith, if the Lt. is sent on Board. In all this I flatter myself with receiving the approbation of Congress—as the future danger, if any, before a Reinforcement, will be in the two Lower Counties—perhaps before the Lt. can march from here, & be sent on Board, we may be happy enough to hear from you—this shall go by Express, hope you will be able to collect my meaning from this hasty unrevised scroll, & shall leave it without other apology, to depend on yr. Good sence to give it weight by your Representation.

I am with Sincere Esteem & great Regard Sir Your most Humble Servt.

Mr. Killen yesterday Evening conjured up Several Difficulties, about the Payment of the Continental Money, it Originated from this—Mr. Bail reed. from me last week One thousand Dollars to pay off the Subsistence of the Troops at Dover, & on my going down to my own House, the Gentleman set out for Newcastle, & has left the accompts unsettled—he had no leave of Absence; will his Receipt be a Sufficient Voucher for me to Congress? Will the Receipts of the Capts on the Back of their Pay rolls be so also, in Case any of them should Embezzle the Soldiers Money, after it is paid to them—I have hitherto paid the Capts only & the Staff Officers, according to the Rule of the Brittish Army. I was extremely wanting to my Self, in not taking the leave of Congress on this Matter while in town as the Circumstances of Some of the Capts are narrow, I find myself much Embarrassed—You will lay me under Infinite obligations by sending me as Early as convenient Your Instructions on this Head

I am with great truth your much obliged &

JOHN HASLET TO GENERAL RODNEY

Sir

I sit down in the utmost Haste to acknowledge yours 23rd. May just come to hand, & also your two preceeding favors, Mr. Evans applied to me some three weeks ago, & received for answer, that as soon as the Clothing cou'd be got from the Tradesmen, five Companies shou'd march to Wilmington, three to be stationed at Lewes. By order of Congress, he left Dover abruptly, & I saw him no more

Wednesday Week I attended on the Troops at Lewes, and find Mr. Evans has furnished almost nothing there but flower; they draw flower from him, and meat from the Council in Great Confusion. I ordered the Quartermaster to settle the Subsistence Accompts up to the 8th May, When the Contract took place. the people are clamorous for the Subsistence Money due since that time; Uncertain whether Congress wou'd allow us any after the Commencement of the Contract have refused to pay, & refered them to the Contractor, which is by no means pleasing to them, shou'd most thankfully receive your Instructions on that head. Two of the Companies are now at Wilmington, & three others under Marching Orders, the Council of Newcastle refused to arm any of their Men, & Capt. Smith on his way to Lewes reed his arms here. Doubtless the Council will soon demand them, as the County is now ungaurded, & a large tract of Marsh covered with stock from one end of it to the other is Open to the Depredations of the Enemy! Ought not an officers Guard to be mounted some where in Little Creek; & another in the Bottom of Mispillion, is not the Property of this County as Valuable as other peoples? should not Proper persons be employed to provide for such guards at the One Place and the other, if Mr. Evans will not supply them, if this Battalion is continued here, Would not the Government be better served in this Way, & the Community equally well; that Part of the Independent Company Stationed at Lewes have no Direction from the Council, no Orders from the Capt. of the Company, & appear as Useless Expenses to our Little Dominion—

Capt. Rodney, Counsellor Killen, &c met on the Receipt of yours, the Barrister promised to essay a Petition, but on my return two days after cou'd do nothing in it, was not apt to take the Lead; 'twas not his business to Collect the . . . . . of the People &c—on all this you will Imagine, I left him with Looks of Indignation—Our first essay was a Petition, which on second thoughts was turned into Instructions to the Representatives of Kent, enjoining Compliance with the Recommendation of Congress; or if that cou'd not be carried in assembly to withdraw in a Body & dissolve the House—

A vast Majority in Sussex are against, all here who endeavored to stiffle the Opposition at first are straining every Nerve to divide, the Poisonous Example of Maryland gives Energy to their Efforts, what the fate of our Application here will be, I cannot with certainty yet inform you: But fear Congress must either disarm a large Part of Kent & Sussex, or see their Recommendation treated with Contempt. Col. Polk's Battalion, 'tis said, will lay down their arms, the Shallopman Oliver brought down from Philadelphia Printed Copies of Petitions agst. a Change of Governt. most Industriously handed about by Beaucham & others of the Committee—I thank you for your speedy & effectual Interposition in Mr. Balls affair. Every Body sees it now in the true light, tho' Our Privy Council, without Vigour, when you are from among them, would neither write themselves nor keep their Prisoner till the Effect of the Letter to you should be known.

I propose to follow the troops up to Wilmington next week, & hope the pleasure of meeting you in Assembly. I am with great truth & Regard

On back of letter "May 1776".

JOHN HASLET TO GENERAL RODNEY.

Worthy Sir

the Inclosed Testimonies &c came to me by Express not two Hours ago, I thought it my Duty to forward them to Congress with all possible Expedition. I should have considered this Business as the unmeaning Effusion of Drunkenness at a Vendue, Had I not good Reason to apprehend, that something Similar is on foot in this hundred. Jos. Oliver one of our Committee brought down lately certain printed Petitions from Philadelphia against Independence as tis said, which have been handed about with great assiduity by others of the Committee. At the Mispillion Muster last Saturday these papers were produced, Squire Clark with others clamorous for them, a scene of confusion ensued, some wou'd muster not at all, others, once a fortnight, & they broke up in disorder. I have by the Express, who brought the Inclosed Letters from Col. Hall & Major McDonough, wrote the Latter Orders to secure all the Ammunition & arms at Lewes, & put himself in the best posture of Defence, to call in the Guard from the false Cape; and if the matter assumes a still more serious appearance, to seize the most suspected of the Ring Leaders as Hostages for the good Behaviour of their Dependents. I have recommended to the Major to pay much Regard to the Opinion of Col. Hall & Mr. Fisher, & to conduct this whole business in a manner as little Offensive to the Inhabitants as possible. Arnolds House, it seems was burnt by Accident, which is made a complaint against the Soldiery. I can't help thinking, tho' very probably mistaken, something of vigorous Exertion necessary in both Counties—A word however to the wise, & yr. Consummate Acquaintance in Both renders it needless to say more, the source of corruption & Direction is at Dover, an Hint from thence, pervades the Lower Part of the County in a trice. Clark Swordin, Beauchamp Cullen &c. tis said, keep up the Circulation. & all the Dirty September? machinery of Church & Presbyterian is hackneyed thro' the Hundred, & thickened as it goes. how matters stand in the upper District, you will better learn from Captain Rodney: that Nest of Hornets, the Congress is sufficiently cursed below—

Have I been too Precipitate in the Orders to Major McDonough Or how shall I conduct myself sorry I am, the troops are at Wilmington, still more that we are not completely armed. the subsistence Accompts of the Battalion will take up my time till Saturday at Dover—then I propose to March towards the Borough, unless some Emergence shou'd call me back to Sussex—the Ammunition Ordered there by Congress, when I was in town, is not yet arrived—I am with the greatest Respect, Sir your most obedt. Sir

I have the Pleasure to inform you, that the Evening after your Departure, a Party of officers from Snowhill brought up Job Ingram Prisoner to Lewis, where he is now confined, mighty Innocent as he says. Berkley Townsend yesterday morning also surrendered himself & is in Safe Keeping. A small Detachment of

Delawares & Riflemen went in Quest of the General Boar but returned with non inventus est—Capt Overlin & others have signed the Declaration, & been disarmed—

Yesterday recd an Order of Congress dated 25th June to furnish a Guard for the Powder Waggon to Virginia, which was immediately obeyed. at the Same time another dated 18th Inst to station two Companies of the Battalion under my Command at Cape May, to replace two Companies formerly there, now ordered to Canada. You well know, Sir, from the Pecular Circumstances of the Battalion this Order is to me extremely embarassing; it appears to me very probable the Commissary, now absent, will not supply those two Companies with Provisions at such a Distance; you also know, that we have no arms fit to be depended on but the Militia Arms of Kent, & that my Reputation is engaged to the Council of Safety, not to Order them out of the Government, & to return them when called for. You will lay me under great Obligations, by stating this matter to Congress, or by Directions in what Manner to conduct myself. Only furnish us with Arms, & Command us where you please, to send Over two Companies of unarmed men wou'd by no means answer the Intentions of Congress. I have only time to assure you of the most Respectful Regard, from Sir your most Obedient Servant

JOHN HASLET TO CAESAR RODNEY.

Sir Lewes 6th July 1776—

I did myself the favor to write you by Mr. Bell, how much I was embarrassed by the Order of Congress directing two Companies to Cape May; hope to receive your Answer by this days Post—

Last thursday Evening Arrived here Genl. Dagworthy, Jones & a Band of Patriots from Broad-Creek, who depose & say, that an Open Correspondence is carried on for the purposes of trade with Lord Dunmore, that he daily recruits his shattered Bands among them, that the tories seem rather Irritated than reformed, a copy of their Depositions is inclosed by the Council to the Presidt. on their Request I have ordered down one Company of the Delawares, & on my request they ordered down their Fragment of Independants, a Copy of my Orders to the officers, who commands the Detachment is inclosed to you; & hope (from the Patriotism of the Council for Kent,) my sending their arms so much farther will be pardoned, as 'tis still within the Government. I wou'd fondly hope my Tardiness in obeying the Cape May Order, will not be supposed to Originate in any other Principle, than mentioned in my last to you. for God's sake, let us have Arms. May we not have those saved by Capt. Barry from the Brig? will it not be in your power to engaged for us Rifles to complete One Company, now Pennsylvania is supplied.

I congratulate You, Sir, on the Important Day, which restores to Every American his Brithright: a Day which Every Freeman will record with Gratitude, & the Millions of Posterity read with rapture.

Ens. Wilson arrived here last night, a fine . . . . . Feast at Dover anticipated & announced the Declaration of Congress, Even the Barrister himself laid aside his Airs of Reserve, mighty happy. I must beg pardon for having taken up so much of your time with Small Matters. & am with great Esteem & Respect yr

Sir

I am to acknowledge the Receipt of your favours of the 4th & 5th Inst. Soon after arrived an Express with Orders to station a single Company here, & March the others to Wilmington, I have by Express represented the State of the Battaltion, &c which you will see—I am preparing to obey, if Congress do not reverse the Order in Part-but cannot think of Carrying the Militia Arms up there from Kent—tho if the 8 Ships of War now at the Cape move up the Bay, I shall be puzzled what to do—

Another Insurrection is talked of here as a very Probable Event, on the Removal of the Troops—I have only time to assure you, I am, with the greatest Respect

JOHN HASLET

Honorable Caesar Rodney Esq.

JOHN HASLET TO GENERAL RODNEY.

Honble Sir

I recd yours with pleasure because it was yours, all the Rest was Indignation—We went over to Long Island, a Genl. Engagement ensued, the Southern Troops i, e. Ld. Sterlings Battalion bore the Violence of the attack & repulsed the Enemy but were outnumbered at least three to one, & obliged to retire; the Delaware Battaltion have been complimented as the finest in the Service, they stood unmoved in firm array four Hours exposed to the fire of the Enemy, nor attempted to retire till they received Orders from the Genl.— , then effected a a most Noble Retreat up to the Middle thru a Marsh of Mud & brought off with them 23 Prisoners—I fear we shall be out numbered, expect every monemt Orders to March off to King's Bridge, to prevent the Enemy Crossing the East River & confining us on another Nook, what the Event will be, God knows, Lt. Stewart & Harney with 25 Privates fell in our Regiment— Ld. Sterling & Genl. Sullivan Prisoners, Miles & Allee, the lame Piper killed 250 of Smallmans missing Alles? Cut to pieces—I fear Genl. Washington has too heavy a task, Assisted mostly by Beardless Boys—if the Enemy can Coop us up in N. York by Intrenching from River to River, horrid will be the Consequence from their Command of the Rivers—

Between five & Six Thousand Dollars of Continental Money remain in my hands, unknowing what to do with it, I have entrusted it to the care of Dr. Rogers & Chaplain Montgomery—if I fall, please to take Order in the Matter—I have not time to say one Word more, tis the first letter I have had time to write, please to mention to some of your Friends below that I am well, by whose means it may reach Mrs. Haslet—I am with

Hon'ble Genl Rodney. Camp at N. York August 31st 1776

JOHN HASLET TO GENERAL CAESAR RODNEY.

Sir

Not having it in my power to write you one word worth you attention. I have troubled you but once, here are we on the Heights above King's Bridge, exposed to wind, Weather & the Enemy, who appear to have it nearly as much in their Power to cut off our communications as ever. Our army has been once already deranged—Immensity of Labour & Expence thrown away in fortifying L. Island at once abandoned, & N. York soon to be in the same situation, from the superior Number of the British Troops, & the Advantages of their Fleet the City is Indefensible, (you know, Sir, I speak only my own Opinions to those in whom I confide) their throwing men across any part of N. York Island, easily in their power some where to effect in one night, & diging up a slight intrenchment, effectually reduces the City & all within their Line, to the Dire Necessity of fighting at vast Disadvantage, or Surrendering at Discretion, Dreadfull Alternative! Had Long Island been rendered useless to the Enemy, N. York laid in Ashes, when we were Ordered to L. Island, and the Heights between this & Connecticut Properly Occupied, the Enemy must have attacked at Disadvantage; or we at Liberty to fight when we pleased, & if Worsted, wou'd have had it in our power to retire to the next Adjacent Hill, & obstinately disputed every inch in their Progression tis true, this kind of Devastation may be condemned as cruel, but Provinces e'er now have been sacrificed with Applause to the Safety of a Kingdom, & what ought not to be done for the Safety of a Continent, the Gen.l I revere, his character for Disinterestedness Patience & fortitude will be had in Everlasting Remembrance; but the vast Burthen appears much too much, his own. Beardless Youth, & Inexperience Regimentaled are too much about him, the original scheme for the Disposition of the army appears to have been on two Narrow a Scale, & every thing almost sacrificed, or Indangered for the Preservation of N. York & its Invirons, all which deserve from every Honest American Political D—nation. We have Alarm upon alarm— Orders now issued & the next moment reversed. wd. to Heaven Genl Lee were here is the Language of officers & men. I had the honor to mention to you in my last, that the Delaware Battalion is in high Reputation. In consequence of Ld. Sterlings Captivity, a new Arrangement has been made of the Troops, all the Pennsylvania & Delawares are here in Genl. Mifflins Brigade, who complimented me yesterday on the Behavior of our Troops. Shall thank you for a Line to him in our favor, when you write him next—Coll. Smallwood wou'd also been with us, I'm told, but for a Dispute of Rank between him & me which when brought before the Genl. was decided in our favor—

To your Last you will before now have received a short & Dry Answer how cou'd it be otherwise. Human patience cannot bear it—However from the choice of N. Castle Messr. McKean & Reed will be continued most certainly & nobody to vie with you but Dr. Ridgely, whose attachment to his Interest will certainly induce him to decline; if so, all is well, as we say in Camp—

I request you to make my compliment to the Barrister & Capt. Rodney I condole with them mightily in their present State of Dejecting Dereliction, & beseach them to inform Mrs. Haslet, I am well—

We expect every moment Something Important here, & hope in our next to fight on more Equal terms, & give you a more pleasing Accompt—

I am, Sir, with much Respect & Esteem your most obedt. Servt.

Camp near Mount Washington 5th Oct. 1776.

Sir

Your favor 12th Sept'r is now before me, for which you have my most. Hearty thanks. Your attention to Mrs. Haslets Peace of mind, & Industry to preserve it, are infinitely obliging. Your congratulations in Behalf of the Regiment are thankfully recd. & I have the pleasure to assure you, are seconded by the whole army here. Our continual Movements from place to place, with constant Fatigue prevented my writing you the first month, as oft as my Inclination prompted: & since have been nearly a month confined by the Dysentery, from our Exposure on Long Island to cold & damp Lying on the Ground, have been so emaciated & exhausted as almost to bid Farewell to everything just begin to recover.

I did feel some uneasiness with Respect to a change of the Delegates at first, but on Second thoughts pronounced it Groundless--but find it recur on your proposing to retire & quit your Station. I acknowledge the Justice of your Reasoning; & the Ingratitude of the People, as well as the Malignity of their present Leaders; the venal sycophantic Race do not deserve the Consideration of Men of Wisdom & Virtue for anything in themselves--I know, you have already sacrified a large share of Private Property to the Evil & unthankful, in this you resemble the Supreme Manager, who makes his sun to shine on the Evil & the good & bad as times are, you have a few friends still of the Latter Character. And my dear sir, who can better afford it, Providence has blessed you with a fortune to your prudence Inexhaustible, by which you are enabled to live where you please and to keep the first Company where you do live, & all this with few drawbacks upon it. how then can you lay out a part of it to more Noble a purpose, than in serving your Country, guarding her Rights & Priviledges & forcing Wretches to be happy, even agst their will. In this you will act as Vicegerent of the Soverign Goodness, & cooperate with Heaven to save a Wretched Race; & tho' you may not effect the Righteous purpose the Testimony of an approving Conscience the Applause of Conscious Virtue & the approbation of all good Beings will more than Ballance the Sacrifice, a 1000 things might be urged to the same, purpose, but a word to the wise

I'm not all surprised at the Tory stratagem to leave you out of the Convention Ticket, 'tis like the Rest of their Doings, Dark, Low, dirty, illiberal --what a wretched struggle must they have had in Convention their Consciences drawing one way, & the Influence of Congress another. I'm told, they have done as little as possible, & modelled their New Government as like the old as maybe. Dr. Ridgely going home sick, is only the old Stale Trick over again. I'm told their influence in New Castle is much on the Decline & an Entire Revolution in favour of Whigs expected next Election; wou'd to Heaven, Kent wou'd open her Eyes, & do likewise.

As to Military Matters, have little to write; On the Brave Ld. Sterling being made a Prisoner, We. with the Pennsylvanians, went into Genl. Mifflins Brigade, & encamp on the Lines by the Genl's. House--you will have heard before this can reach you of the skirmish on the 16th Ulto. in which the Enemy were repulsed with spirit, & fled with so much precipitation as to leave there five field pieces behind them, (We lost but five on L. Island), Loss on our side a Brave Col. Kroulton, a Capt. & 4 or 5 privates, about 30 wounded--a few Days ago a foraging party 2000 Strong

under Genl. Putman advanced with 100 Waggons to forrage on Harlem Plains in the Intermediate space between their Lines & ours, & brought off their Waggons loaded with wheat unmolested--the Enemy at first struck their tents expecting an attack but seeing our Intention, looked quietly on. Putnam had much mind to salute them, but a Peremptory Order from Genl. Washington commanded the Party back with the forage--You see, they have no great appetite for fighting. Our Lines from the East to the North River with Harlem River in the Rear, are now so strong, that 'tis thought they will not attempt them if they attack at all, 'tis expected farther up the East River at Morrisania, to get between us & the Country, or on the Jersey Side--Many think they have reached their ne plus ultra for this campaign--Col. Moylan thinking himself unequal to the task of Q. Master Genl. has resigned. Genl. Miffln--appointed to that Office protempore Col. Shee has unconsciously resigned his Regiment--am obliged to break off here, high time say you--I shall be happy to hear you are well, & whatever you communicate of Men & things will oblige your most obedt & most Humble Servt.

JOHN HASLET TO GENERAL RODNEY.

Dr. Sir

I did myself the Honor to write you a day, or two ago, have got into the the vein of Scribbling, & shall pester you without Mercy, while that humor lasts. Yesterday Morning, the Roebuck the Phoenix, & the Repulse, (which had lain in in the N, River with two others at the end of the Enemies lines) moved up the River with all the Ease & Unconcern Imaginable, & passed the Chevaux amidst the Thunder of our Artillery from Mount Washington, & Constitution, a very Furious canonade was continued for upwards of two Hours. Our Men all upon the Lines expecting an Immediate Attack, but nothing of the kind happened, they saw no Enemy, scarcely any body was seen on Board the ships, nor did they fire a single Gun, except two broadsides at fort Washington--'tis said, they recd. some shot; By this movement Our Communication with the Country by Water is cut off, a very considerable Loss to us; there was a good deal of firing up the River; & tis sd two gondolas & two small traders of ours taken--two Millions Feet of Plank necessary to Barrack the Army, We have not half of one; down the N. River, the Easiest Way to have got them, now impassible. it wou'd be a joke if it had not too much melancholy in it. The Phoenix & Rose passed down in August, thro' the Only Gap in the Chevaux, which has been left open even untill now; the ships moved up to them at a Gentle Rate, then stood in close to the Shore, passed the Open, then stood out, to avoid one sunk a little below close on shore; Such is their Intelligence of Every Motion & neglect of ours--the Prisoners mentioned in my last, informed the Genl on Oath, that the Common Conversation with them was, let the Rebels build Barracks, then we shall attack & carry their Lines, & the Lodgement will serve us for the winter; that they are in want of fresh Provisions, but healthy, & a large Number of Transports sent to Ireland for Provisions.

I had the Honor to wait on B. G. Ld. Sterling just returned to camp; to congratulate his safety & Reappointment to Command of his old Friends in Bri-

gade; Q. M. Mifflin last night arrived; the Flag with his Ldship, brought me Letters from Poor Stewart, has he been politely treated by the Capt. of the Ld. Rockford, but writes in the most Languishing plaintive, Pitious terms of his Captivity, & begs in very moving strains yr. generous Interposition for his Exchange. he knows yr. Influence in Congress—he desires his compliments to Miss Wilson & Nixon. In my late Illness reed most Cordial Sympathy & many favors from Lt. Col. Cadwallader. But am I right in my head, to ramble at this rate & to you, yet can assure you tis but little past 10 o'clock P. M. therefore it must be Delirium, which yr. Goodness will forgive.

In my last forgot to mention the State of Popes Company; Himself has done almost no Duty since he left Philadelphia; Wells Cashiered, Stewart a Prisoner; & Mr. Wilson not well this fortnight, his step, like mine, too Quick—there is Mr. Benjamin Hazel, a volunteer, fled from the Tories for Better Company—wd. not be disagreeable to the officers nor to me, tho' I have no acquaintance; if he has your Approbation, shou'd be glad, you wou'd have his commission sent up as soon as may be; or if Mr. John Ball is better liked, he had something like a promise from me; it will be a means of introducing either of them to a Company on the New Establishment. I believe it will give no Offence to Messrs Stewart & Wilson; because the former wishes only to serve in capacity of surgeon if at all; the Latter purposes going to sea atye end of this Campaign—Your Sentiments soon will oblige. also what you think of the Regular Regiment. Commissioners have been here, from the Convention of Pennsylvania to know, who will serve, who not.

Five Boats full of Eastern Troops, were sent in a Dark Night to force Montresores Island, Only one landed, 4 ran away; Major Henley a Brave Officer, killed, had another Boat supported him, the Island had been their own, his men repulsed with Loss: a Capt. made the Scape Goat of the Party, tried by Ct. Martial, Ordered to be Cashiered, the Genl. offended, that it want Capital, ordered them to reconsider the Matter; the Court sent him a Letter with Peremptory Refusal; they had decided by the Articles of War, the testimony & their Own Consciences, Reconsideration needless—so far the Matter is gone—a Virginia Majr. Wounded in the Skirmish on the Sixteenth, since Dead of his Wounds, the Eldest Capt. of the same Regiment appointed to succeed him, the Capts. of two other Regiments Elder than the Gentleman promoted, wasted on the Gen'l with a Remonstrance agst it as Injury to them couched in very strong terms.

Some officers have poured much contempt upon the Eastern Troops, & great Animosity subsists just now among them—'tis true, they are not like the Children of the South, this however between Ourselves 'tis even got among the Soldiery. whose Officers, I think much to blame, who have sown the seeds of Discord, & have used my small Influence to discourage it, for two Reasons, One, 'tis directly Contrary to the spirit & resolves of Congress. 2d. that 'tis likely to have most Dangerous Consequences By this time, Sir, you think at least, the Man has certainly lost his Senses, truly tis something like it, but have just enough left, to assure you, I am yr.

