The Delaware National Guard and the Delaware Public Archives are proud to present the American Illustration Collection: The Centennial Exhibition.

This exhibition features eighteen original oil paintings from 1918-1919 by famed illustrators **Frank E. Schoonover**, **Gayle Porter Hoskins** and **Albin Henning** in a gallery setting. These artists are among the most popular and prolific illustrators of the early 20th century.

The paintings were commissioned by the "*Ladies Home Journal*" to illustrate key events and scenes of World War I, and were printed in their popular feature "*Souvenir Pictures of the Great War.*"