COLONEL JOHN HASLET TO CAESAR RODNEY.

(His last letter.)

Dr. and worthy Sir,

When I last wrote you, God knows, I do not, this I can affirm, that I have received no answer. After a long retreat from a full conviction of the Enemy's superior number, but performed in order, with a firm determined countenance, we at least slept on ye. banks of Delaware—there we were stationed—thank you says Genl. Rodney.

On Christmas at 3 o'clock we repassed the river—a party of Virginians formed the Van Guard & did the most of the fighting—Lord Sterling's Brigade had the honour of fighting 1000 Hessians to a surrender—We should have gone on, panic struck they would have fled before us, but the inclemency of the weather rendered it impossible—We repassed the river, rested one day & then were ordered back—I'm sorry to inform the Genl. that Capt. Holland, Ensign Wilson, Dr. Gilder & myself are all who have followed the American Cause to Trenton, two privates excepted—On Genl. Washington being informed of this, he declared his intention of having officers & men bound neck and heel and brought back as an example to the army—I told the Genl. the truth but not the whole truth—The last I reserve for you, and you will blush with me—Seven Philada. Light Horse, yesterday brought in nine light horse men, with one horse, who were sent to impress waggons—We just now hear, that the bridge on this side Princeton is cut down and the enemy retiring—a sufficient number of troops are ready to drive them out of the Jersey—We hope to greet you well—on our victorious return from Trenton. I fell into the Delaware at 3 o'clock in the morning, up to my middle—have had the piles and swelled legs ever since but no matter, if we drive them to New York—If I return it will be to salute you, if not we shall meet in Heaven—Your Goodness will give Mrs. Haslet such news as you think proper—I have Genl, Washington's leave to return and superintend the recruiting service at home—but cannot go for a few days longer—Hope soon to lay myself at your feet, and am wt. great esteem & sincerity

the four Allens, we hear, are with Genl. Howe, Galloway &c—the former fled his Br. the Genl. in pursuit—Mr. Tilgham informed the Genl. in my Hearing, that the Dover Light Horse were coming up—is it so I shall believe like Thomas, when I see it—Genl. Washington is Dictator. I mentioned to Lord Sterling t'other day, that I thought myself dismissed from the Service, on Col. Smallwood being preferred before me—what made the case in point, was dispute of Ranks between us, determined by the General himself in my Favour—the preference was as in Genl. Wooters case a modest Hint to retire—they both remonstrated, I shall not take my Resolution till I see you, or can give the Reasoning . . . . & for at large—I hope, you recd. my last it was a . . . . . of Journal closed at Brunswick one day with God bless you—we shall certainly drive them off—

COPY OF A LETTER FROM CAPTAIN KIRKWOOD, OF THE DELAWARE REGIMENT, TO HIS FATHER.

Brunswick June 23rd 1777

Hon'd Father:

I have the pleasure of dating my letter from this place, which has of a long time been the den of thieves and murderers. I intend this letter as a Journal of what has happened since my last writing to you. By the time I had sealed my last letter, our division were all under arms. We were marched first to Kingston, and from thence to a place called Rocky hill, five miles south west of Somerset Court House. At that place our whole division encamped for the night. Next morning we were alarmed by the firing of our cannon and were immediately under arms. From thence we marched to Correll's ferry on the Delaware, with great precipitation, to secure our baggage on the other side of the river. When we had come in sight of the ferry we were ordered one and a half miles back, where lay that night at the roots of trees. I was so tired, that I slept as sound as ever I did on a bed. The next morning being the 15th instant, we began our march back by the same road we came the day before, when we turned to the left and marched on until we came to a place called Sowerland Mountain, where we encamped and immediately set to building booths of birch. Just as I had one completed for myself, orders came to me, that I must command a picquet guard, about three miles from where we were encamped, which was not very pleasing, as we had been three days constantly marching. But getting my guard ready, I set off for the place to which I was ordered. After marching about a mile, I stopped at a tavern where the Hon. Major-general Sullivan was. I requested him to let me have a scouting party as a detachment of the picquet, and a guide to show me the road where the enemy lay. My request was granted, and with my guide I proceeded on my march. Upon coming to the place appointed, I stopped—took out fifty men for the scout, and left the same number behind.

I took Lieutenant McCannon along with me and proceeded towards the enemy who lay about a mile and a half from our picquet. I told my guide if he deceived me, he should be the first I would Kill. He promised very fair, but said he did not know the very place where their out picquet lay. After marching the distance of a mile and a half from the picquet, as near as I could guess, I stopped at a house; it being then between the hours of ten and eleven at night. The People

of the house seemed much frightened at my appearance among them at first, but when they found out who we were, they were satisfied. I inquired if we were near their out sentries. They told me I was on the enemy's side of them, and that a wheat field which I had passed, seemed red with them at dark. I thought my situation none of the pleasantest and immediately withdrew a little distance from the house. My guide informed me, that a man who lived a mile from where we were was then among the regulars, but came home almost every night. That he had a negro man bound apprentice to him to learn the trade of weaving, and that the master of the negro offered a considerable sum to any person who would bring him his servant. It being the dead of the night and my guide being timorous, I thought I would pass away some more of the night by trying if I could get the tory and the negro. Upon coming near the house, heard the door shut. I then divided my party into three divisions, and surrounded the house. I left the men about three rods from the house and went in myself. The woman seemed much frightened. I asked her if there had been any of the rebels there lately. Finding I was on that strain of discourse, marks of joy appeared on her countenance, and she answered—"Lord they have scarcely left the house, take care or they will surround you." I told her not to be under the least apprehension, for I thought I could nearly drive all the rebels myself. She replied, "You can't think now numerous they are."

She caused her daughter to bring me sweet milk to drink, and bread and butter to eat; and sent out a cheese to the men, and divided two loaves of bread among them. She then asked me "If I had seen her husband lately?" I told her I had not, but believed he lay in the centre division betweeen Brunswick and Somerset. She begged me, for heaven's sake, not to let him come out any more, or he would be taken by the rebels, for that they were hourly after him. I promised to comply with her wishes, and told her, her husband understood my intention of coming out that evening, and requested the favor of me to bring him a negro that was bound to him. She answered she would send him with all her heart, but the boy being scared that evening, had gone to a house about three miles off. I asked if it were a plain road. She said "No, it is very difficult." Seing a little boy, a son of hers about twelve years old, I told her if she would let him come along with me, I would do her husband the favor of getting his boy for him. At first she was afraid of our meeting the rebels, but on telling her my numbers were very large, she consented to let her son go. I left the house holding the boy's hand in mine, and we soon got extremely sociable. He told me the rebels that day had taken all his father's horses, but one fine horse, his father had got at Brunswick last Winter, and for fear of the rebels, he had sent him to the house we were going to. He said that Mr. Gower, (the name of the man to whose house we were going) and his father were very great; that said Glower was almost every day at General Washington's Camp to get news, and that he told his father all he could learn, as to the detached posts of the rebels, and their numbers at all the different stations, and that his father told the regulars. I assure you the little boy knew as much of our army as I did.

Coming up to the house, I knocked at the door. Gower rose and let me in. I inquired whether the rebels had been there lately or not. He said, they had been within sight that evening, but had not called. I told him, it being so fine a moonlight night, I could not think of returning without harrassing them a little. He said my best way would be to lie by until day break, at which time they would go down the road, and I would have a good opportunity of taking some of them prisoners,

as I was then within half a mile of the right regulars' front division. I inquired for the negro boy, but he told me the rebels had taken him about dark. After I had got all the intelligence I wanted from him, I made myself known; at which he was so struck that he could not speak a word. I then made him put on his clothes –sent for the horse I have mentioned, took his negro man, and put both of them under guard, and so returned. Day broke by the time we had got within half a mile of our picquet.

From thence I sent Gower to the General, who had him ironed and sent to Flemington, and I have neither heard of tory, negro, or horse since. His neighbors seemed very glad he was taken, for they said he was the very worst they had there. I returned in the morning by the way of the enemys' picquets, but found they had been called in the evening before to the main body. So I went back to the mountains where we staid until the 19th instant. (On this day the enemy set a number of houses on fire.) We now marched back to Rocky hill, where we remained until the 22nd, and then marched to this place. The enemy left the bridge, (which is a fine piece of work,) standing. It is twelve feet wide, and has about thirty pillars.

We are now under marching orders, I suppose towards Amboy. It seems a little strange that on the Sabbath day we should leave this place, and on the Sabbath day come into it again.

No more but remain your loving son,

ROBERT KIRKWOOD CAPT D. R.

The above letter, is said to be the only one remaining of the gallant captain Kirkwood; and on that account, as much as any other, we preserve it in the pages of the Register."

JOHN McKINLEY TO CAESAR RODNEY.

Wilmington April 7, 1777.

Sir,

Since you went abroad I was forced to write to the several commanding officers of the respective battaltions, in your brigades, & sent a parcel of copies of the act, for Establishing a Militia in this state, to be properly distributed & desired that they would severally take the most speedy & Effectual measures to supply all the vacancies among the officers by Elections to be held, as in that act is set forth, & that afterwards they would transmit to me the name of the persons so chosen, the times when, & the particular officers to which they should be severally Elected. Also Exact lists of the names, & Ranks, of the several commissioned officers in their respective battalions, specifying the dates of their several commissions, that accordingly Commissions may issue to them respectively—I also desired that they w'd exert themselves, to know & perform their several duties, & to hold themselves & those under their respective command, in constant readiness to oppose their Enemies, on Every Emergency. These orders I hope you will take care to be speedily complied with throughout your brigade, especially as by a

copy of a letter from Genl Washington, dated the 31st, ultimo, Enclosed to me by Congress notice is given that 3000 British & Hessian Troops had Embarked about ten days before from New York & Staton Island on board of Transports laying at the latter, & being uncertain where they were destined, advising therefore that we should be prepared to defend ourselves, in case of a descent or attack. The president of Congress having likewise transmitted a resolution of that Honourable Body "recommending to the government of this State, to plan such a guard at Lewes Town at the continental expense, as may be tho't sufficient, to protect the persons employed as Pilots, & such property of the good subject of the United States, as shall be thrown on that or the adjacent Coasts & the same being laid before the Privy Council it is ordered as the best method of complying with that resolution, that a guard be furnished of the Militia of this State, for the purpose afforesaid, to consist of a Captain, 1 Ensign, 2 Leuts, 4 Sergeants, 4 Corporals, a drum man & a fifer, & 70 Privates, which we imagine ought to be stationed in two divisions, the one at the Light House, & the other at the false cape & relieve in rotation once a fortnight I am to write to Congress to know in what manner they are to be furnished, paid, & Subsisted—You will be pleased to give orders to the commanding officers of the several Battalions of Militia in your brigade, that they may cause those under their respective commands, to get themselves in perfect readiness to perform this service, as speedily as possible & to be ready, to march completely Equipped to defend themselves, against their Enemies on the most sudden Emergency

Sir

I have recd a letter from the President of Congress, Enclosing some resolutions of that honourable body, of the 19th inst, founded on a representation made by the delegates of Maryland, of the imminent danger of an Insurrection, in the counties of Somerset & Worcester in that state & that the insurgents may be joined by disaffected persons in Sussex Co in this State, & recommending measures to the government of said States to prevent such insurrections, & to detect & defeat all Conspiracies that may be formed in these Counties against the liberties of America. As this is the only information I have had of any danger of an insurrection in the County of Sussex, & as it comes in such a manner, renders it highly necessary, that a proper inquiry should be speedily made, as to the conduct of the Inhabitants of that County, which may have occasioned the above representation—& as the Western Battalion of that County belongs to your brigade, & as I can place much confidence in what you represent, I do earnestly request that you would make a speedy & full Enquiry, Concerning this Affair, & write me your sentiments thereupon, that thereby I may be enabled as Early in the Session as possible to give such information as may be needful, to the General Assembly , who are to meet at New Castle next Thursday & that such measures may be pursued as may appear most likely to conduce to the public welfare—pray fail not—You may write by one of the members of the General Assembly. Your compliance will much oblige the public & particularly yr very humble Servt

JNO. McKINLY TO CAESAR RODNEY.

Wilmington the 29th of April 1777.

Sir,

Congress have made a requisition of 1500 of the Militia of this State who are to be well armed & accoutred & to rendezvous in Brandywine hundred in this Co. By the 15th. day of next month where a camp is to be formed & where tents & Camp equipage will be ready to be delivered to them—A Comm'ee of 3 members of Congress with Genl. Mifflin were appointed to confer with the President & Council of this State to enforce necessity of complying with the above requisition—who met here yesterday, accordingly when they showed the necessity fully, as from several circumstances Genl Howe will by that time make an attempt upon Philada. both by land & water, unless by our having a superior force ready to oppose him, he be deterred therefrom altogether—which makes the aid of the Militia absolutely necessary for about 6 weeks in which time it is expected that Genl. Washington (who is now very deficient but whose army is daily increasing fast) will have a sufficient number of continental Troops under his command—so that it is tho't the salvation of our country & every thing that ought to be dear to us depends under Providence on a hearty & speedy compliance—Another camp is to be formed at the same time of a suitable number of the Militia of Penn, near Philada. The following in concluded to be the most equal way of raising the quota of this State—to wit, New Castle Co. 550 in 8 companies of each 54 privates, serjeants, corpls drumr & fifer 10 commissioned offrs 4, in all 68—8 comps 544. Field & staff Officers 6-550. Kent Co. the same. Sussex, 6 Compies of the same number of privates & officers makes 408. Field & Staff 6, makes 414. Total 1554. I suppose you will speedily convene three officers you think proper in your County & Set about & complete this necessary business as speedily as possible, so as to raise the quota thereof in time. We were thinking that the Western Battalion of Sussex Co. under your command being more remote from the approaches of the enemy's ships & also much stronger than any of the others in that Co. should furnish one half of the Quota of that Co. However, you can settle that affair with Gen. Dagworthy to whom please to forward by Express as speedily as possible the letter herewith sent for him to your care as I have only got the bearer, who is an Ensign in the Delaware Battalion to go as far as Dover & I shall repay you the expense

when you let me know it. The first division of the Militia, composed of the foregoing members, it is proposed shall stay 3 weeks & then be relieved by a equal number raised in the same manner & proportion in each of the 3 Counties who are to stay another 3 weeks which will complete the time it is tho't they may be wanted—You know the pay is fixed. Pray exert yourself & animate those under your command to a speedy compliance, as it is hoped this may be the last time the Militia may be wanted, but I have no doubt but that you will —the credit of our state & the liberties of America require it—Transmit me the names of the officers that may be appointed to the 1st Divisn (w'h may like the men, be taken from the several Comps. as Detachments) that I may issue Commissions—Write me frequently how you proceed as it is necessary I shou'd inform Congress—I am exceedingly hurried to get the Messenger off, so you will excuse any inaccuracy, as I have scarce time to read this long letter over again after writing. I sincerely wish you success & would fondly hope you will meet with it to the credit of the State & the good of our great-glorious & common cause—it behooves to settle the Quota with Genl. Dagworthy speedily—no time is to be lost

JOHN McKINLEY TO PRESIDENT OF CONGRESS

Wilmington 6th May 1777

Sir

Upon the return of my Messenger with Your's of the 19th Ulto. in answer to mine of the 8th & 18th of the same Month respecting the placing a Guard at Lewes Town I prevailed upon Major McDonagh one of my Council, to go down there to inquire into the State of the Militia of the County in general & of that Company in particular then doing Duty as a Guard, under my Orders, as mentioned in mine of the 18th aforesd. in order to determine whether that Guard, as requested by the Honble Congress, cou'd be regularly & duly kept up by a rotation of Service of the Militia, or whether it might not answer the expectations of Congress better, to form a Company to continue on Duty till discharged by them From Major McDonagh's knowledge of the Race & People & the esteem & confidence his prudent conduct had procured, when there the last year, commanding a Detachment of the Continental Delaware Battalion on the like Service, I flattered myself that on his Report I cou'd have got that Guard properly established, but as he carryed with him the Letter you enclosed to me for Mr. Henry Fisher, upon the delivery whereof Mr. Fisher informed him that it contained blank Commissions to be filled up by Mr. Fisher for such Officers as he shou'd think fit to appoint for the Company that was to compose the Guard, which by the Resolutions of Congress of the 26th of March the 11th & 17th of April transmitted to me, I was to place there & provide for, he did not intermeddle further. Upon this Report, with the approbation of my Council, I now beg the favour of you to request the Honble Congress to relieve

me & my Council from the remaining part of the Duty, to wit, the providing a Person to supply Provision for that Company & the application of the 1500 Dollars I recd. from the Commissioner of the Continental Loan Office of this State, on the Warrant you were pleased to enclose to me, as any Division of Authority in the Direction & Management of this Business will probably delay or defeat it & for the further reason that I may not be considered in any manner answerable for the conduct of those of whom I can have no direction. or controul Since mine of the 25th in answer to your's of the 20th Ulto. respecting the inimical Disposition manifested by a considerable part of the Inhabitants of Sussex County, in the State, I wrote to several Battalions of that County & to General Rodney in whose Brigade one of the Battalions of that County, contiguous to Worcester County the paragraphs in General Rodney's Letter in answer thereto is as follows—"I wrote & sent an Express to Colo. Polke relative to the Enquiry I was to make concerning the Insurrection, who writes for Answer that he never knew the People there more quiet, that he will make all Enquiry in his Power, agreeable to my Orders, but verily believe there is not the least foundation for the suspicion especially as to his Battalion"—General Dagworthy's Answer to whom I wrote, I have not recd. other Gentlemen have answered my Inquiries in much the same Terms as expressed in General Rodney's Letter, however you may be assured I shall keep a watchful Eye over that Quarter & shall lay the Resolution of Congress relative thereto before the General Assembly this week—I wish & I am persuaded that it is the Intention of the Honourable Body where You preside, that partial representation shou'd not be considered as sufficient to found publick Measures upon—I think I may say with truth that the Executive as well as Representative Bodies of this State, have on every occasion acted upon & manifested a Disposition to persevere in support of every publick Measure recommended to them & through them or their Delegates in Congress, that information which may best be depended upon, may be expected to come-for if Individuals in or out of a State undertake this work, it is to be suspected, till well Authenticated—I hope you will pardon the frankness in which I express myself as I think it a Duty I owe to you as well as to the publick—Since your Committee appointed to confer with me on the calling out of the Militia were here I have had a meeting of the several Field Officers of this County & forced the Plan for calling the Militia forth, in a manner in which they think they can effect it—I directed them to proceed & view the Ground most proper for the Encampment & they reported a place as fitting, within less than Six Miles of Chester. They also sent my Orders to the commanding Officers of the Militia in Kent & Sussex Counties in the most explicit & expressing Terms, to send forth the Quota fixed for them A Report prevails, the truth of which I cannot avouch, that some Parties of men from the Enemies Ships of War in Delaware Bay have been on shore to plunder—I have written to General Rodney, in whose District it is said to have happened, to post such Number of Guards on the shore, as to intercept them in some of the like attempts as I am persuaded a few spirited & successful Attacks made upon them, wou'd have an happy effect, & prevent their Depredations in future but if this shall be found necessary it may prevent part, if not all the Quota of Militia from that Quarter—however if the publick prints inform us truly of the Enemies Troops being about to retire from Brunswick to Staton Island, the Congress may be of opinion that our Militia may be more properly employed in lining our Shores & attacking the Enemy on every

appearance of them, but of this I have not given the least hint here till I hear from you, & in the mean time I am with the greatest Respect & Esteem

Of the 1500 required by the Honble. Congress from this State for the Encampment by them proposed—I have ordered 550 from New Castle County, as many from Kent & the remainder from Sussex Counties—The Field Officers appointed for that purpose in New Castle County, who have since been amongst the People, assure me that they have no doubt in raising the Quota thereof—I have the like assurance from a Gentleman appointed a Field Officer for the same purpose in Kent County, who was present at a meeting of the Officers there, but whether a Party of the Enemy being on Shore & Plundering in that County, as mentioned in my last, & since confirmed & the orders I have thereupon given to General Rodney to place Guards so as to intercept them in the like attempts, will prevent any of those ordered from thence, for the Encampment, I know not-neither have I heard from Sussex County whether they are likely to raise their Quota—I have given such Orders for their marching that they are all to be at the place of Encampment by Thursday next but they will immediately want Tents, Camp Equipage & sundry Accoutrements, which General Mifflin here by appointment of Congress promised to furnish them with, to whom therefore I have now written for that purpose & I hope there will be no disappointment: they will likewise want pay & immediate Subsistance—Towards pay be pleased to give an Order on the Commissioner of the Continental Loan Office of this State for Ten Thousand Dollars or what you may think proper, also to direct how they are to be im-medi ately supplyed with Provisions & accommodated with wagons &c as any neglet must prove prejudicial—I must beg your Answer as speedily as possible & am with with the greatest Esteem & Regard

Sir,

Yours of the 8th inst. I rec'd—As the battalion from this Co. will, I imagine be complete & as I flatter myself that from your country will be nearly so, I think a Gen. officer necessary to have the command, even should it happen that none should come from Sussex—I hope therefore, It will not be inconvenient for you to take that command to which I now appoint you—As I understood from Col. Collins you had appointed Tuesday next to parade & march the Quota from your Co. I have ordered those of this Co. accordingly so that I expect the whole will be at the place of encampm't near Naaman's Creek next Thursday eveg. which is very convenient & pleasantly situated & where I have ordered the Quarter-Master & Commissary here to leave the tents Camp Equipage &c which Gen. Mifflin promised should be furnished in readiness to accommodate the whole nor shall any thing in my power be wanting to make the service as agreeable as possible. The officers can receive their commissions when they come here—I rec'd the list you enclosed to me of the same & rank of those you have appointed for the 1st Division, but as the Subalterns are from different Companies, I should know the names of their respective Captains as also the dates of their former Commissions, or times when elected, as they are to be commissioned as officers of the Militia & not for this particular service only. I think it would be impracticable for the men to draw Rations on their march, as they have not Kettles &c. to cook with. I fully approve of the method, I am told was recommended to the officers of your Co. for each man to carry provisions of his own for 3 days, but if nevertheless any should be unprovided that way you must do the best you can. The Gen. Assembly at this session have passed an act fixing the Tavern rates for Soldiers at 15 cents a meal & nothing for lodgins &c. You had better advance the pay for what is necessary & allowable on their march here & you shall be reimbursed. I hope the officers will set a good example & encourage their men to behave soberly & discreetly & to submit with becoming fortitude & manliness to those inconveniences that must be expected—a supplement has passed to the Militia law making all the fines for not enrolling or not attending on Muster days &c. just double to what they were, also that those who do not enroll are to pay an equivalent for every time the Militia are called forth into service. I hope to see you & those under your command in Health, Spirits & good Order, at the time appointed & that their appearance & behavior will do honor to themselves & this state—

I am with best regard,
Sir,

Sir

I recd. your favour of the 13th Instant together with the Resolution of Congress therewith sent of the 10th Inst. earnestly recommending "to take Measures to call forth into actual Service 1500 of the Militia as soon as possible & to order them to rendezvous at or near Wilmington or Chester" in compliance wherewith I immediately sent Order to the commanding Officers of the Militia throughout this State to raise the Quota to them severally specified (making up the whole Number required & having a due regard to their Situation & Circumstances) & to march them forthwith to this place, as the Tents which were lately sent for their proposed Encampment, near Naaman's Creek between this & Chester, had a few Days before been taken away by order of the Quarter Master General for the use of the Continental Army—In consequence of my Orders those who were nearest & ordered to furnish the largest proportions have been here some Days & the others are daily arriving—As it is necessary that they should be regularly paid, & some Expenses having accrued when lately called out on your orders, & as there is at present no publick money belonging to this State for which I can draw for that purpose, I must beg that you wou'd apply to Congress for a Draught on the Continental Loan Office of this State for Ten Thousand Dollars which shall be frugally applied a faithfully accounted for— I wou'd however make free to mention to you the exposed Situation of this small State on a Coast of about 150 miles in extent, along which are a great many large Marshes & Meadows, well stocked with Cattle, accessible to Parties which might readily be landed from the Enemies Shipping, which are continually in Motion alongst that Coast, & therefore render it necessary to have a very considerable Number of the Militia constantly placed as Guards, so as to prevent any Depredations; it is also certain that our fencible men are exceedingly thined from the great Numbers that have entered into the Land & Sea Service of the United States, insomuch that scarce any remain but a few Tradesmen in the Towns & the Farmers & their Sons in the Country, & many of these last have likewise entered into the Service of the American States; therefore several of the Militia who are now on Duty here have left their Meadows in part mowed & almost the whole of our Meadows, in which this County in particular very much abound, are ready for mowing, yet this most necessary Business must chiefly be postponed till the Militia be discharged, as there are scarcely any Labourers to be hired, neither any indented Servants & exceeding few Negroes the Rye is also nearly ripe & the wheat Harvest will soon follow these things I mention in hopes, that shou'd it be true as reported, that the Enemy so far from advancing farther than Somerset Court House are returning from thence, that for the Reasons afore assigned, I may receive orders to pay & discharge the Militia for the present, with a repetition of the orders, they have so frequently received of holding themselves in constant readiness to march at a moments warning and I flatter myself when there is a real necessity that it will appear that the generally of the People in this State are so zealous in the great Cause of their County that no private concern will prevent them from giving their personal Assistance, tho' I fear no good can arise from keeping them now on Duty here, when they are informed that the Enemy keep at such a distance & that even the Militia of Philadelphia have not marched as yet & that it still remained doubtfull whether they will be required so to do;

especially as their Affairs particularly the Harvest in which the publick is so much concerned, is likely to suffer greatly by their absence. Pray excuse this freedom of mine which I can truly say is only occasioned by my solicitude for the publick Welfare & be pleased to favour me with an Answer as soon as possible & thereby oblige him who with the greatest Esteem & Regard has the honour to be

JOHN McKINLY TO PRESIDENT OF CONGRESS.

Wilmington 15th July 1777

Sir

I recd. the Resolution of Congress of the 3d. Instant respecting the County of Sussex in this State, together with Copies of an Address from Messrs-Hall, Fisher, Perry & Clowes of that County to you as President of Congress, of a Letter from Brigadr. Dagworthy to Collo. Hall, of a Letter of a Robert Done to Brigadr. Dagworthy, & of a Deposition of Solomon Fruit taken before Mr. Justice Selby, transmitted to me by Mr. Houston your Depy. Secretary——As to the Requisitions made by Congress you may be assured that I shall on my part endeavor to comply with them as far as my remaining Authority within the County of Sussex will admit off—it gives me pain to find that the Honble. Body where you preside should be so much troubled with the People of that part of this State, but they must expect an Increase of it so long as Encouragement is given to a few Individuals to take upon them to make partial Representations—The first Information transmitted to me of the passing counterfeit Continental Currency, by Lofland the late Sheriff of Sussex, was in a letter from Collo. Hall, dated the 24th Ulto delivered the 27th by the Major Neill who waited upon you with the Originals of the Copies above; the next was in a Letter from Brigadr. Dagworthy, dated the 25th & deliver'd on the 28th, which being compared with the Dates of their Letters & laide before Congress it will appear that they made this a Subject of complaint, at least with respect to me, before the cause existed—neither of the Gentlemen transmitted any Affidavit or written Testimony to found a Proclamation upon, tho' a Copy of One was carried by the same Messenger to You, so that it was several Days after before I met with the Person whose Oath I took for that purpose. When Major Neill called upon me with Collo Hall's Letter, I made much Inquiry as to the State of that County, but received very general & unsatisfactory Answers, yet I find that Gentleman referred to in the Copy No. 2 subscribed by Messrs. Hall &c as "well acquainted with the state of the County, & capable of giving a Detail of Matters there." if so he carefully concealed them from me—As to the Intercourse carried on between some of the Inhabitants & the Enemy on Board the British Ships of War, I have repeatedly ordered the placing of Guards from the Militia to

detect & prevent it & tho Brigadr. Dagworthy has the Command of three Battalions, I cannot learn that he has even attempted it on a small Neck of Land of about Three Miles by two & less in extent, in his own Neighborhood, on the North-side of Indian River, where it is said there is much of this Business going on—What the Strength of his Brigade is I cannot learn from him, tho he has my orders to make Returns as early as March last which have been often repeated since—This Gentleman is also in the Commission of the Peace, yet he ventures to charge the Officers of the State generally with disaffection & neglect—his Infirmities alone can apologize for the Insult—but such are the Instruments I am obliged to use, truly not of my creating however I have the satisfaction of saying otherwise of Brigadr. Rodney in the next County of Kent, as that Gentleman by his Vigilance & due Attention to Duty, has seized three Persons, Traders with the Enemy from Bombay Hook, who are in close Custody & he has information of others for whom his People are in pursuit—As to the Report of the Commissioners sent by me in May last into the County of Sussex, it was in general Terms, without fixing Charge on any Individuals—I must own it appeared to me unsatisfactory, as those Gentlemen were ordered to make diligent Inquiry after & discover the Persons, yet instead of so doing they went into the Town of Lewes, & there the Inquiry was made & this induced me to refer it to the House of Assembly then sitting, where many Members were from the County, & it appears by the Members of that House, that the Business was taken up in a Committee of the whole, but not further Directions were sent to me thereon—as I form no part of the Legislature I shall not undertake to give a detail of the proceedings there—it is to be presumed they can account for their Conduct, tho' one of their Members who signed the Representation No. 2 has undertaken to arraign it—I am sorry to be thus obliged to enter into this minute Account of Persons & Things but the extraordinary Contents of your Copies must apologize for it. I hope that no such Occasion will occur again—I must beg the favour of you to give me notice when Collo. Richardson with his Battalion may be in Sussex County, as I shall be under the necessity of ordering the Militia required by Congress "to join and cooperate with him" from the other Counties of this State; and I would also wish to know how far these Forces when united within the State are to be considered to act independent of any Authority, or that of Brigadr. Rodney in whose Neighborhood or District they may be & to whom I have intrusted a part of this Business—the reason for my inquiring is the Power given to Coll. Richardson by the Resolution, & the detachment of the Militia who are to join him being only a Major's Command—I am rather in a critical Situation which must apoligize for the trouble I give you, but from your well known goodness & attention to publick Business, I am convinced you will cheerfully undertake it—I am with the greatest Respect & Esteem.

P. S. I beg leave to mention John Evans Esqr. a Member of the Executive Council of the State of Pennsylvania, as one acquainted with the Disposition of the People of Sussex County in general, & the Character & Conduct of Individuals—this Gentleman together with Brigadr. Rodney were sent by the House Assembly of

this State the last year, to inquire into cause of the Disturbances there when Congress ordered Collo. Miles Battalion down—if you or any Member of your Hon'ble. Body desire to be informed further I know no Person on whose Information they can put a greater dependence—

Dear Sir:

I recd. this Evening your Favour of the 26th Inst. by Capt. Manlove which afforded me the greatest Satisfaction to find that so many of those base & sordid wretches who hold an Intercourse with our Enemies, & of their Adherents who were so daringly wicked as to presume to rescue them in the way they proposed, have been apprehended & secured, in such a manner as discovers so much zeal & courage & such prudent conduct, as to reflect the highest honour on the Gentlemen concerned, & that those shou'd be of your County & under your command, enhances the pleasure. A little after the above mentioned I recd. yours of the 23d. & Collo. Collins of the 24th. instant by William White together with a few Lines from Collo. Patterson concerning the Arms wanted but unluckily Collo. Patterson has neglected to particularize how many Arms he has belonging to your County, or in what Order they are—I am forced therefore to write him & waite for that Information before I know what Arms to send you—for as I am informed you have no Person with you who can repair Arms, it is in vain to send any but what are in good order; I shall therefore keep those that want repair & have them put in order as fast as possible & altho' we have very few Publick Arms belonging to this County, & know not what Hour we shall stand in need of them, yet I look upon the Business you are engaged in of such importance to the Credit of the State that I shall write as soon as possible to Congress for a Supply of some, altho' I was lately refused by the Board of War to whom I apply'd to purchase 500 Stand for this State, and it will be with much pleasure that I shall mention to that Honble. Body these Proceedings of yours & the Militia under your command, as I had ventured to write to them lately some opinions of mine concerning both which are now proved to be right—I have great hopes that this diligence & success of yours will be productive of the best Effects—as likewise the Attention given to this Business by the Chief Justice—You may both firmly rely on my hearty support as I have no doubt but you will perseveringly go on as you have begun firmly & vigorously yet with prudence & discretion—I shou'd be heartily glad for many Reasons you cou'd reduce those internal Enemies to a due Obedience to the Laws & Constitution, with the force of the Militia of your own County—but shou'd you perceive any necessity for the Assistance of the Militia of this County, let me know & I shall order as many of them as may be needful even before the Relief which you mention is necessary—I am well assured they will readily & cheerfully go at any time when ordered—The Commissary informs me that the Salted Beef & Pork he

has will not do, being somewhat spoiled with keeping, so that you must purchase fresh Meat as you want, which I am persuaded you will take care to do on the best terms—You may be plentifully supplied with Bread when you require it—I much approve of your keeping up the Guard in your Place whilst any appearance of an Insurrection seems to require it—I am with much Esteem & Regard—Sir

Yr. very hum Servt.

JNO. McKINLY

I intend writing you a
few lines by Mr. White.

To Brig. Genl. Caesar Rodney.

JOHN McKINLY TO PRESIDENT OF CONGRESS.

Wilmington 28th July 1777

Sir—

I last Evening recd. a Letter from Brigadr. General Rodney of Kent County informing that a Party of the Militia of that County joined with some officers of the Delaware Battalion who were recruiting there, hearing a few Nights ago that a Number of People were met for the purpose of trafficking with the Crews of the Enemies Shiping, at a place in the upper End of Sussex County noted of late for Business of that sort, proceeded to the place & there found between Twenty & Thirty Persons all of whom they apprehended & took to Dover together with two Carts they had with them loaded with Sheep, Poultry, Fruit &c where they confined them in Goal, & they have since been examined by the chief Justice when the innocence of some of them, as well as the Guilt of several others has been made appear, who are not yet taken, but most of whom I am in hopes will soon be properly secured—The Militia having got from those taken the Signal for bringing the men of War's Boats on Shore, were proceeding next Evening with a Strong Party to the usual place in order to decoy them, but being informed on their way that a Number of People were assembling & arming in Sussex County, to go to Dover to release the Prisoners, caused them to change their Rout, & they accordingly fell in with about Thirty who were thus assembled, Ten of whom they took with several Guns Horses & a parcel of Musket Balls just cast, these they carried to Dover & confined, but the others escaped—the General likewise informs me that the Militia behaved with much prudence as well as bravery as they apprehended, carried with them, & delivered over to the civil Authority their Prisoners without doing the least personal Injury to any, as the Prisoners themselves acknowledged —he likewise writes me that he has since had notice of several Parties assembling in Sussex County with intention as they say to go to Dover to rescue their Brethern which has occasioned his keeping a strong Guard in that Town—He also informs me that in pursuance of my orders he has issued his for raising the Militia to join Colo. Richardson but thinks it will not be in his power to arm them, as the few publick Arms remaining in that County are put into the hands of the several Guards which are placed for their own immediate security & I cannot supply him with such from hence without striping this county almost entirely of such Arms, & we know not

what hour we may want them here—It is certain that this State suffered a very great Loss of Arms toward the End of the last Campaign which we have never been able to make up since, as we have none in the State who manufacture them & some Attempts to procure them elsewhere have proved unsuccessful, & amongst others an Application to the Board of War in May last for 500 Stand, which I am empowered to purchase could however a less Number be spared, I would cheerfully & thankfully pay for them & they would be of very great publick Advantage.

I am Sir with greatest Esteem & Regared

I rec'd yesterday by Express your Favour of the 31st Ulto. enclosing the Resolution of the Honourable Body where you preside of the same Date respecting the calling out of the Militia—I also recd. the Resolution of the 30th Ulto. which respects the removal of Horses Cattle &c into the interior parts of the County transmitted to me by Mr. Vandyke, but General Rodney, having given me the earliest notice of the Appearance of the Enemy's Fleet in the offing & that they seemed to stand as if they intended to come into our Capes, the necessity of those Measures recommended by Congress appeared to me so evident that before my receival of either of those Resolutions I had issued & sent by Express to the several Commanding Officers of the Militia throughout this State, orders for the removal of Stock Provisions &c likewise to fix guards of the Militia at such places & in such Numbers, as the Movements of the Enemy's vessells & their Numbers, shou'd render needfull; also that the whole were to hold themselves in constant readiness to march, at a moments warning, completely fitted to oppose the Enemy with effect when & where they shou'd be thereunto required; & moreover to secure all Boats & Watercraft whatsoever in such manner as to prevent any Intelligence being given to, or Intercourse with, the Enemy's vessels, also to place Guards at such Passes as shou'd seem needful for the purpose of Examining Travellers; which Orders as far as I have seen & heard around me here were readily & punctually obeyed—By a letter I have recd. from General Rodney written yesterday at Noon am informed that the Guards he had placed agreeable to my Orders, along the Coast "say nothing has appeared in the Bay since except two Frigates, & one Tender which they suppose to be some of those seen at times all Summer"—"& that he had heard by Travellers from Lewis that the Fleet was not to be seen on Thursday" he also desires my Orders with respect to the 200 Militia which in pursuance of the Requisition of Congress I had directed him to have in readiness to join Collo. Richardson, who he writes me is encamped at John Clowes' in Sussex—but those Orders I know not how to issue until I am favoured with Your Answer to mine of the 15th & repeated in that of the 24th Ulto. addressed to you—& as I had written in full to Mr. Van-

dyke, the Embarrassment & reasons which induced such Inquiry, he informed me in his Letter of the 29th Ulto. that "a Motion was made the Day before to refer it to the Board of War & that the Resolution on their Report he wou'd transmit by first Opportunity" which I therefore wait for—& am with greatest Esteem & Regard

Sir,

I have rec'd certain advice that the enemy's fleet, consisting of between 2 & 300 Sail, which lately went into chesapeake Bay, were seen yesterday's afternoon off the mouth of Elk & Sasafras rivers & by their movements seemed as if they intended for the latter, where it is Supposed, they intend to make a descent, in order to possess themselves of the Peninsula, between Chesapeake & Delaware bays, which we ought to endeavor to prevent by all the means in our power, as we are very deeply interested & therefore should give Every assistance we can to our brethern in Maryland & that as speedily as possible, to Enable them to make a proper opposition, until the continental forces can arrive. You are therefore to array the militia under your command as speedily as possible & have them well provided with Arms, Accoutrements, & Ammunition, & as much provisions as they can. You know you have a right by law to impress, waggons & Horses. I shall order you bread & as much other provisions as needful as soon as possible—but should any be wanting, you must procure & I shall pay for it. You are to march immediately with the militia arrayed & provided as above, to such places as may be most necessary to annoy the Enemy & prevent them from effecting their purpose of plundering the inhabitants & possessing themselves of any part of the aforesaid peninsula—but in a particular manner take care that they do not cut off your Communication with the upper part of this State & by a timorous removal prevent their obtaining any cattle, or provisions of any kind, neither Carts Horses or waggons. You are also to take special care that no arms or ammunition fall into their hands—I shall from time to time Endeavor to furnish you with such advice orders & other things as may seem necessary. Pray exert yourself, & incite the men under your command, to show themselves deserving of Freedom & Liberty—now is the time for Every Exertion beoming Freemen. The credit of the State,—our own Safety —& the Happiness of present & future ages loudly demand it. Burgoyne has met with a fortunate check—2000 Militian of Conn, under a General Stark, has totally defeated one of his parties of 1500, where of they killed about 200 & took

about 700 Prisoners, among whom was their commanding officer a Col Burr, four brass field pieces, all their baggage &c—the above certified by Genl Schuyler & published by Congress—so that if we do our duty here, I believe there is no danger from that quarter the militia there behaving nobly—I am with Esteem & Regard

Sir

I reed your Favour of the 23d Instant enclosing the Resolutions of the Honble. Congress of the Day preceeding, but as I had the earliest notice of the Movements of the Enemy's Fleet, Their laying opposite to the Mouths of Elk & Sassafras Rivers, & being of Opinion that if they made a Discent on the Eastern Shore of Chesepeak, that it wou'd be at or near the latter of those Rivers, in order to possess themselves of the Peninsula, between the Bays of Chesepeak & Delaware, as the Neck between the Head of Sassafras & Aqopuiniminck Creek in this County is very narrow, & the Lands adjacent to the Southward, namely of the Counties of Kent, Queen Anns & Tablot in the State of Maryland, & of Kent County in this State, are very fertile & well cultivated, producing vast Quantities of Grain & some of them well stocked with Cattle, & as many of the Inhabitants farther Southward are reputed to be disaffected to the present Measures of the United States—these Considerations induced me previous to the Rect. of your Letter to issue Orders, & forward them to the several Commanding officers of the Militia throughout this State to array the whole Militia under their respective Commands, & for those of New Castle & Kent Counties to march as speedily as possible & rendezvous at a place called Middletown, in this County, within a few miles of the Heads of Sassafras & Bohemia Rivers—& for those of Sussex County to remain within the same to prevent any Insurrections therein or Depredations from the Crews of the Enemys Shipping on their Coast — & as I observe that the Resolves of Congress were made on the 22d Instant before it was known that the Enemy had moved to the Eastern Shore of Chesepeak. I hope I shall be excused in not countermanding those Orders, in respect to the place of Rendezvous, & in exceeding the Number of Militia required until the others can at least assemble — I have recd. authentic Intelligence that the Fleet consists of upward of 200 Sails, one half were in Elk River, the remainder save a few Vessells were opposite the upper side of Sassafras River last Evening—& appeared as if they would land on the South Side of Elk River—

I wou'd begg leave to refer to several Letters of mine to Congress, as well as to the Board of War, to shew what pains I took to prevent any misunderstanding

that might arise, or any bad Consequences that might ensue, from the Powers with which Collo Richardson might suppose himself invested, by the Resolution of Congress; & altho' I had many Reasons to wish General Rodney might have the Chief Command of the Military Force ordered into Sussex County, yet I wou'd not attempt to give him that Command until I had the full consent of the Board of War for so doing, Whereupon I appointed General Rodney accordingly, & wrote both to him & Colo. Richardson advising them thereof Collo. Richardson however writes me in Answer "that he will not give up the command to any Militia Officer on Earth, however high his Character, Abilities or Station unless expressly ordered by Congress so to do"—& General Rodney assures me "that neither the Foot Militia nor Horse cou'd have been drawn forth, but from an Expectation that he was to have the command" however that Affair may at present remain, as I have appointed General Rodney to the command of the Militia now embodied by order of Congresss—Mr. Chief Justice Killen writes me that he intends to hold a Court of Oyer & Terminer in Sussex County the 8th Day of next Month, & altho' he has ever been a zealous Friend to the Liberties of his Country, yet he seems to resent very much, as he expresses himself, "that Collo. Richardson shou'd drag People by military violence out of this to any other State, for either real or pretended Offenses against the Government, as if this State had provided no Laws for it's own preservation; or if it had, that there were no Persons appointed who wou'd carry them into Execution" these things I thought it my Duty to inform Congress of that they may do therein as to them may seem proper I have the pleasure to assure you that every Person enrolled in this Place without exception & as far as I can learn throughout this County have cheerfully turned out on this ocassion, & I flatter myself it will be nearly the same in Kent County—I am with greatest Esteem

Yesterday morning, the British Army made a general movement from the place of their Encampment on the Iron hill, proceeding northward thro' Mill creek Hundred. Our Army at that time expecting they would take their rout thro' this place, over Brandywine Bridge entrenched themselves very well on the Eastern bank of Red Clay creek, about a mile westward from Newport, where they had moved the day before & waited their approach in the highest spirits imaginable; but the enemy has for the present given them the slip, having moved farther north to pass Brandywine, at a Place called Chad's Ford, about 9 or 10 miles above this place, but were pursued, or rather attempted to be outmarched, head & interrupted, in their rout by the whole Continental Troops under Genl Washington who

set off for that purpose from their lines at four o'clock this morng accompanied by his excellency, the commander in chief, & the other general officers, & hope they will accomplish their intention, & that victory will be ours. The Enemy, I suppose by way of decoy, & to amuse our Troops from pursuits, have left a body of their's on a high hill, about 3 miles west of Newport, who shew themselves very freely both last Eveng & this day on the skirt of a piece of Woods. Various opinions are Entertained concerning their numbers, some alledging them to be only 150 others vastly more—Nothing would please me more, than that they would be made prisoners by the militia of this state, & I have no doubt had the numbers, which first marched to the Head of Elk of the first & 2nd Battalions of this County, been now under arms, they could Easily have accomplished that desirable service by to morrow morng; but they are dispersed, taking care of their Effects which lay directly in the Rout which it was supposed the Enemy w'd take, so that I have no hopes from them at present, unless you could bring immediately, what Troops you mentioned in your last, to have under your command at your present station, to join with such as Could be readily convened here of the 1st & 2nd Battalions, & then I think there would be no danger of succeeding. There are two Brigades of Militia from the state of Pennsylvania, under the command of Brigadiers Potter & Irvine now lying here—But they must wait the command of Genl Washington, who it is possible may order them forward—As the fleet of the enemy is sailed & no danger from them or their army at present in the neighbourhood where you are; & Genl Washington has now left this state, perhaps it w'd be very agreeable to your officers & men, to perform this piece of service which would redound so much to their own Honor, & the credit of the state—I have the Cartridges you wrote for, but the waggons are so much engaged with the movements of our Army, that I could not procure any to forward them to you—No news from the Northward—My best respects to all friends, particularly your privateer, Mr. Dickenson—I am with best esteem & regard,

Yours Sincerely

I wrote you yesterday by Express, informing of the movements of the Enemy & that a party remained behind which I was desirous should be made Prisoners by the Militia of this state under your command, since which I have had authentic intelligence, that the sd party have moved on after the main body. Our Army is on the East side of Chad's Ford, in a strong post, & so have baulked Genl How who tho't to have stolen a march & passed that ford, before Genl Washington could have

reached it. Genl. How's army Encamped about 5 miles west of the aforesaid Ford last night—No news this morng but what the bearer can inform you. It is generally tho't that How must alter his rout, & perhaps endeavor to get into the great road from Lancaster to Philada. But I hope our army will still keep ahead of them. Our Army are in the Highest spirits & seem most Eager for an attack, & I am well persuaded that if How does not make one, Genl Washington will. One Jacob Hollingsworth, a credible person saw the whole English Fleet evening before last off Spesuti Island, before the mouth of Susquehanah river—I have not seen the commissary of purchases since I reed yours, but I have no doubt of getting Mr Haughey's appointment confirmed by him—there is no possibility of procurring a team, to send you the cartridges at present—but hope soon to get one—As I expect His Excellency Genl Washington has sent you orders by this conveyance, I shall not interfere—My respects to Mr. Dickenson &c—

Sir

Altho' I wou'd willingly avoid giving you or the Honourable Body where you preside any trouble with my Affairs, when so much engaged with those of a more publick nature, yet my Circumstances oblige me to crave your attention to my Case during the present Dispute between Britain & American having filled several Offices of publick Trust in the Delaware State, I was lastly elected by an almost unanimous Vote to be President & Commander in Chief of the same, & as I constantly Discharged to the utmost of my Power & Abilities the Duties of the several stations with the greatest Ability, Punctuallity & Efficacy, several Circumstance concurred to render my staying at Wilmington, necessary to the publick whilst the Enemy were moving toward Philada., & being more solicitous to perform my Duty, than for my own personal Safety, I was unexpectedly made a Prisoner in my own House there on the Night succeeding the 12th Day of September last, by the 71st British Regiment, said to consist at that time of 900 Men, who were detached to take possession of that place for the accommodation of such of their Army as were wounded the Day preceeding, at the Battle of Brandywine—I sustained at this time some heavy losses of private property; & have every since remained a Prisoner & suffered much—I wou'd beg leave further to mention that in consequence of an application made to General Clinton, he was pleased to enlarge me, on the 5th Instant, on my Parole for one month, in order to effect an Exchange for Wm. Franklin Esqr. late Governor of the State of New Jersey, whom he had some time before positively refused to exchange for General Thompson, that the said General Franklin being no longer formidable to the good People of that State—those who have the management of

publick Affairs there, had acceded to the proposed Exchange for General Thompson —that the Exchange of the said Governor for me cannot be injurious to that State— that the Exchange for me seems more agreeable to the Cartel settled for exchanging Prisoners—that there is no other Person in the civil Line, & but little probability of getting any beside, to exchange for me, so that failing herein I have no prospect of being released; & his bad State of Health still renders the same more precarious —that one half of the Month allowed me is already elapsed, so that much longer delay will operate as a refusal—that my Captivity has been exceedingly prejudicial to me & it's continuance must prove extremely so—I do therefore earnestly request that you wou'd be pleased to submit the foregoing to Congress, as speedily as may be, in order that I may obtain from them the the necessary relief—I have the honour to be with great esteem & respect

As the Honorable Congress were pleased to postpone the Consideration of my Exchange, I went this Day three Weeks to see my Family at Wilmington of which happiness I have been long deprived, & was so unfortunate as to be taken immediately afterwards with the Gout, which has detained me until now from returning—And as my Parole will expire next Wednesday, when I have pledged my Word & Honour, shou'd I be unsuccessful in effecting the proposed Exchange, that I will surrender myself again a Prisoner at New York

Time therefore presses so hard that I must earnestly request that you wou'd be pleased to get the Consideration of that Affair reassumed as speedily as possible —Did Congress but fully know how constantly & zealously I have been employed, during the present Contest with Great Britain in supporting to the utmost of my Power the great Contest of American Liberty & Independence—as likewise the sad Reverse of Fortune I have since suffered, in which an affectionate Wife has consequently deeply partaken. I cannot doubt but that Honorable Body wou'd immediately proceed to take such Measures as wou'd forthwith restore me to my long lost Liberty—I have the honour to be with the greatest Esteem & Regard

Sir

Your favour of the 20th instant was delivered me by Captain Learmonth, who has received thirty six thousand dollars for the recruiting service in our State, which is to be paid into your hands and charged to the State—When this is expended, on your application more will be obtained. I hope every exertion will be made to fill our Battalion, as peace will in a great measure depend upon the numbers of our army and the time they take the field—Every State in the Union is sensible of this, and I rest assured we shall have in consequence the largest army next campaign we ever yet had, and that this circumstance will determine our Enemy to peace or war, as our success or the contrary in this measure may prove—

Our army has been almost starved and our Treasury empty; but both are again in a good way—Our resources are great if properly and timely called forth.

We have no news of Importance.—

Mrs. McKean joins me in presenting our best compliments to your Excellency and Miss Wilson. Please pay my respects to Mr. Dickinson and the Chief Justice when you see them.

THOMAS McKEAN TO CAESAR A. RODNEY

Philadelphia, Augt. 22d. 1883.

Dear Sir,

Your favor of the 22d last month, with a copy of the journal of the Congress at New-York in October 1765, printed in the Baltimore Register, came safe to hand., Not having heard of this publication, I had the proceedings of that Body (not the whole) printed here about 2 months ago, from a copy, I found in the 1st Vol. of "American Tracts" (contained in four volumes octavo) edited by L. Almon of London in 1767. Such an important transaction should not be unknown to the future historian.

I recollect what passed in Congress in the beginning of July 1776 respecting Independence; it was not as you have conceived, on Monday the 1st. of July the question was taken in the committee of the whole when the State of Pennsylvania (represented by seven Gentlemen then present) voted agst. it; all the other States voted in favor of it.

Whereupon, without delay I sent an Express (at my private expense) for your honored Uncle Ceasar Rodney Esquire, the remaining member for Delaware, whom I met at the State-house door, in his boots & spurs, as the members were assembling; after a friendly salutation (without a word on the business) we went into the Hall of Congress together, and found we were among the latest; proceedings

immediately commenced, and after a few minutes the great question was put; when the vote for Delaware was called, your uncle arose and said; "As I believe the vote of my constituents and of all sensible & honest men is in favor of Independence my own judgement concurs with them, I vote for Independence," or in words to the same effect, The state of Pennsylvania on the 4th of July (there being only five members present, Messrs. Dickinson & Morris, who had in the committee of the whole voted against Independence were absent) voted for it; three to two, Messrs. Willing & Humphries in the negative. Unanimity in the thirteen States, an all important point on so great an occasion, was thus obtained; the dissention of a single State might have produced very dangerous consequences.

Now that I am on this subject, I will tell you some truths, not generally known. In the printed public journal of Congress for 1776, vol. 2, it would appear that the declaration of Independence was signed on the 4th July by the members, whose names are there inserted, but the fact is not so, for no person signed it on that day nor for many days after, and among the names subscribed, one was agst it, Mr. Read, and seven were not in Congress on that day namely, Messrs. Morris, Rush, Clymer, Smith, Taylor, & Ross of Pennsylvania, and Mr. Thornton of New-Hampshire; nor were the six Gentlemen last named at this time members; the five for P. were appointed delegates by the Convention of that State on the 26th July, and Mr. Thornton entered Congress for the first time on the 4th of Novemr. following; where the names of Henry Wisner, of New York & Thomas McKean of Delaware are not printed as subscribers, tho' both were present & voted for Independence.

Here false colours are certainly hung out; there is calpability somewhere. What I can offer as an apology or explanation is; that on the 4th July 1776 the declaration of Independence was order to be ingrossed on parchment & then to be signed, and I have been told, that a resolve had passed a few days after and was entered on the secret journal, that no person should have a seat in congress, during that year until he should have signed the declaration in order (as I have been given to understand) to prevent traitors or spies from worming themselves amongst us, I was not in Congress after the 4th for some months, having marched with my Regiment of associates of this city, as Colonel, to support General Washington until a flying camp, of ten thousand men was completed. When the associators were discharged I returned to Philadelphia took my seat in Congress & then signed the declaration on parchment. Two days after I went to Newcastle, joined the Convention, for forming a constitution for the future of the State of Delaware having been elected a member for Newcastle County) which I wrote in a tavern without a book or any assistance.

You may rely on the accuracy of the foregoing relation. It is full time to print & publish the secret journal of Congress during the Revolutions.

I have thus answered your request, and trust it may reform errors, Accept, dear Sir, my best wishes for your happiness.

A. McLANE TO CAESAR A. RODNEY.

Wilmington 20 April 1818

Sir

I have a perfect recollection of the times that tried men's souls from the Assembling of the Congress 1774 till the British Acknowledged our Independence. Your Uncle Caesar Rodney, George Read and Thos. M'Kean Esqr. were first selected to represent the three Lower Counties An'xed to Pennsylvania then under the propriety Gov's. After the British Army at Boston Attacked the New Englanders near Lexington in April 1775 Congress recommended that the people of North America Should Arm, to repell the aggressions of the British Ministry and Parliament, At the same time Acknowledging the Sovernity of King George the third. Council of Safety was chosen with Executive powers to Coms. Volunteers &c. Committees of inspection and Observation was also chosen to support Congress and to enforce their recommendations. Under this sistem the Enemies of America were kept in fear and our revolution progressed. Your Uncle Cezar Rodney was Comsd. a Col. of a Regiment of Volunteers and I had the Honr. to be Comsd. his Adjutant &c. in the month of May 1776 I waited on Col. Rodney in Philadelphia at the Request of the Officers of the Regiment to inform him that they were no longer Satisfied to fight under the British Coulours, and prayed that he would Use his Influence in favour of a Declaration of Independence, on the 11th of June Coln. Rodney advised the Officers of the Regiments that Congress had appointed a Celect Committee of their Body to take into their consideration the propriety of Declaring the 13 United States Independent. this measure staggered many and it was the opinion of a Principal Merchant of Kent County that if the Kings Standard was Erected in Opposition to Independence that nine tenths of the people would Rally Round it and thus wrote to Mr. John Fisher a merchant of Philadelphia. At this time the line was Drawn between Whig and Tory. those opposed to Independence was Demonated Torys and many of the whigs treated them as Enemies. When the Question was first Agitated in the Committees a Considerable Majority was Opposed to the measure. the few whigs (and very few indeed), became Desperate Dreaded the Consequence of being Conquered and treated as Rebels. Attacked the Disaffected with Tar and Feathers, Rotten Eggs &c &c. and succeeded in silencing the Disafected and then filling these Committees with men Determined to be free. in the Last of June our Coln. Rodney paid us a visit at Dover and informed us that the 4 Day of July was fixed by Congress, to take the vote for Independence but that it was Doubtful whether it would be an unamious vote. on the 2d Day of July he left Dover for Phia. Ascorted by a few that preffered Death to Oppression he arrived in Phia. on the 4th at 10 A. m. he alighted from his Carrage at the State house and was met on the Steps by his colague Thos. M'Kean And Entered the Congress Room with him immediately, the Chairman of the Committee of the whole House had reported the Declaration of Independence And Hancock the president of Congress at the hour of 2 P. M. put the Question And Every State that was represented voated in favour of Independence. I felt a Great Interest in the Question and was happy to find that two out of three of the Delegates of Del'r. Cezer Rodney and Thos. M'Kean gave

their voice for Independence. But if Mr. Trumbold would paint the Faces of Many in Congress of that Day they would appear Different from what he makes them appear in his Pictures and Cezer Rodney would appear At his post as firm as Cezer

Sir,

Yours of the 17th came to hand by Express, note the contents, for answer have done all in my power to assemble the militia but to very little purpose. I have disposed of them, viz. one company made out of three, along the neck & down along the Delaware to Hamburgh, one company at Xteen under a subaltern about 15 men, to take it in rotation, & one in the Welsh Tract, to keep people from plundering one another. The Cattle is mostly all drove off from the riverside. This I shall attend to as to Col McDonough's Battalion, I think they will not move from their own district, without you should come up to this place. We are all open to be plundered down to the bottom of the State. All our rich have deserted us; What can be done when such is the case?

I am in hopes Genl Washington will assist us; Such I have ordered to be applied for. My officers never come near me nor men scarcely. The few I have will, if not assisted, will break off, as in fact they will be sacrificed if their numbers are known. I have the floor to lay on & that's almost all, as all this part has fled.

As to the news from Genl Howe, I hear it was true in part but was going to New York by land, & was interrupted & to what you say. We have no news here as our passage is blocked up. Genl Washington advancing to attack them. Last accts, they are yet near Shad's ford. 6 ships was of Xteen Creek, 1 brig with 12 Guns, run into Xteen Creek, lies a mile above the town. Some Cannon fired this morng—the cause have not heard.

Since I saw you in Newcastle, I have been treating with a Carpenter of this place, who engages to build and have ready for launching a Vessel by the Middle of October provided we procure three or four Workmen for him—At present he has but two, and says it will take six hands to build her in ten weeks:—The Dimensions agreed on are 54 feet Keel 20 feet Beam and 8 feet Hold. The Dimensions of the Brig Lexinton Commd by Capt. Barrey is 58 feet Keel—21 feet Beam—and 9 feet Hold—The Carpenters say her length will be a considerable advantage to her sailing—Several Labourers have been employed two or three Days in cutting the Timbers and Keel—the greatest Part of the Plank is now ready—and he fully expects indeed is determined to have her on the Stocks in three or four Days.

I would recommend it particularly—nay request it as a Favor of Mr. McGarmot to ride down to Lewis Town—Cedar and Broadkill Creeks and employ all the Hands he can—the more hands the better for us—she will be the sooner off the Stocks, and I am certain Hands may be got down there—I beg you may insist on Mr. McGarmots going down; as the Time is drawing on fast that requires our Presence in the English Channel—

I shall endeavor to get off from this Service in a few Weeks, and think there will be no great Difficulty in procuring a Discharge Was it not that I prefer the Sea to the Land Service, should continue a Soldier as long as there would be Occasion.—

Dr. Genl.

My not receiving any answer to my past letters, gives me reason to suspect they must been Troublesom to you, I do assure you they where not intended as such, as I have ever had the highest esteem for your person & character, I should been the most ungreatful Retch to Disturb that person I have so much Regard—notwithstanding I shall make free to Honour myself with directing this to you, & hope it may find you & Family in good health—as to news we have but little in this Quarter except the several alterations & movements, of the Army; the 3d, Virginia Regemts, that composed it, are added to the two other Briggades of that lines, the Delawr. Regmt. is Ordered to join the 2d. Maryland Briggade, (this is

not a disaggreeable order to them,) which will be complied with as soon as we take the field, the Jersey Briggade & the 3d & 9th Pensylvania Regemts, are Ordered to the Westward, who are to march by Regemts. to Wyomen; one of the Jersey Regemts Marched through Bonbrook yesterday we have certain inteligence that four british regemts, (report say. 4,000 Troops) have sailed from New York & bound to the southward, its Conjectured their aim is Charles Town.

Our Officers, in Camp are very hearty some of them talk of petitioning the assembly, whilst others say they scorn to beg & say the Members cannot be strangers to the extravagence of the times as well as the Depresiation of the Currency—they are undoubtedly alarming circumstances and early Distressing to the Officers of the Army, as five days pay of a subaltern will now only purchase a Dinner—& other necessaries of life are equally as extravagant, it is therefore impractible for those distitute of fortune to Continue as Officers any longer in the service unless supported by their County, I have for your information inclosed a return of our Regemt. which is far short of the Establishmt., his Excellency says he expects something is doing for the Compleating it, wether his expectations will be favoured with success or not must leave you to Determine, much has been said rispecting our absent officers not complying with his Excly proclimation, the Brigadr & officers comd Briggades are desired to report all such. the comt. of our brigade has complied with that part—Capt. Larmonth neglect of orders. still continue me in a very Idle Situation, having nothing to do but ride about & Visit the Army & view the County the former gives some amusement whilst the latter affords a delightful prospect which at this season is very beautiful, as my return to the Delawr. Depends on the movemt. of our field Officers & the arrival of Capt. GEORGE READ TO CAESAR RODNEY & THO. McKEAN.

"In the month of May 1776 Mr Read (Geo.) was among the multitude of his fellow citizens who witnessed the Attack made by the row gallies upon the Roebuck and Liverpool frigates off the mouth of Christiana Creek; the following letter contains some particulars of that affair;

Wilmington Friday May 10th 1776

Gentlemen,

The enclosed letter came to hand this evening, by the person employed to take the two hundred pounds of lead to Lewestown, sent by brigadier M'Kinly, upon the requisition of Colonel Moore, which you have seen.

The Committee of safety have thought it highly necessary that you should be acquainted with the situation of the magazine at Lewestown, to exert your influence for an immediate supply of powder and lead; which, I suppose, must be by land, as the Roebuck and Liverpool will probably continue as high up the river as Reedy Island; this morning they are in the bite below New Castle, and though the row-gallies have preceeded down, from the Christiana Creek's mouth about two hours ago, I am apprehensive the high wind now blowing will not permit their acting to advantage in that cove.

We have had warm cannonading between the ships and gallies these two

days past, all within our view. Great intrepidity was shown on the part of our people, who compelled the two ships to retire, not much to their credit; but it appeared to me the ships were afraid the gallies would get below them. Young Captain Houston led the van. As to other particulars, I must refer you to some of the very many spectators from your city, who will have returned before this time.

I suppose it will be thought that too much powder and shot have been expended by the gallies in these attacks, but I am well satisfied they have produced a very happy effect upon the multitudes of spectators on each side of the river; and in that part of the Colonies where the relation shall be known, British ships of war will not be thought so formibale. A few long boats drove, and apparently injured, those sized ships that seemed best calculated to distress us. The committee of safety are going this morning to New Castle, and downwards, to see what may be necessary to advise for the protections of the shore below. Truly the people at large have shown great alacrity and willingness on this occasion. I know not when I shall be with you, as I may be of some little use here. I shall stay till there is some alteration in the appearance of things. Excuse this scroll. My complements to all friends.

I remain
Your very humble servant,

GEO. READ."

Dover half past 4—Monday afternoon.

Dear General.

Capts. West & Clark just from the Cross Roads bring intelligence that a considerable body of the Enemy supposed to be 700 landed this morning about Listen's Highlands and were on their March up the Thoroughfare Neck—it is highly expedient that Col. Pope repair immediately to the Cross Roads in order to secure the Cloathing &c there belonging to his Battalion—and that you forthwith give orders for the assembling of the Militia—Col. Collins is doing a part of the business here and will set out for the Cross Roads in a few minutes

Phila. Sept. the 9th, 1774

Sir,

On Thursday the 1st of this month, after a very warm, disagreeable ride, I

arrived in Town together with some of the Virginia gent'n. By Sunday eve'g last, the delegates from all the different Colonies, except North Carolina & georgia came to town & on Monday they met at Carpenter's Hall, when the Hon. Peyton Randolph was unanimously elected to the chair by the name of President. Charles Thompson was chosen Secretary & I door-keeper & Messengers was also appointed—The Congress then proceeded to business & have set every day since. I doubt their rising before some time in Oct. perhaps the middle All the 7 delegates appointed from Virginia are here & more sensible fine fellows you would never wish to to see In short, it is the greatest Assembly (in proportion to the numbers) that ever was collected in America & the Bostonians who (we know) have been condemned by many for their violence are moderate men when compared to Virginia, South Carolina & Rhode Island. In short, all the Colonies seem to be hearty in the cause & have the greatest respect paid them by all the first people there—A letter to Mr. Cushing, by Express from Boston informs that all is quiet as yet, that their Superior Court had met under the act of Parliament for altering their gov't but that it could not proceed for want of Jury-men who would not attend. That almost all the Judges appointed under that Act had waited on the Gov'r. with resignations.....
I have been very poorly ever since I came to town, but hope I shall get better. Remember me to Betsey, Sally, Cesar & to all enquiring friends. The Congress meets at 9 therefore I have not more time than to say

I am your humble servant

Phil'a, Monday Sept. the 19th 1774

Sir,

.....Sometime ago, I do not doubt but you were all much alarmed on a report that the King's ships were firing on the town of Boston—When that news came to this city the Bells were muffled & kept ringing all that day—However, in a few days after that news was contradicted here, & I hope by this time it is so with you. By some late very authentic acc'ts. from Boston gov't. to the gent'n of that place now at the Congress. We are informed that there was about 3 days between this report's passing thro' the Mass. & Conn. gov'ts. & its being contradicted. That when the expresses went to contradict this false report, they found in those 2 gov'ts in different parties upward of 50,000 men well-armed, actually on their march to Boston for the relief of the inhabitants & that every farmer who had a cart or waggon (& not able to bear arms) were with them loaded with provisions, ammunition, baggage &c.—all headed by experienced officers who had served in the late American war—& that vast numbers more were preparing to march. Upon the news being contradicted, they returned peaceably to their several places of abode—but not till they had sent some of their officers from the different parties to Boston to know the real situation of affairs there & to direct them what principal officers in the different parts of the country they should hereafter send expresses to—in case they

should stand in need of their assistance. It is supposed by some of the friends of liberty at Boston that the alarm was set on foot by some of the friends to the ministerial plan in order to try whether there was that true valor in the people—If this was the case, I suppose you will think with me that by this time they can have no doubts remaining. Indeed I think it is proved by the Gov's own conduct for ever since that, he has been fortifying himself, which I imagine is more for his own security than to attack the inhabitants. Yesterday afternoon Capt. All from London came up to town. But no news that he may have bro't has as yet transpired, except that friends to the American cause are daily increasing on the other side of the water.

I am yours,

Sir,

There is little or nothing new since I wrote you last I think I wrote you of Mr. Hawkley's death & that Mr. Rich'd. Penn has got his office. I have now the pleasure to tell you of a truth that in this the Gov'r has the whole & sole merit & that it has brought about an entire reconciliation. Mr. Penn has (since) been to see the Gov. & the Gov'r. him. Their wives have also visited. I shall tell you more of this mattter if I live to see you Mr. R. Penn is a great friend to the cause of liberty & has treated the gentlemen delegates with the greatest respect. More or less of them dine with him every day & his brother wishes his station would admit of his acting the same part. All these matters are for your own private speculation & not for public view. By this you may see that some people with you are mistaken in their politics & you may also take for granted every body here not well pleased with the coalition of the two Brothers.) [Mentions arrival of ships]. In short every body say half the quantity of dry goods never was before imported as now are & likely to be this fall. So that it will not be necessary for you to come up for the purpose of purchasing till after the Election. You may tell those whom it may concern that Missrs. Charlton who used to take in some of our Rout Ladies to lodge was buried the day before yesterday from whence they will (no doubt) readily suppose that she is dead.

[Sept. 24, 1774]

[Reports news from Boston, Gen. Gage's answer to the Committee quoted in general terms, & goes on:]

From this you will readily suppose the Gen'l. is about to act a prudent part. Query, Was he not frightened into that prudence by the manly prudent oppostion of the inhabitants of that Gov't. I have never read but one letter from you since I came up & can say of a truth I never wanted to have one from you much more than at present.....Tell Betsey & Sally that I have not got well yet & that I have very little expectation that I shall while I am under the necessity of spending all

those that ought to be my leisure hours in feasting or be thought to neglect those who kindly invite. However remember me kindly to them both and tell Cesar that I will send his fiddle by the first shallop.

Sir,

I arrived here yesterday afternoon & soon after waited on Col. Bland one of the delegates from Virginia, who is since gone up to town in the stage & says the other delegates from his colony, (he believes) might have got as far as Chester last night. Mr. Hall, Mr. Johnson & Mr. Tilghman of Maryland set out from here this day soon after dinner & about the same time, a brig from South Carolina passed by with the delegates from that colony Mr. Chaise of Maryland went through this town yesterday. Mr. Read & I are to set out to-morrow morning attended by the Militia of this town at the instance & request of the Company. The Province Assembly who are now setting have added Dr. Benjamin Franklin & Mr. James Wilson of York Co. to the Congress. The Comm'ee. of New-Castle Co. have given & published as their opinion that one shilling & six pence in the pound upon the rate of assessment should be immediately collected from the inhabitants of the Co. The Comm'ee have set about to collect & the people pay it with more cheerfulness than they have been known to pay any tax heretofore as I am informed. Thus ends the news for the present. I sent your letter to Wilmington this morning. Mr. Adams had none of those exercises. But I have rec'd as a present of the gentlemen here twenty-four of them which I have sent you & desire you will furnish each company in Kent with one of them as a present from me. When I get to town, you shall hear from me again. I am &c.

Sir,

I have very little news (as yet) to write you more than what the printers (who are very apt to get the whip-hand of their neighbours in that way) have set forth in their papers which you will get pr. post Billy Rodney will give you a description of the public entry of the Bostonian delegates into this City yesterday. It was very grand & intended to show their approbation of the conduct of the good people of that gov't in the distressing situation of affairs there. I believe from the best accounts that Gen Gage was forced upon the plan of sending troops to Concord by the other officers of note together with the Tory party in Boston, Mandamus, Councellors &c. alledging that the people would address, resolve & threaten but would not fight. The Gen. Tho' overruled it seems was not convinced, therefore sent a 2nd Brigade. The purpose of the expedition was to destroy the ammunition, arms, provisions & bridges & some to take Hancock & the other delegates who they knew to be in that part of the country. Mr. Hancock told me he had been to see that small company at Lexington exercise & had not left them more than 10 minutes when the Troops came up & that they had no suspicion of any. Last eve'g. I saw a very intelligent man from Mass. gov't. who was in the engagement & got him to relate the story. He says they fired on the people at Lexington as related & killed 7 on the spot They dispersed without returning the fire—that the troops went on to Concord destroyed Mast, Flour & Pork—threw a quantity of Ball in the River—broke 2 Cannon & did other damage. That by this time, 150 provincials had collected near the Bridge—that the Troops fired on them & killed 3 that the provincials for the first time returned the fire which they continued & increasing in their number drove the troops back as far as Lexington where when joined by the 2nd Brigade, they made some stand but soon retired again, which they continued without making any stop till they got to Charles Town—He says they retreated at the rate of near 6 miles an hour. That there never was more than 400 provincials who see them till they got to Buncar's Hill at the edge of Charles Town—that there were better than 2000 provincials who had way-laid them but were on the wrong road & about 2000 more who followed very fast but could not come up till at Buncar's Hill. That the provincials had 36 killed—that he cannot tell how many Regulars were killed but that the provincials buried 100 & three of them which they found dead on the road from Concord to Charles Town. I should be glad you would call upon Joseph Pouyn & know whether I can have that room of his next Doct. Ridgley's in case I should stand in need of it & know of him what the rent must be.

There is such a martial spirit prevails in the province that I can not get you a drum & colors in less than 2 weeks by which time Fleeson says they shall be ready .....The congress met yesterday—chose Peyton Randolph President & Charles Thomson Secy. Franklin, Willson & Thos. Willing are added. The Congress will be opened this day with prayers by Mr. Durkee & then proceed to business

I am yours

Sir,

.....The money you sent me by the Doct. I rec'd, & if Galloway does not lie shall send your coat by Banning who sets out to-morrow morning. If he does I will send it by the first opportunity. Your Drum, went by Norris's Vessell the last time & I suppose you have got it. The colors are not yet ready. I can now let you into a part of our proceedings in Congress We have ordered millions of dollars to be struck here as a Continental paper Currency for the defraying the expenses of defending our Constitution, Rights & privileges—the money is to be sunk by all the 12 colonies in 7 years according to their quotas which are settled in proportion to the number of inhabitants in each Colony. We have appointed Col. George Washington, General & Commander in chief of all the Colony forces Gen. Ward, (now with the army before Boston) to be Maj'r Gen'l & second in command Gen. Lee a Major Gen'l. & 3rd in command. Col. Skeiler a Major Gen'l. & 4th in command & Col. Putnam a Major Gen'l. & 5th in Command. All the Brig'r. Genls. Cols. Lt. Cols. Majors &c. are confirmed according to their appointments by the colonies when the troops they command were raised. Gen. Washington viewed the militia of this place today & sets out for Boston Camp next day after tomorrow. Gen. Lee will go with him & they will have a large escort from this city as far as Foxtown at least. I am much pleased to hear you have sold the sloop & as times have but a very gloomy appearance, I wish both the other Vessels were sold provided they were were well sold—however, you neglected to let me know what you are to get for the sloop, I am glad to hear that there is to be a good crop of wheat & hay. The hay we know how to dispose of but God knows what we shall do with the wheat. There is little or no reason to expect the Congress will rise I rather think they will set the whole of this season; but am in hopes that a week or fortnight hence the most material business will be so settled as that I shall obtain leave of absence for 2 weeks. .....Your Coat is calculated for the Light Infantry of the 1st Battal'n. the uniform of the 2nd Bat'n. is to be brown & white facings & their infantry blue & white facings. .....I heard this afternoon by express from Rhode Island that a part of the Troops expected at Boston from Ireland are arrived. ....& that the remainder are looked for every day ....After they have had a few days to recruit from their voyage, we may expect warm work & warm it will be I dare say—for we just had an Express from our provincial Camp, who informs of a truth we have there 18,000 men ready to receive the Regulars & indeed wishing they may come out—provided they intend to persist in their oppression: I wish our new Generals were at the Camp—Remember me kindly to our Family's Relations & Friends & tell them I expect to see them in about two weeks.

Sir,

After a very cold disagreeable ride, I am in town & have had since I came a smart fit of the asthma Soon after I parted with you, the evening before I left home, I began to be strongly impressed with the thoughts of taking lodgings as soon as I should arrive in town & these thoughts being accompanied with many weighty reasons which I will comunicate to you when I can do it by means of my tongue instead of my pen & thereby save the trouble of writing so much, I went to lodgings the night I got to town with a certain widow Dewer opposite John Cadwallader's in Second St. This place was recommended to me by a friend of mine, (one Mr. Milligan) & from what I have yet seen she is a very genteel, well-behaved, kind body—Her house is fully & genteely furnished—She has no lodger but me. I have a good lodging Room & Parlor to myself—Her own family consists of 3 children, to wit, 2 girls & 1 boy & one servant girl— She keeps a good table & is very obliging. Therefore, you may suppose I am so far very happy—I am to pay her 30 shillings a week for myself & 10 shillings a week for my servant, & am to find my own wine, spirits & fire-wood. I have already laid in my wine, Spirits & one cord of wood & pray remember the 3 cord we were planning to be bro't up in the new schooner & remember also that I would have the destination of it altered, that is, I would have it bro't to my lodgings where I hope to see you when you come up. I would by no means have the wood to go where we first intended—More of this when I see you.

While poor David Beveridge was at Lewis, his brig came in, loaded with sugars, molasses & coffee—She has since run upon the Chevaux de Frise & immediately sunk in five-fathom water—no part is saved—one or two river boats have struck & been sunk by them the moment they touched—I mention this that you may give strict orders to your people to be careful in passing them with the new schooner for if she touches them she is surely lost with all her cargo.

Mess'rs Wasington, Miss 'rs Gates, Col. Curtis & his Lady & one Mr. Lewis all of Virginia set out from here this morn'g. for the camp at Cambridge accompanied by all the military officers—the 3 Companies of Light Infantry & the company of Light Horse—As they came up Gen. McKinley with 40 or 50 of his Battalion attended them to Schuykill Ferry.

We have certain intelligence that there are 2500 or at least 2000 troops landed at Boston from Ireland & it is tho't by many that with this reinforcement they will make a push to get out by attacking our lines. If they should attempt it, I hope our American Boys, who have been hitherto fortunate, will give us a good account of them

Wednesday Nov. the 29th 1775

You will find in this day's paper an account of the surrender of Montreal to Gen. Montgomery on the 13th inst. The Congress have (as yet) received no express but expect one every hour as the account is generally believed—Mr. Livingston, being a man of character, brother to a Member of the Congress & Brother-in-law to Gen. Montgomery.

Pray take care to have both your & my business in such order as to receive as little damage as possible in your absence, particularly take care that all the chimneys be swept clean. I am ,with my love to all my friends

yours &c.

As the English Armed Vessels have all now left the Delaware, & as a powerful French fleet is lying off our coast, the inhabitants of this state, do not, in my opinion, appear to be in that danger from an invasion of the Enemy, so justly apprehended by the General Assembly, when they Entered into the resolution for Establishing the independent Company you command in this county. I do, therefore, in virtue of the powers given by the General Assembly, hereby disband the above mentioned independent Company; You are therefore immediately to discharge the officers & privates thereof from further service. CAESAR RODNEY TO COL. JOHN HASLET. (Draft)

Philadelphia Sepr. 12th 1776.

Dear Sir

I have been favoured with two Letters from you and dated at New York, the other at Kings-Bridge, in both of which you desire I would Communicate to my friends your Situation after the Engagement, from whom Missrs. Haslet might hear it—Imagining it might be a considerable time before the news would get to her in that way, and that in the meantime she would be very uneasy. Therefore wrote a Letter to her imediately on the Rect of your first, in which I Let her know the whole affair and Sent it by a Safe hand—I am happy that I have it in my power to Congratulate you on the Bravery your Battalion has shown in the late action, and the great Honor that the officers and men have acquired by it—They are much Spoken of here and I have been often complimented in behalf of the Government on their account—They deserve much of their County, and (as an Individual) have my most hearty thanks—I am Extremely Sorry for poor Stewart and the other brave lads that fell, tho' in the Bed of Honor—Must Confess I don't like your present situation, yet hope the best, the Justice of our Cause and the bravery of our Troops may do wonders.

In your last Letter you seem to Show some uneasiness least there should be some changes in the delegates, I believe you may lie Easy on that head, In the first place I imagine they would not venture to Risque the making Such an uproar in the Government, as the turning one out probably wou'd make, and in the next the undesigning Patriotick part are determined to protest against the doing anything but that of framing a plan of Government— In Mr. Reads last letter to me is the following paragraphs "Our business has been delayed in Convention by the "death of Mrs. Thompson, the Sister of Mr. McKean, who was burried this day, "Mr. McKean's Eldest son lies dangerously ill at Mr. Thompsons house, and I "know not when he can attend—a Committee of ten is Employed in the drafting "a Declaration of Rights, the rest of the Members from Kent & Sussex are gitting "impatient, Doctr. Ridgely is Returned Home Sick, Such is the situation of Matters "Here." When Mr Read went to Newcastle he prevail on me to stay in Congress, and that he would get the Convention to give a power to One Member to act, so that our Government might be Represented by me alone till the Convention should Rise, I mentioned this to Mr. McKean who directly declared they should make no appointment of Delegates, nor even alter the power given them, least they (meaning the Convention) should plead that as a precident, for going into some other appointments—which they were not Authorized to do by their choice— therefore upon the whole I don't imagine they will attempt any change—But sir whether they do or not, I do not purpose continuing here longer than till the other Gentlemen return; I have made a verry great Sacrifice of my property to the Cause, Government never paid me above half what I have necessarily expended even when my friends were at the Helm—What may I expect from these? they would see me Serve without a shilling. You know they would, because you know they like not either me or the Cause—General Dagworthy, Mr. Clowes and Mr Peery were here, and say the Tory plan for leaving me out of the Convention was, first to put me at the head of their Ticket to show their approbation of me, after which they put another person in my Stead, and assigned as a Reason for it, that it was now a critical time. That it was absolutely necessary we should keep up our Representation in the Congress.

That they wished I might not be laid under the necessaty of leaving the Congress at a time so Interesting. Which I must do if chose in Convention &c—These Gentlemen then Said that the Inhabitants of Newcastle County had not Considered to the matter in that light for they had chose both their delegates, In answer to this; it was said, they, the people of Newcastle had done verry wrong &c By such little Cunning are the people to be cajoled— I saw a man from Mispillion who left there a day or two before my letter could have reached it. Who told me that yours and Captain Adam's famalies were well, but they were in much distress for the Delawares who, (from all accots. they had Received) were at least two thirds cut off— That almost all the officers were killed particularly you. He told me the people were generally distressed, having most of them some friend or Relation in the Battalion— My letter I am Sure has set that Matter Right—

I wrote a week ago to Mr. Montgomery the Chaplain not knowing then whether you were among the Dead or living. Should be glad to know whether the letter got safe hand—be pleased to Enquire of him an let me know, in your next which I hope will be soon—Make my compliments to Doctr. Tilton, and tell him I forwarded his Brothers letter—That you may have a happy deliverance, and your Battalion be crowned (if possible) with still more Honor in Every Combat is the Sincere wish of sir

CAESAR RODNEY TO CAPTAIN RODNEY.

Dover Decr. the 29th 1776.

Dr. Brother

This is intended by Mr. Burtle Shee who proposes to Set out for the Camp to morrow morning—We still continue here, to be in the most anxious uneasy situation you can possible conceive— Seldom a day passes but we have some Inteligence both of our Army and that of the English, and nothing we hear to be depended upon. By some accounts Howe is Retreating, and General Washington about to repass the Delaware, again it is soundly asserted that there can be no doubt but that Howe will keep his ground in the Jersey till the Spring, when he will be Strengthened by a large fleet up the Delaware. Thus the mind anxious for the Salvation of America is held in Suspence. I think it absolutely necessary that Howe should be routed from the Jersey this Winter, and the sooner it is done the better. But am afraid our General has not yet got force enough to do it—Ever Since you left . . . . . I have been doing every thing in my power to draw . . . . . the militia of this County to Join the Army, But to verry . . . . . as yet—Some days ago I proposed marching mys . . . . . with such as should be willing, and have appoint . . . . . such as are to meet prepared for that purpose . . . . . on Thursday next, what Effect this may have that day will determine. However be that as it may I shall be in Readiness, or at least as much so, as so short time admit of—Some people are of opinion that many will turn out. Some others that they will not—Mr. Collins is determined it seems to march with

me—The major talks of it—It would have given me much pleasure to Receive from you a letter dated some few days after your arrival at the camp, because I suppose you would in that time be able to form some toreable Judgment of the Real s . . . . . tion of affairs there—I am Just now, while we . . . . . made happy by a piece of news which is Repor . . . . . to be depended upon—That General Washington has Regained possession of Trention—Tha. . . . killed and wounded many—and taken a great . . . . . Number of Prisoners, with ten or Eleven Brass Field pieces and a verry considerable quantity of Stores—and that He is in a fair way to Drive the English Army before him, God of his Infinite mercy Grant it may be true—If our people turn out I shall be with you Quo General, if not Quo private gentleman. My present determination to come at all Events—Our families are both well, and I believe Betsey will write by this opportunity—The Interesting situation of our public affairs will point out to you the propriety of writing me by every opportunity in stronger terms than any other arguments I can make use of—Therefore hope you will not neglect to do it—With mine and the good wishes of all your friends for your success I am yrs &c

CAESAR RODNEY

By a Letter from Lieutenant McCall to his father, I am Informed that your Company is Stationed at the House of Mr. Andrew Allen. Where Mrs. Allen continues to reside with her children, and that she applied to you as commanding officer of the company, for protection & Civil usage—This, I much pleased to hear, you readily Engaged to afford her, so far as was consistent with your Duty—I am verry sorry Mr. Allen has taken a Part so unfriendly, or Rather in direct opposition to that Cause in which all the Free men of America are so deeply interested. And for which all who think as I do would sooner spill the last drop of their Blood than Even Stand Nuter—But as Mrs. Allen has allways Supported, and I am convinced verry deservedly the character of a most amiable good woman, and as her situation at this time must be Extremely Delicate—It will be unnecessary to Recommend to you, the treating her with all the Tenderness and decent Respect due to her Character and in your power consistant with a proper discharge of your duty—So far as I am acquainted with your people. I am persuaded they will be disposed to Treat her Rather with complisance than the least degree of rudeness—

Trenton Jany 27th 1777—

Most Honbl Councilor

At a time when Every Sensible mind is filled with the greatest Anxiety for the Fate of America, When the Sons of Freedom have drawn their Swords and Nobly Stepped forth, in this inclement season, to defend their most Invaluable Rights and priviledges At a time of deep distress and danger—You whose first and greatest Temporary wish is for the Freedom of the States are (no doubt) Desirous to know the state of things in this land of Tryal—This scene of Action—this Frosty Warfare—Be it so—I'll Endeavour to amuse if not Inform the Eager Ear—You have heard (sad Inteligence) of your Mercer and Haslet, Slaine, They fell, but nobly fell tho Butchered, and so long as the Inhabitants of this American world shall

Continue to be a free people So long (at least) will the name of Mercer and Haslet be held in Honourable Rememberance—Mercer's Character is Excellent, but in Haslet We know we Lost a Brave, open, Honest, Sensible Man, one who loved his Country's more than his private Interest—But while Washington survives the great American Cause cannot Die, his abilities Seem to be fully Equal to the public Spirit that called him forth—History does not furnish you with a greater Piece of Generalship than he exhibited on the day poor Haslet fell—He fought, he conquered—and if we continue to Improve the advantages then gained, we shall soon put and end to the Dreadfull Controversey that agitates and Distracts us—and in Return have Peace, Liberty and Safety, Heaven! what a glorious Figure in the Eyes of Men and Angels, will this vast American world Exhibit, in its Free Independent State. Nothing will then be wanting but better Men and Wiser Measures to make us a happy people—There has been no Capital Stroke since our main army Left Princeton Tho' there seldom a day passes but some advantages are gained which tend to distress, and in a little time must ruin our Enemy—for the Particulars of these little Engagements must beg leave to refer you to my Brother and others that you will see from these parts—They are to numerous and attended with too many Circumstances for my time and Pen—I have been perfectly well in health Ever Since I left Home, and do assure you that I began to play the General most Surprisingly. I would not have you suppose I mean the fighting General, that, is a part of duty I have not yet been called upon to discharge—But when called I trust I shall not disgrace the American Cause tis glorious Even to die in a good Cause. By Lord Sterling, who I found in Philadelphia, I was directed to take the command at this Place—to forward the Troops to the Army as fast as they should arrive always keeping Sufficient for this Post—Since my arrival I have sent forward near two thousand, among others the Delawares who first went to Princetown and then were sent by General Putman to the main army to Convoy forty or fifty Waggons—Yesterday (by permission) I set out myself for Camp—But on my way Received orders to return to my old Post where I now am—General Mifflin is gone to Philadelphia to forward the Troops there—In short Every step is taken, by fixing the most suitable persons in these places, to strengthen our army as soon as possible—it is, I do assure you, Increasing verry fast—The cloud is fast gathering all around, and I trust will soon burst on the Tyrants Heads—as soon as the chief of the Southern Troops pass this place I shall have leave to go and join my Brigade—

William Killen Esq. Dover.

Trenton Feby the 2d 1777—

My Lord

When at Trenton, I mentioned to you my desire of being Removed to Head Quarters to Join my Brigade—and wished to hear from you on that Head—However if upon advising with ye General, it is thought, I can be more useful at this Post, Shall remain Here with the greatest chearfulness—Not more than four hundred troops, Except the Light Horse, have arived Here Since you passed through. And having Reed a Letter from General Putman Requesting I would Immediately send him four or five hundred to Replace that many of Militia whose time had

Expired, have let him have upward of two hundred with a promise to make up the number he desires, as soon as so many Militia shall arrive—All the Continental Troops and the Remainder of the Militia shall Immediately after their arrival be sent to head quarters—The bearer of this takes with him a letter to his Excellency General Washington, from a Hessian Captain, one of the prisoners at this place—He Informs me the contents is to obtain his Excellency's permission to go to New York for his clothes and other Baggage or be permitted to send an open Letter by a Flagg addressed to some friend of his there to send them to him—I doubted his succeeding in this first Request—tho he probably might in the second—You will be pleased to let me know, by the first opportunity, Whether it is thought best I should stay here, or whether I may with equal Service to the Cause be permitted to Join the Brigade—

I am Your Lordships Most Obedient Humble Servant

CAESAR RODNEY TO LORD STIRLING. (Unsigned draft)

Sir

Your Letter dated the 6th Instant I Recd. yesterday Evening, and am much obliged to you for the trouble you have taken —in applying to the General, But to my Great Surprise, The last of the Delaware Militia that I, with much pains, brought out to Serve the Cause, passed through this town the day before yesterday on their way Home, So that I have now no Brigade to Join as desired by the General —They Spent near or Quite three weeks in Marching to Head Quarters, stayed there about one week without Rendering a single Copper's worth of Service to the public, and then, tho' Solicited by the General to Stay only two weeks more, Shamefully Set off, and from anything I could learn without a discharge—I have been in the Command at this place Every Since your Lordship appointed me to it, and Shall, as Matters are now Circumstanced, Continue Here until ordered to some other place or Discharged—If I have given Satisfaction, and can be longer usefull here or elsewhere, I shall, with the greatest cheerfullness, Stay longer in the Service —If not, shall expect a Discharge—Yesterday I Sent to Headquarters by way of Princetown, Coll. McCoys Regiment of Continental Troops. The day before Coll. Reeds Battalion of Jersey Militia went—On the whole about twelve hundred—

CAESAR RODNEY TO GENERAL DICKINSON (Draft)

Sir

General Putnam told me the other day at Princetown that you hinted to him, my being sent to the Post where you now command —I suppose with a view of your being Released for home—I well know that it would be a verry great advantage to you to be here, near by your estate which has and is suffering much—I know also that the present situation of your wife and children must give you such concern that nothing less than the good of your country, could detain you a moment from them—These things would move me, most chearfully to accept the appointment if made—But Sir, it would be with great Diffidence, Well knowing

that my Experience in Military matters must fall vastly short of even those who are inferior to you in that point—However as I have not much Doubt but that I should acquite myself with some degree of credit, Especially with a small matter of Instructions from you (who I would wish not to leave the post before I came) I shall willingly come provided you can obtain an Order for that purpose—I have applied for leave to go to head quarters & join my Brigade there—and did the general know that most of the Troops now go from Philadelphia by way of Curreyell's Ferry he would think my stay here less necessary, and of course give me leave—I have not yet got an answer, and if I don't get one soon, am afraid I shall have no Brigade to join—Ten to one but they have, Ere, now, begun to be Homesick—I have been stationed here near three weeks—it was much against my will, and yet I think it has been of considerable advantage having time to improve by Practice with out Hurry—As I have turned out in this Frosty Season and have Enjoyed a perfect good State of Health, Could wish to be Employed Longer (if with propriety) than, I think, the Troops of our State will stay—Be pleased to let me Hear from you the first opportunity—I am Sir your most obedient Humble Servt.

Sir

I Recollect (when I had the pleasure of waiting on you at Princetown), that you mentioned General Dickinsons having proposed my being ordered to his Post, and he ordered here—I did not then attend so much to what you said on that head as I ought—But as I supposed his being posted here, where he would be near to his (lately) much Injured Estate, wou'd be verry desirable—Shall have no other objections to the Exchange if ordered, Than that I may want his Experience to discharge the Military duty, as I could wish—If you should approve and will let me know I shall set out for that place, where General Dickinson stay till I arrive —I think there can be no disadvantage attending this Post being without a General officer for a little time, Especially as most of the Troops go from Philadelphia by way of Curryells Ferry—I am Your Excellency's most Obedient Humble Servant

Honb Sir

Yesterday the Militia officers of this County, met in Dover, persuant to my orders, with the Enrollments of their several Companies, as well the old as those under the New Militia Act, from whence we formed an estimate of the number Each company should furnish, having regard to the strength and situation of the company, and gave the proper orders for enforcing a speedy compliance —We have appointed the company officers that are to Serve in the first division. Who, as well as the men to Parade, those from the Lower Battalion in Dover & those of

the Upper at the Cross Roads on Tuesday next prepared to march immediately from thence to the Camp. In the mean time be assured Every thing that can, will be done to Inspire them with a Just and lively sense of their duty on this Great & most Important Occasion—As I am not fond of Trouble myself, it is disagreeable to me, to lye under the necessity of being Troublesome to other people, more especially to one who is so much Engaged in business as I am convinced you must be, But Sir, as I would wish that in matters of this kind, The supreme Executive authority of the State, Should be the Rule of my Conduct, hope I shall Stand Excused with you, Tho' the Enquiry should be made--from a want of understanding as you seem to hint in your last letter--I have Inclosed you a List of the officers appointed, that the Commissions may be filled up, but think it might be better to send down Blank Commissions for the Field-Officers who are not yet appointed--I wrote to General Dagsworthy who left here yesterday morning, and Inclosed him the copy as you Requested, and sent orders, by Express, to Coll. Polk to furnish the troops allotted the Western Battalion as agreed between General Dagsworthy & me, which is one half of the Quota of Sussex County--Be pleased to Let me know how the troops are to be provided for between this and the Camp, whether they are to be Billited at the Taverns, and out of what fund it is presently to be paid,—if it were possible they could draw rations on their way, the Saving would be verry considerable—Should be glad to know whether it is expected that a General officer should attend the troops, from this State--I am in great hopes the Militia of this County will turn out tolerable well But shall be able to Let you know more of that matter some few days Hence—I am Sir Yr. most Humble Servt.

CAESAR RODNEY TO PRESIDENT McKINLY? (Draft)

Dover July the 10th 1777—

Sir

On Sunday last was apprehended and brought to Dover Goal, on Suspicion of Trading with the English Men of War, One John Willson, a Resident of New Jersey, on Tuesday I took his Examination in writing wherein he charged, Jonas

Edingfield of Bombay Hook in Newcastle County, John Ashworth of the same Place, and one John Conner who is said to live in Thoroughfare Neck, of having Supplied the Men of War with Stock &c. In consequence of this I got Mr. Banning a member of the Legislative Council, the only Civil magistrate in this town, to issue a Warrant for them in order that they might be taken and Dealt with as directed by an act of the General Assembly of this State. Upon this warrant Jonas Edingfield and John Ashworth were taken and brought here. When upon Examination after same little time they confessed the fact with which they were charged and now Stand Committed to the Sheriff and in close custody I have Inclosed you a Copy of the Examination and should be glad to know from you at the Request of Mr. Banning, Whether it will be most proper they should Remain in Goal Here, admitted to go at Liberty on giving Security, or Sent to Newcastle for Tryal when the Supreme Court shall be filled, or whether, as the Trading was had in the Delaware Bay, it falls within the Jurisdiction of the Admiralty Court—John Conner it seems has not only been Trading with the Enemy but was the person who Piloted the Man of War's Barges up Duck Creek to the Cross-Roads Landing and is not yet taken--I have also, since I saw you, taken the Depositions of three persons living at the lower End of this County Relative to the people in the Upper End of Sussex County and now send you a copy of them—This Evil is growing so verry fast that if not verry shortly put a stop to by some Exertion of Government we shall be overwhelmed, we are most certainly, even now, in Eminent danger,—Lt Coll. Barrett the Sheriff was with me yesterday and says that, a few days ago, in consequence of orders Received from me. He went to Mispillion Neck in this County, in order to Establish a Guard at that Post, being one of the three I gave you a Memorandum to have Established, and upon applying to Mr. Nathaniel Luff, who is Captain of the Militia in that Neck for that purpose, was let to know that he was convinced it could not be Done, for that the people in that quarter had so generally got into the Tradeing scheme with the Men of War, that it would be dangerous for any man who's property lay among them, to say a word, or do any act in opposition to it, and that if he could procure men enough thereabouts for a guard he should be doubtfull of them. Mr. Barrett tells me that he is well Informed they have got to so daring a pitch in Sussex as to put forth a Proclamation in opposition to yours, and as he believes, offering a greater Reward than is in yours, for the apprehension all those who shall attempt to oppose them in their present proceedings—I most Sincerely wish that some Method would be fallen upon by which the State. within itself and by its own authority, might bring about that subordination, and good order by a due Execution of the Laws and the support of our wholesome constitution, and thereby prevent or at least render unnecessary, the interposition of our neighbouring State, which, by some Information I have got since I saw you, is likely to be the case—Pray send me the order for Establishing the guards in this County which I Spoke to you about, our Temporary safety depends much on their being soon fixed--I must beg leave to tell you that John Willson who made the Information against the others Expects the Benefit of your proclamation.

Yesterday (by Express) I Recd Your Letter of the 15th & 17th Instant with the Commissions and Orders, as also a Copy of the Resolutions of Congress Inclosed. The Commission of Oyer & Terminer and the Supreme Commission which belonged to him, I gave to the Chief Justice who let me know he would Qualify and Immediately take Order in the Several Matters cognizable in that Court—Mr. Cook's shall be delivered—The orders, and the several Matters Recommended to me Shall meet with all that attention & Vigilence I would wish to see paid to every wise Resolution of State by those in Authority under it—With Respect the Hint in my last. That Some Exertion of Government was necessary, Nothing more was ment than that the Evil and the Danger to the State, had got to Such Hight and Still growing, That, in my opinion some force had become necessary in Order to Reduce the people to a due subordination to Government, and tho the number of Disaffected was great, yet I had little Doubt but the well affected within the Government were sufficient for this purpose, If so, and the application had been first made to the Supreme Authority of this State Instead of its being made Elsewhere Surely it would have been more to the credit of the State to have taken it up, in, or nearly in the manner Congress have— I had when I wrote last heard that Congress had taken Some Order in this matter but did not till I Received Your Letter know what their Resolutions on that head were. I think they are wholesome and tend to give that Security to this State, so much to be wished by us, and so necessary to the Safety and Well-being of the United States. But, I am nevertheless of opinion This, tho' necessary, Step, Carries with it a Supposed disaffection in a majority of the Inhabitants, or a want of Energy in the Rulers of the State; I mention these things thus freely to you, because I allways have, and still am convinced that you would (not only) wish, but at all times Do, everything in your Power which you had reason to believe would tend to support the Constitution of this government and maintain the Independence of the United States as declared by Congress, and I verily believe you'd not meet with Censure, provided opinion in these matters was properly supported by all those who hold authority under the State; But there is Certainly that kind of Careless, Indifference in too many who are appointed to the Civil line of Duty, which Created the like Indifference and Even Neglect in the Military. That must tend to render Ineffectual your Orders as the Commander in Chief. I hope they will mend, Sure I am, it is in their Power to give order, Ease and Safety to the two hundred Militia Requested of you by Congress and which you mention proper to be furnished from the Militia of this County to join and Co-operate with Colonel Richardson's Regiment, Shall by my orders be, Immediately Draughted or otherwise procured from said Militia, and then Shall have Orders to hold themselves in readiness untill I shall Receive further directions from you, which, when you give them, you'l be pleased to make full as to time of Service, Relief &c—I think your observations with respect to the Command and powers with which Colonel Richardson seems to be vested by Congress, are Extremely just. It certainly would be a Reflection on this State, to Suppose there was no person Inhabitant thereof, of Virtue, Patriotism, prudence and knowledge enough to have the Superintendency of that business and the Command, — tis well known that my other public, as well as my private affairs must

suffer by my absence at any time—But Sir when Ever I shall be thought usefull in the Service of my County, Either by Congress or you, I shall with the Greatest Chearfullness step forth, by whom are the offenders to be Tryed, but by the authority and the Laws of this State, if so, who is to report the proceedings held but the commanding officer? where is he to be found unless he be Resident within the jurisdiction of that authority? Tho' the General cause ought to be Supported at all Events. Yet many Inconveniences and Even Real Injuries to this State might be prevented by an alteration in the mode proceedure—hope therefore that Congress will weigh the matter well, when they do they seldom err. Mr. Killen is of opinion that the persons now in this goal ought to have their tryal in Newcastle County where the offence was committed—has therefore advised the sheriff to take order for their Removal, and says he will Immediately Issue Venires, I———— this by Express and a few lines from you by . . . . .perting any the contents of it, or that shall have accurred since you wrote me last will much oblige Sir your most obedient Humble Servt

Yours of the 12th Instant by Crampton, Came to hand yesterday, 6 o'clock P. M. The field officers will be with me this day, when I shall give orders for the Meeting and marching the Militia ordered to Sussex County. And hope the Tents &c. will be sent forward as fast as possible I confess I want the Abilities necessary to qualify me for the task assigned, but be assured that Everything, in my power, that tends to give Peace, Safety and Good Order to the State shall be done—If I should be able to Remove Impressions & Practices, too predomenant, in that County & lower End of this, & Introduce good Order and a better opinion of the glorious cause for which we are contending, Even at the Expense of Blood Be sure, I shall be happy ,not only in having Rendered great Service to my Country, which is and always has been my Chief, but of meeting your approbation;— I have sent you herewith, a Packet including the returns of Col. Collins Battalion and a copy of his letter to me on that head as also respecting the guards ordered for the purpose of Examining Travellors &c—It is difficult I confess but you may depend I will procure the returns of the second Battalion as soon as possible—Mr. Killen says he wrote to you respecting their sending the two Robinsons through this place who expected would have been brought before him for examination—for be it known that whatever might have been the case heretofore the Supreme Court, in my opinion, is presently filled with persons not only competent, but ready & willing to discharge their duty The chief Justice tells me he intends to Issue a Venire for holding a Court of Oyer & Terminer in Sussex within the Time I shall probably be there, which I think will Answer a good purpose, as offenders will not therefore be detained long for tryal, and aslo Tend to introduce a practice some time out of fashion of holding Courts and putting in execution the Laws of the States—I submit it to you Sir whether our Company of Light Horse wont be very serviceable

on this expedition to Sussex—I am apprehensive from the nature of the business they might be particularly so—but if found to be otherwise may be the sooner discharged, Be pleased to let me have your opinion and Order on this head—I believe they will Chearfully attend if called uppon—We shall immediately take order as to appointing persons for the recruiting service and advise me, and my wants, make it necessary and advisable—write to you—

Believe me with much respect

Noxonton Septr. the 9th 1777—

Dr Sir

I am here in a disagreeable situation unable to render you and the States those Services I both wished & Expected—A few days ago I moved from hence to Middletown in order to induce the Newcastle Militia in this Quarter, who had shown great backwardness, to turn out—Expecially as by that move most of their farms & property were covered. However all this has answered no purpose, for tho' I believe most of their officers have been vigilent, but very few have come in at all, and those few who made their appearance in the morning took the Liberty of Returning, Contrary to Orders, in the Evening, There increasing the duty of, and setting so bad an Example to the Troops from Kent, about four hundred in number and the only Troops I had with me—brought about so general discontent and uneasiness, Especially as they were more Immediately defending the property of those people, as Caused them in great numbers to leave me. Tho I must say the officers did all they could to prevent it—

Finding this the Case I paid Coll. Gist a Visit myself to know his situation and when it might be possible for him to move forward with Coll. Richardsons Battalion and the Militia of the Maryland, Eastern Shore. Who let me know he was doing all he could to collect them and would move forward as soon as he should have it his power—the two upper Battalions of New Castle County have never Even assigned me a Reason why they have not Joined me—Under these circumstances I Removed to Noxontown where the Camp duty, on the few I have with me is less severe. Until the other Troops mentioned shall be Ready to Move forward, and have wrote this day to Coll. Gist on that Head- Yesterday Evening I sent a party of my Light Horse to take a View of the Enemy and gain Intellegence, the officer with his men Returned this morning and Reports—that he was in Aitkins Tavern-House, passed some miles through the late Encampment of the Enemy Round about in that place Saw, and was among the fires they had left burning. That the Extreem part of their Right wing was at Cooch's Mill. Their left toward Newark. This Intelligence makes me the more anxious to collect and move forward such a body as would be able to render to Signal Service by falling upon and Harrassing their Right wing or Rear—Be assured, all I can do shall be done—But he that can deal with Militia may all most venture to deal with the . . . . . soon as I can set forward shall advise you—God send you a Complete Victory—I am Dear Sir

Dr Sir

There has Just fell into my hands, found in the Tract of Enemy by some of my people eight or ten days ago, One of the Enemy's orderly Books. It commences in April last, and ends since they landed at Elk. I have perused it, and being of opinion that it might be verry useful, provided you are not previously informed as to the matters it contains, have sent it you by a private of my Light Horse who I believe to be verry Trustworthy—Last fryday week in the afternoon I arrived at Christiana Bridge, and that Evening wrote you by one of my Horse who in a little time after unfortunately fell into the Enemy's hands with the Letter, as they were comeing to take possession of Wilmington—He was a private but a well behaved Trusty young fellow possessed property which is in Trade and therefore must suffer verry much. If under these Circumstances an Exchange, without Interruption to the Important business before, Could be soon made for him, it would give me great pleasure ,his name is William Berry—The next morning after the Enemy had taken possession of Wilmington we got Inteligence of it, and by the Evening had no more of the Delaware Militia than Sufficient to Conduct their Baggage Home—and these, their Officers let me know, were determined to go that night. Therefore thought it best to give them that charge and let them go—The next day I left Coll. Gist with the Continental Troops and the Militia from the Eastern Shore of Marlyand, at the Bridge, and have every since, but am sorry to say to no purpose, been trying to rouse and get them to the field again, Except a few small parties near Christina Creek, Removing Stock &c out of the Enemy's way the people complain the Militia Law, by the Insufficiency of the Fines, compells none to turn out—That the people of property who are disaffected avail themselves of it and therefore the burden too great on them—in Short, it does not seem Ever to have intended by the Law they should be brought forth—I am much hurt by not having it in my power to go forward with Coll. Gist to Join General Smallwood with propriety, Especially as the Cause, at this time, so Loudly Calls assistance. If there are any Services I can render be pleased to Command; I am dear sir with the most sincere wishes for you Sussecs your

Dover decr. the 25th 1777—

Dear Sir

Your letter of the 22d Instant, by Doct. Spencer Came to hand, and I am happy to find you have taken Post at Wilmington, a movement which, in its event, must tend to Secure the persons and propery of the well affected in this State, Against the depredations and Insults of a cruel Enemy and their cruel abetters—Mr. Read the Vice President, left this town on Sunday last, a few hours before he set out, he received a Letter from his Excellency General Washington advising

him of the design to take Post at Wilmington, and Requesting the aid of the Militia &c. He Immediately directed me to order the Militia of this County to hold themselves in Readiness to march at a moments warning in Case it should be found necessary—These orders have been issued, and am sorry to say that I believe they will be verry little Regarded, A want of Zeal in some and disaffection in others is so prevalent that little good is to be Expected of them in this way, it is a misfortune that our Militia Law is not calculated to bring them to the Field—I have issued orders to my Light-Horse to go Immediately to your Assistance and shall do everything in my power to get them there—I make no doube but the Militia of Newcastle County, who are near at hand, will generally turn out—I have, in this Town & near it, about one hundred men what are engaged and under pay for two months, but they are constantly employed in keeping in awe and preventing the disaffected carrying on a Trade with and Supplying the Enemy with Provisions, I have many of those Traitors now in goal and should be glad of a place of greater safety for them than this is. Should therefore be pleased to know of you whether you'd approve of their being sent to your Camp. I shall be glad to hear from you by the bearer, and be assured I shall do every thing in my power to assist you. I am Sir your most obedt. Humble Servt

Sir

I Received you letter of this day's date- If the Commissary promised to attend you he has done very wrong, and upon presumsition that he had neglected his duty sent for him, and he denies you ever giving him any notice to attend—but says he will attend to morrow morning- However be that as it may, you have by a neglect of your orders and your possitive Engagement occassioned such a disappointment that in all probability there will not be a single person left to do duty in the Town and that at a time when the prison is full of offenders, and what may be the consequence I leave you to judge. The people know their pay and rations were sure to be had at any time therefore that could not Justify their not attending as you Engaged- As to their pay if you had asked me for more money when in Town you might have had it, and may have it when ever you are pleased to call for it- I don't Recollect what the pay is, and have not a list of it by me, or would send you one—Captain Dalaner says that upon your promise his men have stayed verry Patiently till now, but that they will now go home—if this is to be the case the public money is bestowed to verry little purpose, and Patriotism at a verry low Ebb with those I Expected to find it, which give me no small Concern as I always have and would still wish to encourage such. I hope you will exert yourself and Endeavor to be more punctual for the future in Military matters, nothing is more necessary. I am Sir your most obedt. Humble Servt.

This letter will be delivered you by a Miss Langdell. Some five or six weeks ago from Philadelphia, Where her mother now Resides; This young Lady, who came here on a Visit to her Sister who married in this Town; now wants to return, and has applied to me for a Pass to carry her to the City, My not having so General a view of the propriety or impropriety of these matters as those who are Immediately Engaged in the Military Line. Induced me to refuse giving one, But Referred her to you who I know to be competant, and who, I am convinced, will decide in this case without Love, fear, favour or Affection Miss Langdell tells me she is to be accompanied by Mr. John Casson of this town he, I believe to be an honest man, but as he belongs to the Light-Horse here, and has been Verry active I think him greatly to blame in attempting it, However have not seen him.—

Your favour of the 18th was delivered me by Captain Lee, and be assured every assistance in my power shall be given him, I hope and believe they will act with prudence— The Militia to be sent from this County are ordered and the day fixed for their March, I wish they may more than answer my expectation, but Liberty, Freedom &c are but dull sounds in their Ears, and am afraid will not so sound as to be heard throughout the assembly; He that hath Ears to hear let him hear, let him hear or abide the Sentence. However I flatter myself there are a Majority now who are disposed to Emerge from the former Torpid State of the House—There seems to be many late manovoures of our Army which I don't seem able fully to account for, nor would I wish to know at the Risque of divulging that to the world which ought to be a Secret—It is Sufficient for me that I believe and trust everything is done for Best—I am dear sir, with my most Hearty wishes for your Success in your military Capacity and your personal Safety,

I Reed yours of the 8th instant by Mr. Robinson the Post. Am much pleased that the General Assembly have your approbation in their appointment of me to the Supreme command in this State, and do not doubt your willingness to tender me your best Services. I shall often stand in need of your advise-and shall thankfully Receive it whenever given—The General Assembly is still Setting. Much business in hand and but little finished as yet- In the House of Assembly we have a majority, of men disposed to do whatever they think tends most to support the American Cause, but Sir, They Labor under Some disadvantages, they are most of them new members, They want a Pen. They want you, business goes on Slow and the Slower too as they want Patience, added to all these inconveniences we are frequently alarmed. Our Situation is at best unsafe, and the General Assembly no small Object —I am in great hopes However that in a few days we shall have a Militia Law Through both Houses, Calculated to bring forth the Militia

on any Requisition of Congress nothing shall be wanting on my part whenever they are Regulated under the Law which will take some time—There is a Matter I would wish to mention to you as one of our Delagates, which, if Congress should approve and adopt, I think and am convinced would tend more to the Security of this little State than any other Plan in that way we can fall upon, and be of infinite advantage to the neighbouring States and indeed to the cause in general —You know Sir we have a verry considerable water frontier, bordering on which are our best grass & farm Lands well stocked, and a number of Salt works, not only necessary but convenient for the support of our army, which I hope will be large; this property so situated must be protected where they are, as there are no other grounds within the State that can subsist Stock, and the Salt works cannot be removed—Now I would wish and do think it highly Expedient, that Congress would Order an Independent Company of an hundred men on the plan of the one fixed at the Cape under Captain Perry—To be stationed in Kent at Such place or places as I shall from time to time direct, the company to be raised for one year at least—It may be said that it will better suit the Militia to defend this part of the Country, but sir I have got to be Tolerably asquainted with Militia in general and particularly with ours, and do know that so near to their homes they cannot be kept to duty, that subordination which know to be necessary cannot be maintained unless they are Joined and acting with Continentals—There fore could wish that this plan might be adopted, and that any number of the Militia which may be thought necessary to assist the Continental Army, and defend this river side, may all be sent to the army, for sure I am that one hundred men under Subordination will be of more service here, than all the Militia in the State— The night before last a part of the Militia of this County which I ordered out under Lt. Coll. Pope of Delaware, against Genl. China Clow, and his army of Refugees, came up with them on the Western Borders of this County, and verry soon routed Mr. Clow & his army, and burnt the fort—This Villian clow had about one hundred and fifty men, they left in the fort about a thousand weight of Bacon and two barrels of flower which they Stole—I Pray dont neglect the affair of the Company, I would wish Congress to Establish. I am Sir your most obt. Humbl. Servt

CAESAR RODNEY TO PRESIDENT OF CONGRESS.

Dover April the 24th 1778

Hon. Sir.

I recd. you letter of the 15th instant relative to the Order of Congress for securing persons of Thomas White, Charles Gordon & others residenters of this State, and beg leave to give Congress by you, a Short State of the facts, and what has been construed to have given disgust to this Government concerning them;

These men were taken by order of General Smallwood in virtue of the Resolution of Congress, The Officer, sent on this business, was directed to apply to me for aid which was immediately afforded. The men taken and brought to Dover — In the mean time I was appointed President of the State. and Mr. White, protesting against the Legality of his being taken and carried out of the State without knowing the Offence with which he was charged and applying for relief. I laid the

matter before the General Assembly, then Setting, for their direction, who desired me to detain Mr. White untill they Considered of the matter, I issued an Order for this purpose and immediately advised General Smallwood thereof, as also that said White with Mr. Gordon had obtained of the Chief Justice an Habeas Corpus— General Smallwood thinking himself bound to Execute the Order of Congress Caused Mr. White to be brought to him—This procedure the General Assembly Countermanded because they had full confidence in Congress, and that, as they had a more general view of matters might see a danger unobserved by the Assembly. But Sir whatever may have been the Case with respect to the Assembly of this State in the opinion of Congress, I can venture to say that the present General Assembly, at least, a great majority of the Members are, and would wish to be thought as warm friends to the American Cause as any within the United States. And therefore cannot help thinking that Congress, for whom they have, and are determined to pay the highest respect, might have committed that important business to their Supreme Majistrate and that if aid was thought necessary, That Continental Troops might have been ordered to that purpose, for that, in their opinion, The consequences of the governing Powers of a State is so lessoned, in the Eyes of the people, by such procedure, as to prevent their being able to render these Essential Services, to the United States, they could wish, when called upon by Congress—

I am sorry to say, The suspicions Congress entertains of the disaffection of the people is too well founded, but as the people at large are generally directed by those at the Helm. Hope, they will soon mend—I trust nothing will be wanting, on my part, to Effect it, and that I shall, to the utmost of my power, as well comply with the Requisitions of Congress from time to time as to maintain the Honour and independence of this State. There is a Matter I intended, but Neglected to mention in my other Letter of this day—On Tuesday the fourteenth Instant I Got information that About one hundred and fifty Insurgents under the Command of one China Clow were Armed and Assembled on the Western side of this County near the borders of Maryland. I, as soon as possible Collected and Sent About one hundred and forty of the Militia of this County, under the Command of Lt. Col'l Pope of the Delawares, against them,—The Insurgents had built a Fort which the Militia Surrounded on the Thursday night following but Mr. Clow and his Gang, hearing of their approach, fled-- The Militia burnt the Fort and secured all the Stolen Effects in and about it and Returned--I then fitted out a number of Horse-men, Since when many of them have been taken and others Surrendered to the number, in all, of about fifty, about twenty of whom being single men, are sent off with a recruiting party of the Delaware Regiment to enlist or do Worse— so that with what the Maryland Militia have done, this infernal set are, I believe, broke up, and hope to hear in a few days that the Villain Clow is taken.—I am Sir

CAESAR RODNEY TO GENL. DAGWORTHY (Draft)

Dover May the 7th 1778—

Sir

I am informed by the Judge of ye Admiralty, that the Court ordered the Cargo of the schooner Fortune to be sold in order to prevent waste and the Expence of Guards &c. That Colo. John Jones was appointed Marshel who had given Bond for the discharge of his duty as to the selling the Cargo and returning the monies to the Judge for distribution among such as should be considered and adjudged, by him, to have a just claim—That Mr. Jones in Virtue of this appointment had advertised the Cargo to be sold by him on Monday Next-- The Judge now informs me that a lot of men under the name of a Committee have in Open Violation of the Civil Authority, undertaken not only to pull down the advertisements of the Marshel but to set up others, under their authority, for the Sale of the Cargo aforesaid, As of tomorrow—

As I find by the depositions taken in the Court of Admiralty. That Captain of the schooner Surrendered the Veshel and Cargo to you as Commanding officer. I am not a little surprised that these people whoever they be, should have the possession of this Cargo unless by your authority—However, be that as it may, as Commanding officer, of the Militia you are by every means in your power Immediately put a stop to this Rioteous proceeding, and you are also by your authority to afford every necessary protection to the Marshal, And for that purpose, in case you should be too unwell to Act in person, You are Immediately to issue orders to your Inferior Officers, and report to me How you and Your officers shall have conducted yourselves in the premises.

CAESAR RODNEY TO THOMAS McKEAN (Draft)

Dover May the 8th 1778

Hon Sir

I received your favour of the 28th—I am apprehensive the Assembly will not continue to set more than a day or two. I know not the Cause But really think they might as well never have met for all they are likely to do--I certainly know this that I have been furnished with but one Bill yet to put the Seal to. Tho' they have been setting near Three Months. Shall be able to let you know more of this matter by the next Post, I wish to God you had been here to have lent them your assistance four weeks ago.

Mr. Thomas White is very anxious to have a hearing with respect to the Charge against him. When you think it can be done with propriety I Don't Doubt You'l Move it.—

We are Constantly Alarmed in this Place by the Enemy and Refugees, and seldom a day passes but some man in this and the neighboring Country is taken off by these Villians, so that many, near the Bay, Who I know to be hearty in the Cause, dare not neither act or speak least they should be taken away and their Houses plundered --These fears will certainly increase till some protection is afforded them; Therefore I must again solicit your moving Congress in the most Earnest manner, for the Company I mentioned in a former Letter—if it is obtained our persons and property may be tolerably safe, if not I must Decampt. I think Congress ought not to hesitate especially When you consider, that the number of Guards heretofore necessary to the defence of a people situate as we are, has exosted our funds, The practice of landing in small parties and taking men out of their Beds is so Villanious, and is so generally adopted by the Enemy, as may be sufficient to call the attention of Congress for Retaliation. Some punishment for this offence might be adopted by this State more properly were they in proper force for that purpose—The Three hundred men ordered for the Eastern Shore upon the plan you have mentioned, I have not heard of. However, Sure I am, if they are not stationed on the Delaware they will be of little or no Service to us—

Lord North's Speech is certainly the production of a King and Ministry hard pushed. and wicked even to the last. For tho' their salvation depended on their

acknowledgeing the Independence of America, and Entering into a Commercial Treaty with them—By their plan they are trying to divide us—However Virtue and firmness, will, with the blessings of God, as well frustrate them in this, as in all their other damnable projects to cajole and Enslave—Since I wrote you last a sloop drove ashore at the Cape Richly Laden with Wine, Spirits, Porter, Cheese and a great quantity of Dry-goods. The Cargo is all saved and supposed will sell for Sixty Thousand pounds. There were a great number of Letters from New York to Philadelphia. I have sent you a packet, all such of them as in the least, Speak of Politicks, There seems to be verry little of consequence even in them—We are still continueing the Recruiting Service and of course shall stand in need of the other Ten of the forty Thousand Dollars this State applied to Congress for, for that purpose, and granted by Congress and thirty thousand sent—let me know when we can have it and it shall be sent for—I just now got certain Inteligence from Port-Pen that ten people residenters in that Neck were taken off and carried on board of the Enemy's veshels Last Night—

CAESAR RODNEY TO THOMAS McKEAN (Draft)

Newark June the 11th 1778.—

Honble Sir

I wrote from this place last Tuesday in a great hurry as the Post was waiting. Wherein I acknowledged the Rest of your favour of the 31st. of May. I mentioned to you the sudden departure of our Assembly men from the necessary business they had in hand unfd. but now mean to answer, by Mr. George Lattimer, Your Letter more fully—I have inclosed you the order of the Assembly in your favour. You will be pleased therefore to deduct the money. Enter a Rect on the back of the order, and deliver both the order and the ballance of the money to Mr. Lattimer who undertakes to bring it safe to Dover—You and I both have had our disagreeable moments with respect to the Completion of the Delaware State. However those, who dare presevere in Such days of Tryal cannot now be doubted.— We that dare acknowledge himself a whig, near the waters of the Delaware, where not only his property, but his person, is every hour in danger of being carried off, is a man in my opinion to be depended upon than a dozn. Whigs in security, you have had your days time of tryal here. You know how precarious their situation and you also know their firmness. They did not bear that proportion to the disaffected that I could have wished. Yet while they dare contend, I hoped Congress would not have Supposed the State lost—I thank God affairs now wear a different Complection and can I but have the Countenance, and Support of Congress which no doubt I shall, Civil Government, I am convinced will soon be in Such force as to cause those who have offended, to tremble. & I received from the president of Congress the Treaty of Amity & Commerce with the Resolution of Congress . . . . . before the rising of our General Assembly and laid them before the House Immediately with a message. This together with all the other Acts transmitted me by the President they have negleeted to finish—Some indeed they have not as yet taken into Consideration.

The House of Assembly have passed a fee Bill in which they made an allowance, to each of the delegates in Congress of Three pounds per day, and sent it to the Council for Concurrance, But owing more to Ignorance than any Evil intention They have in the manner of doing it—Insulted the delegates by making it necessary for them to have a Certificate, from the Secretary, of their actual Attendance, The Council are for allowing them the same sum from the time they leave home till they return according to their own account rendered to the House, and it would have passed in that manner had not the Assembly gone off as mentioned before.—I have issued writs for calling them together again on Wednesday Next—When, if possible for you to come, You might render great Service—With respect to the Confederation, Our General Assembly, I think, Stand Some thing Excuseable in not furnishing you with Instruction on that head, as Congress have neither specially recommended it them, or even furnished them with a Copy, which probably has been done to the other States, perhaps it may have been neglected in consequence of their Thinking us Lost—However they had taken it up Just before they parted and when they take it up again they will no doubt furnish you with full Powers—I am just now informed from Camp That Congress have finished the Regulation of the army, be pleased therefore to Send me a Copy. Well knowing your situation—I have been urging the sending more Delegates to Congress, they have as yet appointed no person in my place. and you know that Mr. Vandike is not only a little unwilling to leave home so far but much engaged of . . . . . the General Assembly—If you think you cannot be spared to come down to Kent pray do not neglect to g've me Every information and advice Respecting public matters—It is certain that the Commissioners are come for the purpose of treating, but hope Congress will not treat without they first acknowledge INDEPENDENCE. I don't understand the withdrawing their fleets & Armies unless they actually go back to England—Our whole army have moved three Miles nearer Philada., and am just informed that the British, Except the Grenadiers and light Infantry, are Encamped on the Jersey Shore, Their Fleet, consisting of one hundred and Seventy Sail at least lay between readen point and Bombay Hook, Except the Eagle, Irident, Phenix and two or three Armed Veshels.

I reed. yesterday Evening, a Letter from you dated the 15th of July last, Concerning the distruction of your farm Houses, and other buildings on Bombay-Hook—The loss to you is, no doubt, very considerable, and your submitting to such a sacrifice for the public good is a further proof of that Patriotism you have hitherto shown—It appears that Inhabitants of that Island were a wicked Set, and carried on, for a considerable time, a most Villainous and distructive trade with the Enemy, and were so situated between the other Inhabitants of this State and the Enemy that they could not be Easily prevented, which, I make no doubt, was the cause of

this severe Step—But Sir it was not done by any order of mine or any resolution of this State—We were not, at that time, in force to have done it, and defend our other Posts from the incursions of the Enemy and their abettors, the Refugees—who were on our Coast from one end of the State to the other—I am informed, and believe the fact is, that it was done by a party of Continental Troops from Wilmington under the Command of Coll. Pope, who I presume had his orders from General Smallwood. I make no doubt that some Individuals of the Militia, who lived hear the place and had Suffered by them, went over to the Island with, and assisted the Continental Troops—I am much Concerned whenever the opperations of War are such as make it necessary to sacrifice the property of Whigs. When rascally Tories are accumulating wealth for which they are clamering, and indeed obtaining the protection of that Government they never sought to Establish—

Mr. McKinly the late President of this State Informs me that General Clinton has Enlarged him, on Parole, for one month, from the fifth of this Instant, in order to Effect an Exchange for Mr. Franklin late Governor of the State of New Jersey—That the proposed Exchange has been laid before Congress, by Mr. McKinly, for their approbation—That the matter was taken up, Debated upon and, for some Reasons, postponed on Thursday last—Mr. McKinly also says that, one objection was that, no application had been made in his favour by the authority of this State—With respect to the application to Congress in his favour. The President and Privy Council were not advised of the Measure and therefore could not apply—The other reasons why Congress have not acceded to the proposed Exchange I cannot Judge of, as they have not been Communicated to me—Certainly Congress, who have the most Extensive View of these Matters, can best Judge of the propriety of Exchangeing Mr. Franklin—However so far as Mr. McKinly's conduct and services from the beginning of this great Contest to the Declaration of the Independence, In adopting and Enforcing the Resolutions of Congress from time to time, both as a Member of Assembly and Member of Committee, His Activity as an officer in the Militia, his obtaining Subscriptions and collecting Money for the Poor of Boston, Will recommend him to the favour of Congress and the good opinion of all other friends to our glorious Cause. I am persuaded he is deserving—Soon after the Declaration of Independence and the adopting the present Constitution of this State. Mr. McKinly was appointed President, from that appointment until he was taken Prisoner, all his Letters and orders to me as commanding officer of the Militia breathed the same Spirit of Patriotism—I cannot pretend to Judge of Mr. McKinly's Secret Intention or wish, But his public Services, in this great Contest, induces me to wish him restored to his Liberty—Colo. Bedford and Colo. Latimer fully concur with me in this.

The other two members of the Privy-Council are absent, one in the State of Maryland the other with a Sick family.—

While I am Speaking of an Exchange give me leave to mention to you a worthy active man in the American Cause, Now a Prisoner on Long Island and, as I am Informed, much distressed, I mean Silas Snow, a Captain in the Militia, he was taken in the dead of night out his warm bed by the refugees and Carried on board of Ship without Cloths, or Money &c. There are now prisoners of this State and on Parole in Philadelphia a Captain Nowls, a Captain Burrows and Mr. Young a Merchant, why might not one of these be Exchanged for him? In short he was so servicable that rather than not have him I would give them all—Major Hodgson was also taken off. Should be glad he could be Exchanged.

Yesterday Evening I received your favour of the first Instant by Express.

I suppose there can be little doubt that the Package Marked Delaware is filled with Manifestoes from the British Commissioners, if so, would not be at the trouble of opening them for the Contents.

In my letter of the 27th of October I informed your Excellency that I had laid before the General Assembly, then Sitting, the several Acts of Congress inclosed with your Letters of the 7th and 13th together with the Confederation and that I should take the Earliest opportunity to make Congress acquainted with their determination—I am now to inform Congress and it is with Concern I do it. That by some Means or Other in the Course of Yesterday and the day before, the Members of the House of Assembly have dispersed and thereby the House disolved with out having Compleated any one . . . . . of business laid before them. It seems they had adjourned from Saturday to Monday that on Monday a sufficient number did not

meet to make a House, that on Tuesday the others got impatient and went off, but be that as it may, this procedure of theirs laid me under the necessary of immediately Calling the Privy Council and lay an embargo for thirty days to take place at the Expiration of the present Assembly. This is all we can do touching that business—At the meeting of the Council I intend issuing writs to call the General Assembly together on the fourth day of January next, but if Congress thinks their meeting at a Shorter day Absolutely Necessary, Should be glad They would let me know it by the First of this month that I may then propose it to the Council.

No new appointment of Representatives in Congress for this State has been made. Mr. Vandike tells me he will attend Congress in a few days. The Manifestoes of Congress Shall be made public.

I am apprehensive Your Excellency must have been misinformed with respect to the County of Sussex being able to maintain a part of the Horse. They have no forage but what is taken from the Indian Corn and Salt Marshes. The Indian Corn has produced verry little this year owing to a Storm before the time of gathering—The Counties of Newcastle & Kent will be able to maintain a considerable number, and believe the Quarter Master have got Stables, already Erected sufficient for Polaskis Legion—Mr. Quarter Master Wade has not yet called upon me—

With the monies now put into your hands you are immediately to Enter upon the recruiting business and as a Peace and the Terms of it will much depend on our having a respectable army ready to take field with the parties under your

direction early in the season. You are to use every Exertion to fill the Regiment of this State.

You are to enlist none but those who are able Bodied and fit for service and carefully to avoid any British or Foreign deserters;

You are to send your recruits to Wilmington, Dover or Lewes to be mustered immediately after enlisting them, and you are to advance as little of the Bounty to them as possible untill they are mustered.

As it is your duty to treat the Inhabitants of this state with respect, and as your gaining their confidence and good opinion will tend to aid you in this most essential Service, I expect you will pay strict attention to the conduct of the parties under your direction and suffer them by no means to insult or illtreat any. But on all occasions to aid the Civil authority when properly called upon for that purpose.

Whenever you stand in need of a further supply of money for the service, you are to apply to me for it, and frequently advise me of your success and the State of the business.

You are to apprehend secure and take the most effectual method of sending to Camp all such deserters from the Continental Army as may fall in your way, and to proceed against all those who may be found to harbour such deserters in the manner directed by and Act of Assembly of this State constituting it an offence.

As you have hitherto given the most convincing proofs of your attachment to the Liberty and Indepencende of this Country. I am persuaded you will discharge this most important duty with Honor to yourself and satisfaction to the State— I wish you success, and believe me Sir, with great regard, your most obedt. Your favour of the 7th Ulto. came to hand in as little time after the date as could have been expected, and should have done my self the pleasure of Answering it, long before this, had I not been informed by the officers here that you was expected down by the first of this month—I recd a return of the Delaware Regiment, in your letter, and you have not only my approbation of your conduct in that matter, but my thanks for the strick attention you have paid to the discharge of your Duty in that Station, tho Temporary, and could wish that that kind of information to Government, was thought necessary to be given more frequently than it is—It is with much pleasure I hear the Regiment is rather healthy than otherwise and hope sincerely that the officers commanding the Regiment will spare no pains to obtain the articles you mention, from the Clothier General's Store, as it will not be in our present situation, be in my power to order them from here; However as there is now a Clothier appointed by this State for that Regiment, I hope they will be better provided for in future—The General Assembly have ordered the sum of eighty pounds to be paid immediately to each officer for his past deficiency, and hereafter to be found at the rates goods were when the officers pay was ascertained—You mention the credit that would arise to the State and the

advantage to the officers in case of more ample provisions made for them than here to fore.

In answer to this, it is my sincere wish that the United States had it in their power to make a provision, for all those who have drawn their Swords in defence of American Liberty and Independence, Equal to their Honorable and Patriotic Employment, which would far exceed even what is now allowed them. and I must confess that, in this general wish, I have a partiallity for the Delawares—But will youth contend with age, when unto age belongeth wisdom? —Will not the weak Bow down before the Mighty, when unto them belongeth strength? and therefore, Will the little Delaware State, Vie with the Antient Dominion? I think never-the-less that your ambition is a Laudable Ambition and ought to Encouraged by every friend to the American Cause.—

Pray make my Compliments to all the Delaware Officers, particularly to Colo. Pope, if he be there.

Sir,

Three days ago I received your Excellency's favor of the 21st Ulto. relative to the depredations the Enemy have committed upon our coasts, and the Resolution your State hath taken to make a vigorous exertion in order to give them a check.

Your Excellency may be assured of our readiness to aid, by our Councils, the measures your State are engaged in. At present there are few, vessels if any in our Ports, and the Embargo on Provisions operates with us as a general one. However, if a general Embargo should be found necessary, the privy Council will no doubt readily concur with me in the measure for the sake of union,—and in the meantime directions will be given to the several Collectors, not to clear out any outward bound vessels until further Orders from me.

With respect to a union of Force; that matter will rest intirely with the Generaly Assembly, which lately adjourned, after a long Session, and is not to meet before the 17th May—I shall expect to hear from you, and hope your Excellency's Letter will meet with a Quicker passage than the last.

Some seventeen or Eighteen months ago. General Smallwood, in Virtue of and order of Congress, Seized and imprisoned Thomas White Esquire of this State on Suspicion, as is said, that he held Correspondence with the Enemy—Mr. White is still under Parole to General Smallwood, and therefore wishes, if they have any thing to alledge against him, to have a hearing, or to be discharged—as his request seems to be reasonable, you will be pleased to move Congress for that purpose—Mr. White's papers are in the hands of the Honb. Nicholas VanDike Esqr.

I wish you would Endeavour to know how Captain Silas Snow and Mr. Robert Hodgson, late residenters of the State and now prisoners on Long-Island, are provided for, and what probability there is of their being Exchanged—There was Captain Knowls and Mr. Young, prisoners of this State and whose Paroles I now have, Sent to Philadelphia, I think they ought to have been Exchanged for Snow & Hodgson and wrote to our Delegates to that Effect, but have not heard from them concerning it. Captain James Moore and Lieutenant Hyatt of the Delaware Regiment are also prisoners with the enemy and on Long-Island.

I must beg leave to mention to you a matter which gives me and, I think, must give every real friend to American Independence Great Concern—I mean the management in the Quarter-Masters and Commissaries departments—The prices now given and likely to be given for every kind of forage, and provisions together with the Expences of Transporting are so Enormous that I much fear they will in the end, if a remedy cannot be fallen upon, tend verry much, if not Effectually to ruin one of the most glorious Causes a people ever were engaged in—It is difficult to know how these people manage their business, but it appears strange to me that they should necessarily be obliged to give such Extravagant Prices. When there is no other Market for those articles—but be this as it may, I must beg leave to submit it to you Whether every purchaser in the Quarter-Master's and Commissaries departments to, being obliged to submit his accounts to, and obtaining the Certificates of their having passed the Inspection of the Supreme Executive Authority comprehending the district to which they belong. or such other as they or the Congress might constitute for that purpose— would not in Some Measure be a remedy—for tho' people in General are not willing to become informers, they are generally free to say the Truth when called upon, Especially where they are known and can have an Easy access. However it appears Clearly to me that there is an evil, and would wish to submit the contriving a remedy to the wisdom of Congress—I am persuaded that you have seen & heard enough of this matter to be convinced that the public are much Injured. and your own good sence will better direct you how to remove the Injury than I possibly can— I rest assured that you will, from time to time, let me know, so far as this State ought to know, how matters go on in Congress, and that you will freely give me your friendly advice in Conducting the business of my department, your advice, especially as you are now situate, may Cause my acts, the better to correspond with my wishes for the public wellfare. you will pleased to make any Compliments to Misssrs. I am informed by Congress that Captn. I would order a Sufficient Guard to take them into Custody and have them sent to Philadelphia at the most Moderate expence possible and that the Expences shall be paid immediately on their arrival at Phila. —You are therefore as Genl. Dagsworthy, I understand, is from home, first to know whether they are secured and sent to Annapolis, if not immediately to order a Guard of about 20 men from your Regt. direct their being sent to the lower end of this State. Where your Guard may take charge of and bring them to the lower end of this County or to Dover, and there deliver them to a Captain and guard with an account of Wages and Expences which account is to be delivered to me so that the money may be had of congress for their use. —This letter goes by an Express by whom you may forward a message to the Neighbourhood of Senepuxent in order to have the prisoners Conveyed to this State—you may also direct this Express to wait for and bring you an answer—You will be pleased to pay due attention to these Orders immediately on the Receipt of them, and inform me as soon as possible what you shall have done therein.

Sir

The refugee Boats have taken many of our shallops, and also a great number of people belonging to this State all of whom as well passengers as others they have laid under parole to appear at New York within thirty days from the time of signing the parole- many of whom seem to show an inclination to go there. I should be glad to have the opinion of Congress, through you, how far this plan of their's ought to be complied with, or whether the executive authority of the State ought

to interfere in it, least under pretence of being under parole a great number of the inhabitants may establish an intercourse with the enemy injurious to the State. Be pleased to let me hear from you as soon as possible.

By Sergeant Eshom I have sent a James Cooke and a John Bryan of the Delaware Regiment. They have hitherto behaved so ill that the officers of the Regiment when they Marched to the Southward left them here, and advised their being put on board one of the Continental Frigates, if you approve of this you will be pleased to order the necessary Steps to be taken for that purpose if not, I would submit it to the Board whether it will not be best to order them to Join some Regiment in the Pensylvania Line, until they may have an opportunity to Join their own Regiment now in South Carolina It may be necessary that the Sergeant, who is ordered here on the recruiting service, should have a rect. for them--I am Yours

CAESAR RODNEY TO THOMAS RODNEY

Dover, Sept. 3'rd. 1780

Sir,

We have within a few days past had several very alarming accounts from the Southward, by way of Wilmington, Christiana Bridge &c. Some are that the whole of the Maryland Line, which no doubt includes the Delawares are cut off; others, that a few escaped. Yesterday afternoon I received an account of this matter from Gen'l. Patterson in writing. It is the most favourable of any and yet too shocking for an American ear. He thus relates it. "That on the 10'th of August at night General Gates marched to surprize General Cornwallis at Camden, That the enemy also marched the same night to surprize Gen'l. Gates, that the armies by their scouts discovering each other lay on their arms till day. That the two armies then met within eight miles of Camden when the whole engaged; that our people drove the enemy and took two field pieces that then, which I think is unlikely, nine hundred of our militia went off the field, which the enemy seeing rallied, being then much superior, and a most bloody engagement came on with bayonets, that our

people in the confusion were surrounded, the Maryland line cut all to pieces; Gen'l De Kalb supposed to be killed--Gen'l. Smallwood killed--Gen'l Gist killed--Col. Gunby killed. Gen'l Gates with persuasion brought off by his aids----said about 400 only escaped--besides the above militia." These accounts have filled the people in general here with deep concern, but it is impossible to paint the distress of those who have friends and connexions in that little but brave band of officers. I wish you would furnish me with the particulars of this affair as fully as possible. Endeavor to know whether Johnny Wilison has fell or not. Sally is greatly distressed and I think she could not suffer much more if he certainly has fell. Your situation is such that I am disappointed in your not writing to me on a matter of such importance before now. My love to Betsey & the children.

I am, Sir, yours, &c &c

Some three or four days ago I received your Letter of the 24th Ulto. informing me that you had appointed Donaldson Yates Esqr., of the Eastern Shore of Maryland to be deputy Quarter master for the States of Delaware and Maryland, and requesting the approbation of the Executive authority, so far as the appointment respected this State--In answer to that part of your letter I have inclosed you a Copy, from the Minutes, of the President & Privy Councils determination I very much approve of your plan with respect to the Transportation of Supplies from this State therefore if his Excellency the Commander in Chief, shall think proper to countermand his order as to the place of deposit except the article of wheat to be manufactured into flour, and you will make that known to me. I will immediately give orders to the receivers to forward the Supplies to Trenton I shall issue orders to the receivers concerning the article of Horses.

GEORGE READ TO MAJOR GEN. RODNEY.

Dover 21st. December 1777.

Sir

I have this moment received Information by Letter from His Excellency General Washington, that he has Reason to believe that the Enemy mean to establish a Post at Wilmington for the Purpose of countenancing the Disaffected in the Delaware State, drawing Supplies from our country, and securing a Post upon the Delaware River during the Winter; that he has detached General Smallwood with a respectable Continental Force to take a Post at Wilmington, but this he apprehended may not be adequated to the Business, therefore he expects that I will call out as many Militia of this State as I possibly can to rendezvous without Loss of Time at Wilmington, and put themselves under the Command of General Smallwood--In Consequence of this Application I must desire that you will forthwith issue your Orders to the Officers of the Militia, particularly of your County, to examine into the State of the Arms & Accoutrements of the Men, that the same be put into the best Order that your Circumstances will admit and be prepared to march upon the first Notice--The General Assembly have ordered that the Six Hundred Militia, directed to be raised by the Resolution of Council of the 29th October last, should be continued for other two Months in the Service of the State, therefore I desire that you would issue your Orders for compleating the Companies, particularly those of Kent County. As I expect that you will, upon the first Notice of the Enemy's Attempt to seize the Post at Wilmington order the march of that Corps of Men as well as such of the Militia of Kent as may be got together.--I rely on your paying a particular Attention to the State of the whole Militia and issuing such Orders as you may deem necessary for complying with the Requisition of General Washington; and in Case of ordering forth the whole Militia I would recommend the Mode prescribed in the Act for establishing a Militia in this State for making a Signal of Alarm, to be adopted, that we may have it in our Power to punish Delinquents--I have wrote to Bridadier Dagworthy mentioning the Purport of General Washington's Letter with Directions to examine into the State of the Militia, their Arms &c. and have them ready to march on the first Notice, and to proceed in the raising and compleating of the two Companies of the afsd. Six Hundred, that had been alloted as Sussex County's Quota.--I shall write to General Patterson to the same Purpose, and I am, with great Regard, Your most Humble Servant,

Dover November 1st 1777.

Sir,

I inclose you a Copy of certain Resolutions entered into by the Legislature of this State with the Approbation of thirteen of the Members of the Assembly signified by their subscribing the same, as they could not nor did not form a House

to do Legislative Acts—The critical Situation of the State, having the Enemy on its borders without any armed force to repel their Attacks induced the Council to adopt the Measures contained in the Resolutions afsd.—therefore I must request you forthwith to proceed in the Nomination of the Officers, and raising of the Quota of Militia assigned for Kent County agreeable to the Scheme and General Orders of Mr. President McKean of the 14th of October last transmitted to you, and that you do appoint a Commissary to supply them with Rations of 1 lb. Meat, 1 lb. Bread or Flour, and ½ a Gill of Brandy or Whiskey per man per day,—3 Pecks of Potatoes for 6 Men per week, or other vegetables in Proportion, 1 Gill of Salt per man per week and 5 lb. Candles for 50 Men per Week for Guards &c.

These Militia when raised are to be employed under you Direction and order in protecting and defending the Inhabitants of the State and their Property from the Attacks and Depredations of the Enemy—In preventing and putting a Stop to all Traffick or Intercourse with the Enemy and generally in opposing and distressing the Enemy by every Way and mean and also to aid the Civil Magistrate when called upon, in the due Execution of Laws—I have not appointed any Person as Paymaster for your Quota of Troops but leave this to be done by you in such Way as you judge best for the Publick Interest—

By the 2d Resolution of the Legislative Council I am directed to draw the Sum of £5000 out of your Hands as Trustee of the Loan Office for Kent County, this I must do by partial Draughts from time to time— I now inclose a Draught for £500 in Favour of Brigadier General Dagworthy which you are to pay to his order when called upon—Another for £1500 in favour of George Latimer Esqr. for the Pay and Subsistance of the Quota of Militia to be raised in New Castle County—I am well convinced of your zeal for and Attention to the welfare of the State and therefore desire that you will as Commanding Officer of the whole Militia give such Directions from Time to Time as you may judge necessary for the Rendering the service of the 600 Militia afsd. or any other part of the Militia in this State, you may order forth to support them, as useful and effectual for the Protection and Defence of the State as may be—I wish you Success in this busincess and am with great respect Your Most obedient Servt.

THOMAS RODNEY TO GENL. PUTNAM

Chester Tuesday decr. 18th 1776

I have inclosed all the prints that I have got—There is a hand bill of Congress insisting The people in the warmest terms to turn out and defend their Country—There is a bounty of 7 dollars to Ten given by the Assembly of Pennsylvania to all the Militia that will Turn out—I have seen a great number of officers from Camp no two of which Tell the same story about one fact—I have heard that Lee has joined Washington—again that Washington has crossed into Jersey—again that none of these things have hapened—again that Lee has given the Enemy a drubing, again that Lee is Taken prisoner—and again that the enemy has retreated before

him &c.—And the news of this day is that Lee is actually Taken—I had this information from Col. Price & two other Maryland Officers this afternoon, viz. that Genl. Lee heard 4000 Hessians, were coming to attack him—that he took 11 men, & went 4 miles from his camp to reconitre them & puts up at the House of a Tory who gave the Enemy word of his situation—that How immediately sent off 70. Light Horse who Took him Prisoner & rode of with him without giving him time to git his hat That Genl. Washington rec'd this acct. from Genl. Sullivan by Express—That Col. Stone had this from Washington & then officers from him—But I believe none of all this—nor anything I have heard since I Left Kent—nobody knows any thing about the designs or actions of the General & yet every body seems to know everything—It was reported as a fact at New Castle that I was taken very sick at Cross Roads & turned back—& a few Hours before we arrived at Wilmington it was affirmed that all the Company had got discouraged & gone home again—Judge of the rest by this—we are all at Chester now in very good Health and the highest spirits—and we have had the pleasure on our way of receiving the prayers & blessings of men women & Children—the whigs sincere & the Tories disembling—& the Country seem inspired with new spirit as we come—newcastle County is orusing fast. Three Companies have marched already—and many more will in a few days—Pennsylvania is marching in by 100 dreds & by 1000's— The Best judgment I can form of the Situation of the Army—Is that Lee has about Ten thousand men (this upon the information of Genl. Mifflin to a Lady in this Town who told me she had from him the day before yesterday) and is well posted about 25 miles from the Enemy—That Genl. Washington has about 16000 men extending from opposite Trent Town several Miles up the River—That the Enemy continue from Trent Town to Prince Town &c—That Genl. Gates is at or over the North River bring'g. up 3,000 Regulars & 8000 Militia to Reinforce Genl. Lee &c. They took 12 Light Horse which were wounded. into Phila. last Saturday— We met the Philada. Tories and other Prisoners under Guard today going to Baltimore—I could go on a half Hour longer but cut the ball of my fore finger with handle of a knift and it prevents my being able to hold the pen any longer for this time but hope by the first opertunity after Tomorrow to give some information that you may rely on—but this for the present I think Philada is and will be safe this campaign—My love to Betsey & the Children & all friends

Wilmington Septr. 5th 1780.

Sir

I wrote you an account of the Battle to the Southward as the inteligence came to hand, which was intended to be sent by Mr. Hill who was at Dover about his wheat, but he went by without My seeing him, and the first opertunity I had afterwards was by Mr. Coakley, who (as I was informed by Mr. Banning & Pryor) did not git down till yesterday tho he said he should be down the day before—The accounts at that Time were very uncertain & I waited with great anxiety to git a more perfect account before I sent of my Letter knowing very well that the

friends and relations of the Delawares would be greatly distressed on hearing the wild and extravagant reports circulating—Since I wrote last Col. Ramsey has been in this Town—Says he saw Genl. Gates letter to Congress—That it contain'd only a very Uncertain account of the Action for when our Line Charged the Enemy with fixed Baynets (which was done by the Line with such success that they got several pieces of the Enemies artillery) the Militia got into disorder and the Generl. retiring to rally them the British Horse took advantage of their confusion, broke through the line and Routed them & the Genl. being thus separated from the Army in the heat of Action was pursued by a party of Horse 24 or 25 Miles, which was the reason he could give no certain account How it Terminated But expected from the circumstances mentioned that they were totally Routed. Some Gentleman (said to be one of the Engineers) has passed up since (but I did not see him) who says that there were only 900 of Our Regular Troops Engaged in the Action, that some where between four and five hundred of these were killed and taken prisoners, and that the rest made a safe retreat and that in Killed the British suffered much more than our army. That the remainder of the army which was the greater part, Artillery, &c. were in the rear 20 or 30 miles, I have some hope the Delawares were among these but cannot learn particularly—These favourable accounts are much increased in Credit by the Accounts Doctr. or Parson, Montgomery gives—He left the Army the 3d of August, 70 miles from Camden; and says that the whole of the different Detachments & the main army consisted of ten Thousand Men, that they had been scant of provisions but were then plentifully supplyed and in very High Spirits That there was only three British Regiments in Carolina—that one of them was in Charles-Town and Two with Lord Cornwallace—the Rest of his force (Except some Cavalry) was Refugees and Tories, this I had from himself. That you may have all the inteligence that has come to hand at this time I have inclosed you the Baltimore paper of the 29th Ult.—There is a Schooner here which arrived the end of last week in Seven Weeks and five days from Nants & LOrient by which several packets and a great number of Letters for Congress. The French Minister, Counsul, and Commanders, as well as to many Gentlemen and Merchants all of which we forwarded by Express on Saturday to, as afsd. The passengers (several gentlemen) that came in this vessel inform us that the Brest part of the second Division of the French fleet with five thousand men on board Sailed before they did, and were to be Joined in some certain Lattitude &c. by the other 6 or 8 Ships of the Line from Toulon which had also sailed, but they saw nothing of them on their passage—The disturbances in England, Ireland and Scotland still rage in such a Manner that the King has thought proper to Secure himself in the Castle of Winsor—And their was a report in France when this vessel sailed that he had fled to Hanover—

Wednesday 6th

This day I shall set of To Philada. probably by Mr. Banning shall have an opertunity of writing you more particularly of the late action.

or the first safe opertunity) an immediate Supply of Cash, I would wish that some active Whigs would promote the same thing in Kent & Communicate the same to Sussex—Mr. Rumford & myself subscribed two thousand Dollars for this purpose and suppose others will follow in proportion &c. I wrote you at Philada. by Mr. Banning and then mentioned that the Delawares were not in the Action to the Southard which I was convinced of then by the best information I could git in Philada. but by the inclosed Copy of a Letter from Capt. Hagon of one of the Maryland Regiments it appears otherwise—Tho in other respects his Acct. Seem very inaccurate and uncertain—He does not mention what persons are killed or wounded, nor who, nor what number has excaped; and by his manner of expression it is Uncertain whether only one Captn. or more are made prisoners, but I suppose only one; and as he has mentioned the officers at least the number made prisoners I should supposed he would have mentioned those that were kiled if he had known of any—His letter is dated the 22d and Governor Caswells the 23 whose account I mentioned in my last—We make no doubt but in a few days we shall have a particular account of this matter from some of our Officers—

25 Baggs of Coffee 25 Baggs of Cocoa & 2 Baggs of Cotton of the Genl. Gates Cargo Came in by the St. Patrick—Both Cargoes were Divided to Day among the Owners and Your Share was Left in the Hands of Mr. Rumford and he wishes to have your directions about it—

We are informed that a Certain Donalson Yates of Maryland is appointed a Q. Master for this State as well as Maryland, which (If I recollect the plan of Congress) is inconsistant with it—And as the citizens of this State gits very few appointments out of it I think it is but just they should have the benefit of those in it unless no fit person could be found— I believe there is several fit persons in the State that would accept of this appointment but I shall only mention Captn. Kain and would wish if this matter is not already settled by the Executive of this State in whose power it chiefly is, that our own citizens might have a performance in this matter, I have no doubt it is in your power to do what you think best—As you know Captn. Kain I shall only ad this that being a very modest man he is too backward to apply himself—

It was reported here to day that you have reed a letter from Major Patton, if its so we shall be glad to hear what he writes—It is very healthy up here, as Mr. informs you are unwell and that it is sickly down there I would wish you to come up and stay a while— And if you could git Molley to keep House, Salley could come with you— We are now some better settled and begin to live as if residenters of the place— Hitherto our business has been done to the satisfaction of all concerned and we have already made a comms of £10,000, & business increasing.

THOMAS RODNEY TO CAESAR RODNEY.

Philada. March 2d. 1781—

Sir

Mr. Pryor intending to set of in the morning have set down to mention some news that came to hand today—The minister of France informed Congress this afternoon That the America a 64 Gun Brittish Ship which having been blown of in late Storm being returned To her station in Guardners bay, & by that means the Brittish having a superiorty to the French fleet at Rhode Island it had been thought necessary to order the squadron back from Virginia which he informed had taken Six prizes one the Romulus of 44 Guns & 500 men and two strong Privateers from New York—By advises also recd. today it appears that Cornwallis had passed the Roanoke River—That Col. Lee Had made an attack on a party of his cavalry and killed 13, & taken 30 prisoners and totally defeated the Party—That Genl. was joined by 1300 Militia & 800 Rifle-men—So that great things probably may be accomplished there in a few days—I have given my attendance all this week in Congress and have had an opertunity of seeing how essential it is for every State To Keep up their representation there—Our State will find it much more to their Interest to give a reasonable allowance as will enable their Delligates to stay here, than to be unrepresented—Upon the Confederation being confirmed New Hampshire & Rhode Island having each but one member therefore became unrepresented, they thought it so essential that they moved Congress to adjourn appointing a Committee of the States to Sit till they could be represented —I do not mention this because I wish them to enable me to stay, but because I think they ought to make it an essential point to be represented and that they may enable others to attend that I may attend my own interest at home for nothing that I would wish them to give would compensate for my staying, yet I think it so necessary for the Interests of the State that I intend to give all the attendance in my power Till they git better supplied—

Yesterday the Confederation was finally ratified and confirmed,—At two oclock we had a Colation at the President of Congress'—At five I Dined at Mr. McKeans with the President & Vice President and sundry members of assembly of this state and sundry members of Congress & others—Thus you hear this situation is not yet without the flattering inducements of good company & good Living But as have not yet had it in my power to git lodgins to my mind have not yet been waited on by the minister of France whose custom it is to wait on every member of Congress soon as he takes lodging.

As I may often communicate to you many things which ought not to be publick I shall only request that you will always attend to such things as your own judgment points out to be of that nature which may save me the Trouble of particularising them

I am &c.

We recd. a Letter this morning from the commdr. in chief giving an Account of an action near King's Bridge.

He had lay'd a plan for the Duke De Lazon with his legion consisting of 600 Horse to surprise a post of Refugees at Morrisene and Genl. Lincoln to make a Division in his favour moved down the north River with 800 men in boats while Our Army moved down to take advantage of Circumstances—Genl. Roshambeau also moved forward to be ready to support the Legion- -Genl. Lincoln Landed near where fort Independance stood about four miles from King's Bridge—and before the Duke arrived at the port of surprize an action Commenced with the Brittish and Genl. Lincoln near Harlam which gave the alarm and the Duke finding himself thus disappointed pushed down to the assistance of Lincoln who endeavored to Draw the Enemy of, so that the Duke might turn their flank But they warraly crossed the Harleam in Boats a party of our Army having cut them of from the Bridge- This gave the Commdr. in Chief & his Chief Engineer Dupartail? an oportunity of approaching so near as to recounitre the Enemies works in that Quarter after which the army retired undisturbed—We had 7. killed & 20 wounded —The French army was to join ours on the 7th—

Wilmington April 6th 1778..

Dear Sir/

I have inclosed you copies of the Act of Congress & the President's Letter with a copy of my letter to Governor Rodney which will all point out the Expediency of carrying your orders into Execution, which I now enjoin you to comply with in the most pointed manner, and shou'd the Legislature of this State judge the Act an Infringement of their Internal Police, their application for redress will be to the Power which they Suppose has injured them, as an Officer I cannot with Propriety Mitigate or Suspend the Execution of an Order so express'dly the supreme authority of the United States, my feelings are wide in both Instances but my duty & Honor call upon me in the One Instance to carry the order into Execution in so pointed a light that I can not get over it—add to this I view the Propriety of the Act & the Expediency of carrying it into Execution as a Measure Necessary & Indespensible, for under our present prospects it would be dangerous & Impolitic to Suffer these Men and others of their complection even to be confined in that part of the Country, I view these men not only as Offenders against their own State but against the Continent as men dangerous to the Liberty & Independence of America, in that light congress have ordered them with great propriety to be apprehended had their Offence been simply against their own State they wou'd have been amenable to no other power, nor do I believe in that Instance Congress would have interposed— I cannot agree with you that Military power exerted under the immediate direction of the supreme Civil authority of the United States is superseded by the Civil power of any particular State. Congress have given similar orders in every state against men of that complection & I have not heard of an attempt to Controvert them only in this Instance— —

Tho' at the same time I do not blame you for Suspending the Execution of your orders till you heard from me, as the Suspension was a piece of Politeness due to the Legislature which I make no doubt you had in view

I am with Sincere Regard Your Obedt Hble Servt

Dr Brother

We arrived here Sunday last, and by the time our baggage was in Quarters one of the Phila. Light horse came express for Capn. Rodney, he mounted his horse & rode to Bristol, The Commanding Officer (Colo. Cadwalader) informed him a number of men was to cross the Delaware that night, & desired his company would be ready at 12 OClock. The Capn. informed him we had marched a considerable distance & had no provision cook'd, but would be ready to cross the next evening. The Philadelphia Militia Peraded at 10 OClock that night to the Number of 1200 men & would of cross'd, had not (as I believe) General Washington ordered the contrary, tho' the common Reason is that the commander of the troops in Jersey had desired they should not cross till a few days hence. Our Troops in Jersey was skirmishing with some Hessians all day on Sunday last, yesterday I was in Bristol & Capt. Dean informed me they were then engaged & had been since daylight in the morning,—Two Brigades of Regulars (part of General Lee's Division) is moved from head Quarters near Trentown to this place & the Gundolas is ordered up also which give reason to think the general expects the enemy inclines to move Lower down the river.—Capt. Rodney is now at Bristol should he bring any news will insert it.—We are quartered at two houses, Andrew Allens & — —Coxe his wifes father; about 200 yards distant from each other—Mrs. Allen & 3 children is with us her husband & two of her Brothers with How: Mrs Allen Mr. & Mrs. Coxe are exceeding kind Mrs. Coxe gave a Turkey & goose to the Company at her house & Mrs. Allen has done the same for Christmas Dinner tomorrow.—The Capt. has a small room to himself at Mrs. Allens & as we have but one bed between us I live with him.—

7 OClock Capt. Rodney Returned & nothing New .....

I think I have not been so hearty these 7 years past.

I am your Affectionate Brother,

GEORGE WASHINGTON TO .....

Dear Sir

If any thing of greater moment, than declaring that every word contained in the Pamphlet you were obliging enough to send me, was spurious, had occured, I should not have suffered your favour of the 6th Inst. to have remained so long unacknowledged.—These letters are written with a great deal of art—the intermixture of so many family circumstances (which by the by wanted foundation in truth) gives an air of plausibility, which renders the villainy greater; as the whole is a contrivance to answer the most diobolical purposes—who the author of them is, I know not; from information, or acquaintance, he must have had some knowledge of the componant parts of my family, but has, most egregiously mistaken facts in several instances; tho' the design of his labours is as clear as the sun in its meridian brightness.

The favourable issue of our negotiations with France is matter for heart felt joy—big with important events--and must, I should think, chalk out a plain and easy road to independance, from which, I hope, we shall not depart from a mistaken opinion on the one hand, that the great work is already finished—or, to finish it, adopt measures of precipitation--That G. Britain would have submitted to any indignity from France, in order to seek her vengence upon America. I have not the smallest doubt, but since the declaration of the King of France through the Marquis de Nouilles they have no choice but war; But how under their present circumstances they will conduct it, is a matter not so easily understood, as all their ways have been ways of darkness--that they will be under a necessity of giving up the continent, or their Islands seems obvious to me, if the accounts we have received of the French force in the West Indies be true -Hallifax and Canada will I presume be strengthened, and if they can afford a garrison sufficient, they may attempt to hold New York, unless every idea of subjugating America is given up, in that case their whole resentment will be leveled at France.

The enemy are making every preparation for, and seem to be upon the point of leaving Philadelphia. In my own judgment, and from many corrisponding circumstances, I am convinced they are bound to New York: whether by land or water whether, as a place of rendezvous, or to operate upon the North river, is not yet clear.—our situation here on account of the sick, and stores, is embarrassing, as I dare not detach largely to harress the enemy in case of a land move through the Jersey's before they have actually crossed the Delaware, and then it will be too late, as their distance to South Amboy. will be much less than ours, and no water to obstruct; to which may also be added the advantage of a days march. while they must gain of us,—were it not for the number of our sick (upwards of 300 in Camp) and security of stores, which are covered by our present position, and strength, I could take such a post in Jersey as would make their passage through that State very difficult and dangerous to them; but the inpracticability of doing this, without exposing this camp to insult and injury, is well known to them, and some part of their conduct justifies a report that at all events they will aim a blow at this army before they go off.

If Congress were fully impressed with the disadvantages, and real injury which the service sustains for want of the regimental regulations the inconvinence to, and dissatisfaction of the officers, on account of the uncertainty they are under

with respect to their continuing, or not, when the reduction of Regiment and officers in each Regiment are made, I think they would not delay from day to day for upwards of three months. a measure which a few hours if heartily set about would accomplish; but I have so often, and so fully represented this matter that I shall give them no further trouble on this head as a body.—happy, I own would it be, if these regulations, and our Military arrangements were made, it would be a means of relieving me from a number of perplexing applications, and the service of much embarrassment

I am Dr. Sir yr most obedt. Servt.

GO. WASHINGTON

P. S. I observed what you say respecting the Recruits, rather draughts, in and from Virginia—I was never called upon by the State for officers, or directed by Congress, to send in any to aid this business, but thinking such a measure might be necessary; I ordered the officers of the disbanded Regiments, and such as had gone to Virginia on furlough to call upon, and receive, the governour's orders, with respect to the marching of them to Camp.—That something has been wrong in conducting the draughts, assembling the men &c, admits of no doubt, for out of the 1500 ordered last fall, and the two thousand this spring, we have received only 1442, which is so horrible a deficiency, that I made a representation thereof to the State—I most sincerely condole with you on the loss of your Brother,

I am as before

Philadelphia, 23rd. December 1782

Sir.

I take the earliest opportunity of advising your Honor, That this Day Congress received Dispatches from their Ministers for Peace at Paris, giving Them the agreeable Intelligence of the British King having granted a plenery Commission, under the great Seal of Great Britain, to Mr. Oswald of London, constituting Him a Commission in his behalf "to make a Peace or Truce with the Thirteen United States of America, Viz. "New Hampshire, Massachusetts Bay &c." This Commission (a certified copy whereof is received by Congress) revokes in express words ONE which was made in August last, empowering Mr.Oswald to treat &c. with the Commission, or Commissioners of the THIRTEEN UNITED COLONIES of America, Messrs Franklin, Jay &c. refused to negotiate with the British Commissioner under any Commission, which did not precisely admit, and recognize the

Independence of America. This Refusal operated so powerfully upon Mr. Oswald That He immediately dispatched a Courier to his Court, and He was soon invested with authority to make the explicit Designation, and acknowledgment of our respective, independent Governments.

Congress has charged the Minister of Foreign Affairs to transmit to the several Executives of the States a Copy of Mr. Oswald's Commission and an Extract from Dr. Franklin's letter. I am not at Liberty Sir to enter into the particulars of the Dispatches received, Congress having for wise purposes enjoined the Members to Secrecy: But your Honor may be assured, That our Affairs in Europe wear a pleasing and most promising Aspect.

I beg leave to subscribe myself

PETITION FOR AN ADDITIONAL BILL

To the Honorable the Representatives of the Freemen of the Delaware State in General Assembly met.

The Petition of John Lyon of White Clay Creek Hundred in the County of New Castle,

Humbly showeth, That in the Spring of the year Seventeen hundred and eighty three, your Petitioner then a resident of the Town of New Castle, was applied to by Nicholas VanDyke Esquire then President of the Delaware State & Samuel Patterson Esq., to provide Liquors and other Materials for an Entertainment shortly after intended to be held in the said Town of New Castle in Consequence of the Peace between the King of Great Britain and the United States of America, That the said Entertainment was afterwards had on the fifteenth day of April in the said year, at which time your Petitioner furnished all the Liquor and other Articles requisite therefor, to the amount of two hundred and fifty one Pounds Three shillings and nine pence. That your Petitioner afterwards received One hundred and forty five Pounds fourteen Shillings and six pence, in part of the said sum upon an order drawn by the Sd. Nicholas VanDyke on the said Samuel Patterson Esq. then Treasurer of the Delaware State, but the Balance thereof being One hundred and ten Pounds nine shillings and three pence he has not yet received.

That your Petitioner when first applied to did, and always since has, conceived that the Expense of the said Entertainment was to be defrayed by the Public, the same Entertainment being made, as yr Petitioner understood, principally for the Officers and Soldiers of the Delaware Regiment then stationed in the Town of New Castle— That your Petitioner must sustain very considerable Loss without the Interference of the Legislature in his behalf.

Therefore your Petitioner prays your Honors to take his case into Consideration and grant him Relief in the Premises by devising some Means for the payment of the said Balance of One hundred and ten Pounds Nine shillings and three pence.

And your Petitioner will ever pray &c.

Oct. 22. 1789

We the subscribers, Inhabitants of the County of New Castle, have frequently heard & we do verily believe that Mr. John Lyon the Petitioner in the annexed Petition, did provide the Liquors and other Materials for the Entertainment, in the said Petition mentioned at the Instance of the aforesaid Nicholas VanDyke & Samuel Patterson Esqrs, that the Expenses of the same Entertainment was to be defrayed by the Public as we have always understood. I recollect that in the year 1783 I made one of the company at an entertainment at New Castle which was then said to have been made at the public expense by the then President of the Delaware State, and I have heard that John Lyon the Petitioner provided for the Company those things that were deemed necessary.
